CHICAGO, October 12.—The world's championship baseball series is again won, the local National League team twice defeating the American leaguers (to-day's game by score of 2 to 0). Each team has now won two games. Curious enough, both National victories came from the Americans, while the White Stockings have carried success on their visits home.

Already for the Americans had Brown, for the Nationals the pitchers who opposed each other in the opening game, which was won by Altrock's team, again contested for supremacy to-day. Brown was at his best. He showed nerve, speed, control and intelligence. He gave only two passes, and allowed only two hits. He held the Americans hitless until the sixth inning, when with two out Hahn hit safely to center. Again, however, Brown ended the inning by fanning his opponent.

Looked Dangerous.

The Americans looked dangerous as early as the second inning, with Sullivan first to reach base and reached third on Tinker's searching and lightning out. Kling, always a formidable batsman, was up, and Altrock deliberately attempted to pass him, with the hope that Brown, the best batter, would go out easily after the beginning of most pitchers. Kling, however, reached for one of the wide ones and drove it inside the right field line, Hahn leisurely turning home and saved the day at least temporarily by making a great catch while heading back over his shoulder over ground to hold back the visitors.

The Americans made their only real bid for the game when Hahn reached first on Steinfeldt's bad throw and reached third on a single and an out. Brown, however, checked his career by striking out Isbell, who was again back in the game at short.

The Nationals scored the only touch when the game. Chance sent a fly to short right-field, and reached third on successive hits by Steinfeldt and Tinker. Evers fouled a pretty single over third base and Chance scored.

In the sixth, McFarland batted for Altrock and went out Steinfeldt to Chance. Hahn fell out to Tinker. Then Jones tallied the deciding tripse of his career by walking his first ball over and going to second when a ball got past Kling and hit the umpire. Under the rules Jones was entitled to a base. A good hit would have tied the game at this point, and with Isbell at bat, the hopes of the Americans were high. The big second baseman swung valiantly at a wild-eyed ball and connected squarely. It seemed like a certain skin right at Evers's face. Brown had barely time to get his hands on the ball, and the force of the blow laid him flat on his back. For a moment it looked as if he had been dazed by the ball, but he recovered and threw out the batter, ending the game.

Great Pitching.

Brown had pitched a masterly game, and the good crowd of enthusiasts swarmed onto the field and fought for a chance to pat him on the back. He had fought to fight to get out of the grounds. Hoffman, who had made a magnificent running catch in right-centre of Hahn's long fly, Evers, who had turned apparent hits into outouts, and Captain Chance also came in for their share of appreciation.

The weather was by far the best of the series, and although heavy wraps were worn, they really were not needed.

The attendance reflected the improved weather, the official count showing 15,985 paid admissions. This is the last game in which the players share the gate money. Total receipts for the four games were $61,856, of which $32,401.70 goes to the players. Of the sum accorded five per cent. will go to the members of the winning team. Score:

MATCHED TO FIGHT.

Burns and O'Brien to Meet in Los Angeles on Thanksgiving Day.

LOS ANGELES, CAL., October 12.—Jack O'Brien and Tommy Burns are at last to meet. Manager McCarey finally secured their signatures yesterday to articles of agreement to fight here on Thanksgiving Day. The chief bone of contention was the interpretation of the Marquis of Queensberry rules. The men have agreed to the Siler interpretation to take care of themselves at all times, hitting in the clinches, fighting themselves apart in a general rough-and-tumble style.

This style is believed to favor Burns, who is of sturdy build and who will carry about twenty pounds more avoirdupois than the Philadelphian. He is not nearly as clever as O'Brien with his hands, nor is he as fast on his feet. The men are to contest for a $12,000 purse, and O'Brien insisted on a bonus before he would sign, and Manager McCarey to get the fight was obliged to yield.

FOREIGNERS SAIL.

Each Deplores Conditions of Recent Vanderbilt Cup Race.

NEW YORK, October 12.—Deploring the conditions under which the last Vanderbilt Cup race was held, Camille Jenatzy, Albert Clement, Dr. Aldo Weillschott and Duray, who took part in the race, sailed on the French liner La Lorraine yesterday. Elliott F. Shepard, whose machine killed a man during the race, was on the pier to see his wife sail. He will follow her to Paris next week.

Clement, who goes to Europe to finish his military term, said he might return for the Florida races, but that never again would he race under the conditions which prevailing on Long Island. Clement will report to the French war office when he is stationed as soon as he arrives in Europe. Jenatzy spoke of the crowd but attributed his defeat to the fact that the tires of his machine were punctured twice and their cords not be replaced in time. Duray had the same trouble. He had also declared that the crowd retarded the drivers.

RICHMOND MAKES STUBBORN FIGHT

Fagged by Play With A. and M., They Succumbed to Fine Work of Carolina.

TWO TOUCHDOWNS LAST HALF

No Scores in the First and Many Pretty Plays Were Made.

(Special to The Times-Dispatch.)

CHAPEL HILL, N. C., October 12.—Carolina put it on the sturdy eleven from Richmond College this afternoon to the tune of 12 to 0. Both touchdowns were made in the last half, when the Virginians, who contested strenuously for honors with A. and M. yesterday, were fagged out and not careful enough of defense.

The Tar Heels confidently expected to pile up a good score on their side of the board and keep the Richmonders on the proper side of the goal, but the stubborn resistance they met in the first half settled them. They were right against the visitors' goal two or three times, but were each time sent back toward the centre of the field.

The half closed 6 to 0, but the game yesterday began to tell on the Virginians in the second, and distance making became easy for Carolina in the first five minutes by a couple of forward passes and a forty-yard run by McNeill around end and a hard plunge through the lines he had carried the ball across.

Captain Sterry kicked the goal without trouble. Miller sent the ball almost to the goal at the second kick-off, but Dunlap returned 20 yards. Davis carried it down the field 20 yards further in a forward pass, and McNeill added 40 yards to this on an end sprint. Captain Sterry attempted a line plunge but failed to gain, whereupon he kicked. McNeill received the kick and carried it to Virginia's 5 yards. Sutton fumbled here and a blue and red jersey tumbled on the ball without attempting to gain distance. Mench kicked for 20 yards, but the remarkable Mr. McNeill brought it back 25 yards, and it was but 8 yards more from Richmond's goal; the rest was easy. Two plays and the ball was across again, and Captain Sterry added an extra point by a successful kick. Neither goal was in danger during the remaining five minutes of play.

When Richmond gained in the first half it was usually Leathers who made the gain. He made two long end runs on a fake play. Miller and Mench were held at home when it came time to kick. The following is the line-up:

BOSTON WOMEN IN TRIAL FOR TITLE

Miss Adams and Miss Custis to Contest To-Day for Golf Championship.

WEST NEWTON, MASS., October 12.—Two well fought matches at the Brae Burn Country Club to-day landed Miss Mary B. Adams, of the Woolaston Golf Club, of Boston, and Miss Harriet S. Curtis, of the Essex County Club, Manchester, Mass., in the finals of the women's national golf championship. These two players, both of whom are residents of Boston, will play an eighteen-hole contest to-morrow for the title, and also to see which of the two clubs they represent shall have the custody for the coming year of the beautiful trophy presented some years ago by Robert Cox, of Scotland.

Of the two matches in the semi-finals to-day that between Miss Adams and Mrs. R. H. Barlow, of the Merion Club, Philadelphia, was the most exciting, and well rewarded the 300 or 400 people who trailed along after the players. Miss Adams won on the seventeenth green, two up, one to play.

TEWKESBURY AND FLYNN REMATCHED

PHILADELPHIA, October 12.—Edward J. Flynn and J. W. B. Tewkesbury were rematched yesterday after an all-day wrangle. Tewkesbury is to give Flynn two yards handicap in 100 and a race for $1,000, $500 a side. The officials chosen were: Referee, Richard H. Kain, Philadelphia; Starter, George Turner, Philadelphia; Starter, George Turner, Philadelphia; Stakeholder, P. H. Durkin, proprietor Coyne House, Scranton; Flynn's backer, Owen McNally, of Girardville; Tewesbury's backers, C. C. Deckelneck, of Taylor Hotel, Scranton, and Jack Roden, of this city. The date of the race was chosen as Saturday, November 3d, at Minooka Park. Great excitement over the race was occasioned among the backers and supporters of Flynn. The race promises to be the most bitter contest ever decided in the coal regions.

The great coal region sprinter, Scanlon, his manager says, is a 9 4-5 seconds man on a good track. The path at Scranton on Wednesday was heavy and holding and, coupled with Flynn's poor start, he was beaten in the first fifty yards. The miners have not lost faith in Flynn, and will back him for $1,000.

Stake for the Abbe.

LEXINGTON, KY., October 12.—The Abbe won the Kentucky stake for three-year-old trotters in straight heats; Kid Coaster, second; Daffodil, third. Governor Francis and Sheeney were distanced in the second heat; Kid McGregor was distanced in the first heat. Time, 2:12 3-4; 2:10 3-4.

WANT CLEVELAND FOR SENATE NOW

(Continued from First Page.)

to point out "the man who defeated President Johnson for the Senate."

John Quincy Adams, after he had served a term in the White House, was elected to the House of Representatives in the Twenty-second Congress, and was reelected eight times in succession, serving eighteen years in all, after having completed his term in the White House. He died in Statuary Hall at the Capitol, February 23, 1848, the place where he expected being stricken by a stroke.

Just what position would be accorded Mr. Cleveland should he enter the Senate is a matter of speculation. Of course, he would receive most respectful consideration as an ex-President of the United States, and would take his seat on the Democratic side of the chamber. There he would be in hearty sympathy with the minority, if not to be believed. There is no denying that there are many Democrats in the Senate now who are not the sort of Democrats Mr. Cleveland claims to be. The party has changed in the decade which has passed into history since President Cleveland sat in the White House. Whether the Democrats in the Senate to-day are better Democrats than Mr. Cleveland is a question which is constantly necessitating the closing up of Democratic ranks.

MORAN WILL MAKE FIGHT FOR CHAIR

Declares, However, That Bryanism and Hearstism Must Be Eliminated From Contest.

BOSTON, October 12.—District Attorney John B. Moran late to-night formally announced his acceptance of the nomination for Governor tendered him by the Democratic convention. For several days there had been considerable doubt as to whether Mr. Moran would remain in the field. He has not accepted the resolution endorsing William J. Bryan for the presidency, which was adopted by the Democratic State Convention. He says that "Bryan and Hearstism" must be eliminated from the contest.

In his letter, Mr. Moran says: "I am attached in no way to either Mr. Bryan or Mr. Hearst. Mr. McFarland and Mr. Williams know that I vetoed the suggestion that Mr. Bryan speak for me in Boston. Mr. McFarland and Mr. Eddy know that I vetoed the suggestion that Mr. Hearst speak for me in Boston. This is to be a State fight, not a national one. Bryanism and Hearstism must be eliminated from the contest.

HEARST ACCEPTS: MAKES PROMISES

Line Clearly Drawn Between Special Privileges and Equal Opportunity, He Says.

ELMIRA, N. Y., October 12.—William Randolph Hearst to-day formally accepted the Democratic nomination for Governor of New York State in a letter addressed to W. J. Conners, chairman of the Democratic State Committee. The letter says in part:

"I accept the nomination of the Democratic party, bearing in mind the record of that great party in the past, and knowing that the membership of the party is determined still to be ruled by the principles of Jefferson and Jackson, and guided by Democracy's ideal, the greatest good for the greatest number.

"It cannot be denied that certain individuals and classes have at times secured the control of the machinery of the Democratic party and attempted to use it for their own personal or class profit.

"The duty of true Democrats is to deprive of all authority within the party those who represent only special interests and who seek to promote such interests at the expense of the general welfare.

"The Democratic convention at Buffalo did this in a most conspicuous and effective manner. Democrats, so called, but seekers after special privilege in reality, were driven over into the Republican party where there of their class flock.

"The line is now clearly drawn between special privileges on the one hand and equal opportunity on the other.

"The property rights of every man and of every organization of any kind must be respected, let us-day, as in the days of Jackson, it is necessary to declare that no power shall rise up greater than the government or menacing to the government.

"The Democrats of to-day must declare and they must mean that no matter how great the wealth of individuals or corporations, that wealth must not be an irresponsible dominating power in government.

"I promise faithfully, if elected, to do all that I can, as a citizen of the United States in office, to realize and apply the great principles of the historic Democratic party.

"And I pledge myself to work with others to rid the Democratic party, and, so far as possible, all branches of government, of that plutocratic trust element that seeks to rule both parties and to destroy the Democratic party utterly."

ARRESTED FOR MURDER OF HIS SISTER-IN-LAW

WINCHENDON, MASS., October 12.—Henry Wood, who is suspected of having shot and killed his sister-in-law, Mrs. Ida E. Wood, at her home here last night, was found in bed at his home early to-day with his throat cut by a razor. The wound is not dangerous. Wood was placed under arrest on the charge of murder and removed to the police station.

Near the bed in which Wood was found stood a loaded shotgun, and in the road between the house and Ira Wood's residence was found a shell which fitted this gun. Mrs. Wood was killed by a charge from a shotgun. The motive for the crime is not known.

POLICE HOUNDED THE PICKPOCKETS

Mental Strain in Keeping Lookout Has Been Torturing to Visiting Gentry.

The city police, aided by the county officers, again did good service at the Fair Grounds yesterday. But in spite of their vigilance, gangs of light fingered gentry undoubtedly managed to secure a meagre living out of their day's haul. During the past two days several coteries of pickpockets have been spotted by the detectives, who made their life so miserable that they had to leave town. An instance of this was at the horse show Thursday night, when two young men were hounded so closely by Detectives Wren and Bailey that they cleared out and have not been seen since.

Charles Fleming, a colored laborer, went to empty a barrel of water standing in front of Gilbert's Hotel, Eighth and Franklin Streets, yesterday noon, and when the barrel had been turned upside down, out came ten purses and pocket-books of all sizes, round, square, long and short, and of all materials from alligator to imitation leather. In the pile was a note book. One of the purses contained a draft on a man in Atlanta. Of course, pickpockets would not venture to carry such evidences upon their persons.

The articles were turned over to Sergeant Howard, of the First Police Station.

Just before the last race at the fair yesterday all of the farro, roulette, and other games of chance in the bar under the grandstand, closed up suddenly. It was stated by several persons that the reason was one of the county officers had caught a pickpocket at work among the crowds which stand around the games, and as a result had ordered all of them to quit business.

A man came to two of the city detectives at the fair yesterday afternoon and in an excited tone related how his brother had been done out of $65 and two gold watches by a palmist while his hand was being read. The detectives were hurried to the booth, where the brother stood guard over the unlucky palmist.

A search of the fortune-teller failed to reveal the desired articles, and then the brother was asked if he was sure he had been robbed. A more careful investigation of his own clothing resulted in his finding the missing articles in his pants leg, where they had slipped down. The extra watch belonged to a lady.

Although the police have received very few complaints, there have undoubtedly been many pockets picked for small sums, which were considered too unimportant for reporting.

Mr. Dannehl Here.

Mr. Henry Dannehl, president of the Fredericksburg Fair Association, is attending the Richmond fair this week, and is greatly pleased with its success.

"The people have every reason to be proud of the Richmond fair," he said last night, "and by all means it ought to be kept up."

CASE GOES OVER UNTIL MONDAY

Further Evidence in Conspiracy Hearing Against Standard Oil Company.

FINDLAY, OHIO, October 12.—After a two-hours' session to-day the trial of the Standard Oil Company, of Ohio, charged with conspiracy against trade, was adjourned until Monday.

The proceedings to-day were the taking of testimony of three witnesses summoned by the prosecution. By evidence of the county recorder, this was established in the Standard to a certain lot in the city of Findlay, on which is located their coal oil distributing station for the jobbing trade. Oil Inspector B. C. Shaffer testified that the oil of the Standard sold in this locality was obtained from the Solar Refining Company at Lima.

At upper Sandusky and also in his inspection territory they received the oil from the Standard refinery at Cleveland.

J. M. Scott, local agent for Joseph Seep, purchasing agent, occupied the greater part of the session, showing the method of purchasing crude oil from producers. He said that the oil he purchased and paid for by Seep's checks was transferred to the order of P. S. Trainer, Oil City, Pa.

The producer was paid for his oil by check on Joseph Seep. The oil was transferred to P. S. Trainer. He had facilities for having oil in the pipe line of the National Transit Company in New York and Pennsylvania; in the Indiana Pipe Line Company's pipes; in the Eureka Pipe Line Company, of Pittsburg; the Cumberland Pipe Line Company, of Kentucky, and the Buckeye Pipe Line Company, of Ohio.

All of this oil was transferred to P. S. Trainer, whose headquarters were at Oil City, Pa. Witness had never seen P. S. Trainer. Trainer's drafts were on the Seaboard National Bank, of New York. Witness said his purchases averaged from fifty to seventy-five thousand barrels of oil per month.

The witness did not have personal knowledge of any competition in the buying of oil, but he had heard of it. Before coming here he bought oil in Allentown, N. Y., for Mr. Seep. In his business here the witness said that the telegraph lines of the Buckeye Pipe Company were used. He paid no tolls for the use of these wires.

CASE POSTPONED.

Have Hearing for Alleged Criminal Assault in January.

Before Judge Clopton in the Henrico Circuit Court yesterday at the request of Mr. Shelton, attorney for George C. Andrews, a street car conductor, who is charged with attempted assault upon Ira Bane, a twelve-year-old white girl, the case was postponed until the second Monday in January term of the court.

Mr. Shelton said that his associate, Mr. Fuller, was unable to appear on account of illness, and that he, himself, had just returned from the North and did not have the case in hand.

Attorney Shelton asked that Andrews's bail be reduced from $3,000 to $1,500. Not having heard all the evidence the judge referred him to Commonwealth's Attorney Wendenburg.

Judge Clopton set the trial of Jackson for next Monday.

WARMER WEATHER.

Temperature Much Higher Yesterday.

After the frost and chilling spell of Thursday night there was a considerable rise in the temperature yesterday and last night. At 9 o'clock yesterday morning the mercury stood at 41 degrees. From then on it gradually rose until it reached the 55th degree mark at 3 o'clock in the afternoon. At midnight the thermometer stood at 45 degrees, and dropped very little after that.

Reports of considerable damage have come in from the nurserymen. Chrysanthemums, dahlias and other fall blossoms suffered heavily; all of the early flowers being ruined where they were out in the open.

Charged With Theft.

Harriet Johnson and Eddie Jones, both colored, were arrested last night by Captain Tomlinson on a warrant sworn out by J. W. Wood, charging them with unlawfully and feloniously beating him, and stealing a silver watch valued at $12. The prisoners are held at the First Police Station.

For unknown reason, perhaps to escape the charge of robbery, Jones went to police headquarters yesterday afternoon with the watch and turned it over to Clerk Pollock, saying that he had found it on the street.

Finds Bride at the Fair.

Miss Daisy Alvis, of Powhatan county, and Mr. Leonard L. Bensen, a prominent citizen of Henrico county, were married by Rev. Mr. G. H. Spooner Wednesday afternoon at 6 o'clock in the parlor of his home. The couple are to stay in Richmond until after the fair, when they will visit points of interest throughout the State.

"MOONSHINE" MAN IS HEAVILY FINED

Wayne R. Gooch, Famous Illicit Distiller, Pleads Guilty to Charge.

One of the most famous illicit distillery cases tried here in many years was disposed of in the United States Circuit Court yesterday, when Wayne R. Gooch, of Mecklenburg county, pleaded guilty to the charge of conspiring to defraud the government, and was fined $1,000 by Judge Waddill.

Gooch was known to the United States authorities as "King of the Moonshiners," and operated perhaps the most elaborate illicit distillery plant in Virginia.

He was jointly indicted with Robert W. and Crosslee Jones, who were his managers, and they were fined $100 each, all of which costs will have to pay, along with the costs.

He is said, however, to be amply able to stand the expense of such a trial, as his worldly possessions are fixed at about $50,000.

Captain Charles Gee and Deputy D. F. Hambrough had charge of this case, having made the arrests and confiscated about $2,000 worth of property.

The plant operated by Gooch was in Mecklenburg county, near Jeffress, and was surrounded by some 1,500 acres of land, all owned by the proprietor.

District Attorney Lewis and his assistant, Mr. Robert H. Talley, prosecuted the case, and the defence was conducted by Judge Henry Wood and former Congressman Robert T. Thorpe.

The officers are pleased with their work, and believe they have succeeded in breaking up the illicit plant.
