RATE OF LOANS AFFECT MARKET

Good Deal of Uncertainty in Movement of Prices Noticeable Yesterday.

NEW DEMAND MADE FOR GOLD

Bank of Brazil Gives Up Three and One-Half Million Dollars. Bank of France to Rescue.

NEW YORK, November 21.—There was a good deal of uncertainty in the movement of prices of stocks to-day, the varying fluctuations being mostly traceable to the changing course of the rate for call loans. When the rate ran up to 10 per cent in the first hour, the resulting downward movement of stocks was fairly comprehensive. Afterwards the market showed no very consistent tone. The action of the money market was puzzling. The rise of the two previous days was in spite of factors supposed to be working for the replenishment of loanable funds, while to-day's easing of money conditions seemed inconsistent with the cessation of some of yesterday's favoring influences. The recent upward course of New York exchange at Chicago was reversed to-day in spite of the attraction of the money rate of yesterday and this morning. A change was quoted at Chicago at 10 cents premium, compared with 20 cents per $1,000 yesterday. Foreign money markets were disturbed by the new demand for gold from Brazil, which is making inroads on the Bank of England, but the $3,500,000 withdrawn from the Bank of Brazil to-day was partly compensated by gold reserved in the London market and by over $1,000,000 received from Paris. London sentiment was quieted by reports of additional sums to be relinquished by the Bank of France for London. Time money rates here continued to recover from Monday's recession, in spite of the decline in the later call loan market. This yielding of the call loan rate proved an effective argument for renewed strength in stocks, notwithstanding the obscurity about its cause.

Profit-taking by the professionals affected the whole list late in the day, and the closing was irregular and generally below the best.

Bonds were irregular. Total sales, par value, $2,134,000. United States 2's, registered, declined 1-4 per cent, on call.

Total sales of stocks to-day were 948,800 shares.

MONEY AND EXCHANGE: CLOSE—Money on call strong, 4@10 per cent.; ruling rate, 6, closing bid, 4; offered at 4. Time loans strong; 60 days, 7 1-2, 90 days, 7@7 1-2, six months, 6@6 1-2.

Prime mercantile paper, 6@6 1-2 per cent.; sterling exchange steady, with actual business in bankers' bills at $4.87@4.87 for demand, and at $4.84@4.84 for sixty-day bills. Posted rates, $4.81 1-2 and $4.86 1-2. Commercial bills, $4.83@4.83 1-2. Bar silver, 71 1-4 cents. Mexican dollars, 55 1-8 cents. Government bonds easy. Railroad bonds irregular.

COTTON MARKETS.

NEW YORK, November 21.—The cotton market was active to-day and had a strong advance following the census report, with prices making a new high level for the bull movement. The market closed very steady at a net advance of 26@28 points. Sales for the day were estimated at 550,000 bales.

The opening was steady at a decline of 2@4 points in response to lower cables, but prices almost immediately rallied on covering of shorts and buying by spot people, which was encouraged by the reports of rainy weather from the central belt, continued firmness in the Southern spot markets and the light estimates for to-morrow's receipts at Houston. The market worked up to a net advance of about 9@10 points on this demand, then reacted slightly, but showed a generally steady undertone with fluctuations narrow and irregular until the census report was published, showing 8,531,496 bales ginned to November 14, against 7,501,196 last year, and 9,784,448 bales two years ago. The report was followed by a strong advance on local and Southern bull support, and the upturn caught some stop-loss orders on the short side, carrying January to 10.50 and March to 10.66, or about 32@34 points net higher. The close was off from th best under realizing, but very steady.

Estimated receipts at the ports to-day were 68,445 bales against 60,974 last week and 57,971 last year. For the week 419,000 bales against 412,648 last week and 391,192 last year. To-day's receipts at New Orleans 24,086 bales against 18,315 last year, and at Houston 30,491 bales against 14,696 last year.

Cotton futures closed very steady.

BOSTOCK OPENS WITH BIG CROWD

With a blare of trumpets and fanfare of bugles, the Bostock Arena was opened to the public last night with every act complete and every one an attraction. The crowd present was a record-breaker, and the large dancing pavilion was much too small for its accommodation. All the acts were good, and were liberally applauded.

The performance which excited the most comment among the spectators was the elephant act, under the direction of Charles Miller, otherwise known as the "Elephant King."

Senorita Davilla, with her leopards, also took the audience with her daring exhibition. To see this slip of a girl go among the most treacherous of the denizens of the forest without so much as a quiver of fear, and to make them do her will in every particular, took the audience by storm, and the applause was tremendous.

Rinaldo, with his lions, bid fair to be a worthy successor to Bonavito, who took the hearts of the Richmond public four years ago. His lions last night showed a fighting spirit which took a long time to overcome, but they were finally made to go through the act without a single stunt left out.

On account of the illness of Caesar, the big performing camel, the camel act was foregone last night and Miss Jeanette did not appear in the arena. When Caesar gets well the act will be given as it was in the hippodrome in New York, and where it was pronounced a novelty unexcelled.

CHICAGO MAN HELD ON CHARGE OF BURNING WIFE

CHICAGO, ILL., November 21.—Henry Pipinau was to-day held for the grand jury on the charge of murdering his wife by pouring gasolene on her clothing and setting fire to her. Mrs. Pipinau was badly burned a few days ago by a fire which broke out in her home, and to-day at the coroner's inquest the answers of Pipinau were so unsatisfactory concerning the cause of the fire that the coroner ordered Pipinau's arrest.
