PUBLISHERS RESENT MADDEN'S LANGUAGE

WASHINGTON, D. C., November 26.—The Congressional Postal Commission resumed its sittings to-day with Robert J. Collier as the first speaker. He opposed the revision of the laws governing second-class matter as proposed by Third Assistant Postmaster-General Madden, but expressed sympathy with the efforts of that official to eradicate present abuses. Discussing Mr. Madden's recommendation, he said the publishers resented some of his language, and resented the implication that the third assistant regards all publishers with the "jaundiced eye." He did not believe that there should be an increase in second-class rates, but was willing to have the law strengthened if the existing statutes should prove inadequate for the eradication of abuses.

The other speakers of the day were William A. Glasgow, Jr., of Philadelphia, and Herbert Noble, of New York, who appeared in behalf of the Publishers' association, and opposed any increase of the second-class mail rate.

T. ROBERTS BAKER DIES AT RIPE AGE

Prominent Citizen and Well-Known Former Druggist Passes Away.

Mr. T. Roberts Baker, long a prominent citizen of this city, died at his home, No. 1 East Grace Street, yesterday at noon, in the eighty-first year of his age. Mr. Baker had been in ill health for many months, and the end was not unexpected. His wife, who is a sister of Colonel C. P. E. Burgwyn, of this city, and his son, Dr. Harry B. Baker, his only near relatives, were at his bedside in the final hour.

Thomas Roberts Baker, Ph. G., Ph. M., was born in Richmond May 30, 1825. He received his early education in the best private schools of the city, and in 1840 entered the drug business here with the late Alex. Duval. In 1850 he entered the Philadelphia College of Pharmacy, and graduated there in 1852. In 1856 Mr. Baker formed a copartnership in the drug business with the late R. H. Meade, the firm name being Meade & Baker. He was a gallant Confederate soldier and was devoted to the cause as a veteran of that great struggle.

Was With Howitzers.

As a member of the Richmond Howitzers (Artillery Company, No. 2) he entered the service at the outbreak of the war, and in the summer of 1861 was ordered by Surgeon-General Moore to report to Surgeon W. C. Randolph for duty in the medical department of the army. He remained in this department until the close of the war, and was paroled at Lynchburg in 1865.

When Mr. Baker returned here he found his store in ashes, but he set to work at once to reestablish the firm of Meade & Baker, which he did, putting it shortly on a successful basis.

Mr. Baker was the first president of the Virginia State Board of Pharmacy and the Virginia State Pharmaceutical Association. In 1873 he was elected a member of the American Pharmaceutical Association, and served as both second and first vice-president of that body.

He was deeply interested in the proper training of the youth of the city, and was largely instrumental in the establishment of the Young Men's Christian Association. In 1868 he was elected president of the association.

HIGH SCHOOL TO PLAY M'GUIRE'S SCHOOL

Last School Game of Season Will Likely Be Fast and Close.

In the last school game of the season the Richmond High School will meet McGuire's this afternoon on the Broad Street Park gridiron. The game will not be under the auspices of the Interscholastic Athletic Association, but, notwithstanding the award of the championship, will decide which is the better team.

Under the coaching of "Rip" Robinson, an old-time Randolph-Macon star, the High School team has developed wonderfully since the beginning of the season, and at the present time is capable of putting up a game that would put to shame many exhibitions given by big colleges. The team work is very good, and the tactics are excellent.

In to-morrow's game the High School will turn loose a few tricks that have been hammered into them recently, and that will make the others get on their mettle to stop. Many old football players have become interested in the team, and have lent their aid to the perfecting of the work of the men.

The McGuire's eleven has plugged away at practice until it is also a team worthy of larger schools. No matter what other things came up, coach always had a full team to work out in the afternoon, and his efforts have been fully repaid by the clever work done by the boys.

The plays are sent off with the precision of clockwork, and the players are as fast as possible. Many difficult formation plays have been learned and are got off daily without a hitch.

Both schools will turn out this afternoon to root for their respective sides, and a large crowd is expected.

Dewitt, Vanderbilt, editor of Scroll; Lieutenant-Governor Hugh T. Miller, of Indiana, and Robert Somerville, Jr., of Mississippi Alpha. The week's festivities include a banquet, a smoker, a theatre party and a trip to Mount Vernon. President Roosevelt will receive the fraternity at the White House Saturday.

CONDITION OF MR. BAHEN.

Friends Deny Story That He Is Insane.

Friends of Mr. James Bahen in this city yesterday denied the story from Newport News to the effect that he had become demented and would be sent to an asylum. It was stated that Mr. Bahen was suffering from nervous prostration and would be brought to-day to Richmond, where he would be placed in a sanitarium. The hope and belief was expressed that a brief treatment would be sufficient to restore him to his normal condition.

A special to The Times-Dispatch from Newport News last night said: Labouchere, under the delusion that "spirits" had called him to preach, James Bahen, sixty years old, of Richmond, is being held in the city jail here for the Williamsburg asylum authorities. A commission of lunacy this afternoon adjudged the prisoner insane.

Benjamin Bahen, of Richmond, came down to-day, intending to take his father home, but since the examination by a commission, it is probable that the patient will be removed to the asylum.

Mr. Bahen is well known in Richmond, particularly as a political leader in Jackson Ward, which he represented in the Council for a number of terms. He is supposed to be quite a wealthy man.

CHISOLM NOW OUT: BAIL BOND REDUCED

BIRMINGHAM, ALA., November 26.—Alexander R. Chisolm, formerly paying teller of the First National Bank, whose bearing on the charge of extracting $100,000 from the First National Bank resulted in a mistrial, has been released from prison. His bond was reduced from $25,000 to $15,000, which he furnished.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, no a - secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

The yacht Oneida, in the service of the District of Columbia Naval Militia, and on which were commanding officers and others of the militia, had dropped down the Potomac to Piney Point to welcome the President, and was returning when a gasoline boat in tow capsized and Melvin L. WASHINGTON NOT ABLE TO KEEP UP

Pace Set for Her by Louisiana and Tennessee Little Fast.

WASHINGTON, November 26.—The Louisiana passed in by the capes at 9 o'clock, followed by the Tennessee. The wireless station at Cape Henry was advised that the engine of the cruiser Washington was disabled, and that she would not reach the capes for several hours.

The starboard engine of the Washington had to be stopped yesterday because of hot brasses. The engine sustained no serious injury, but the cruiser was unable to keep up with the speed of the Tennessee and the Louisiana, and consequently had to drop several hours behind these ships.

The Louisiana proceeded up the Chesapeake Bay, while the Tennessee went into Hampton Roads.

The arrangements were for the President to transfer to the yacht Mayflower at Piney Point, in Chesapeake Bay, where the Mayflower and yacht Dolphin were in waiting.

The transfer took place about 1 o'clock this afternoon. The Dolphin proceeded to Washington with the Mayflower.

The President's trip homeward was without accident of any kind, other than the breakdown of the Washington.

The disabled convoying cruiser Washington passed in the capes at 1:26 o'clock this afternoon, and proceeded to the anchorage grounds in Hampton Roads.
