## UNION PACIFIC WAS UNDER PRESSURE

### Passing of Rock Island from Control Had Effect on Stock.

### MARKET ALMOST STAGNANT

### Standard Oil and Other Big Corporations Pay Dividends.

NEW YORK, June 15.—The heavy and listless tone of the speculation remained unaltered in to-day's stock market. Foreign influences played some part in this showing, especially on account of the bearing on the further demand for gold for export. The bank statement revealed a larger decrease in cash than had been estimated, and as there was no loan contraction to reduce the deposits, the already narrow surplus reserve was still further depleted. The loan item it was believed, did not fully reflect the demands upon the banks, in view of the heavy payments which fell due to-day. Many dividends were payable to-day, including the Standard Oil, Consolidated Gas, and Delaware and Hudson, and there was besides payable the first instalment of subscriptions on new Southern Pacific preferred stock, calling for $9,000,000. The effect on the loan item of the banks may be thrown forward into next week's statement. The foreign trade statement for May was regarded with interest, owing to its bearing on exchange situation. The heavy increase in merchandise imports so far overbore the small gain in value of exports that the excess value of exports for the month was reduced to $8,000,000, compared with $25,600,000 for May of last year. Union Pacific was under special pressure, owing to the reports of the passing of the Chicago and Alton from Union Pacific to Rock Island control. The market became almost stagnant before the bank statement appeared, and prices ran off slightly afterwards. The bond market was also easy. Total sales, par value, $374,000. Total sales to-day, 147,300 shares.

NEW YORK, June 15.—Money on call nominal. Time loans strong; sixty days, 4 per cent.; ninety days, 4 per cent., and six months, 5@5 1-2 per cent. Close: Prime mercantile paper, 5 1-2@6 per cent. Sterling exchange firm, with actual business in bankers' bills at $4.8710@$4.8715 for demand, and at $4.8350@$4.8360 for sixty day bills. Posted rates, $4.84 1-2 and $4.88. Commercial bills, $4.83 3-8@$4.83 1-2. Bar silver, 67 1-4. Mexican dollars, 51 3-4.

### BALTIMORE STOCK MARKET.

BALTIMORE, MD., June 15.—Seaboard Air Line, common and preferred—Nothing doing.

### COTTON MARKETS.

NEW YORK, June 15.—The cotton market opened barely steady at a decline of 4@10 points and increased the loss to a matter of 9 or 12 points on the more active months during the middle of the morning under lower cables, less bullish week-end figures than expected, continued good weather in the South and prospects for its continuance over Sunday. Trading was moderately active with wire and commission houses sellers, supposedly for long account, while covering on a scale down was the chief source of support. The market closed barely steady with prices net 22@27 points lower.

Receipts at the ports to-day were 2,281 bales against 4,145 last week and 3,652 last year. For the week 30,000 bales against 34,033 last week and 32,102 last year. To-day's receipts at New Orleans 539 bales against 80 last year, and at Houston 296 bales against 839 last year.

NEW ORLEANS, June 15.—COTTON—Spots were quiet to-day and 1-16c. lower. The decline in futures appeared principally responsible for the spot decline. Low grades of cotton were almost exclusively the only kinds obtainable for dealings. Middling quoted at 12⅞c. Sales were 400 bales on the spot and none to arrive. Futures opened steady and 7@9 points under last night. Trading was almost exclusively on the basis of a weather market with the result that prices decline steadily until all the active months were a dollar per bale or more under last night's closing. A report reached here that Liverpool has shipped cotton to New York to meet the July squeeze. The closing was steady, 4@24 points net lower.
