MARKET ACTIVITY WAS SPECULATIVE

Rapid Upward Movement Disconcerted Operators, Who Attempted to Follow.

BIG SALE IN FIRST HOUR

Profits Taken During the Closing Hour Sent Stocks to Saturday's Level.

NEW YORK, July 14.—The volatile upshoots of prices of stocks and the furious activity of the trading of the first hour to-day gave an impression of violent speculative activity and of a stock market revival such as had not been seen for a long time past. The subsidence of the activity after that was so abrupt as to be rather disconcerting to the operators who were attempting to follow the movements.

Shares sold in the first hour aggregated 304,000, while for the second hour the total dropped to 78,000 shares. The animation of the early dealings owed something to the surprise of a short interest, which had allowed the abrupt relapse of the middle of last week, and was left uncovered when the favorable bank statement, and the opinion formed towards the Harriman report, carried prices upward and alarmed the shorts. The recommendations of the Interstate Commerce Commission, accompanying the Harriman report, were regarded as a tacit admission that small opportunity existed for making a case against the railroad combination under present laws, as there was no specific plan advanced for criminal prosecution, or even for proceedings to disrupt the combination. The assertions in the report of the failure of competition between the lines in the combination were looked upon as a plea for additional legislation to cover the case. The immediate influence most feared in the stock market is executive action on unexpected and untried lines, and the more distant prospect of new legislation does not make a pressing appeal to sentiment.

Prices held moderately for most of the day, even after the demand had flattened out completely, but the speculative buyers of the morning threw over their holdings in the final hour and the result was a reaction which left most stocks lower than at the close Saturday.

Bonds were steady. Total sales, par value, $962,000. United States bonds were unchanged on call. Total sales to-day, 559,200 shares.

BALTIMORE STOCK MARKET

BALTIMORE, MD., July 15.—Seaboard Air Line, common and preferred—Nothing doing.

COTTON MARKETS.

NEW YORK, July 15.—The cotton market was comparatively quiet to-day, sales being estimated at 200,000 bales. Fluctuations were irregular with the close steady at unchanged prices to an advance of 10 points, July showing the maximum gain, and the new crop generally unchanged to 4 points higher. The opening was steady at an advance of 2 points on August to a decline of 3 points, the improvement at the beginning of the call being due to higher cables than expected, while later positions eased off owing to continued good weather over the week end. Reassuring cables were received as to the situation in Alexandria, where unsettled financial conditions were said to be the result of over-speculation in real estate, but the market here worked off during the early session to a net loss of about 3@4 points on the active months. This was followed by a rally on Southwestern bull support and covering, accompanied by a bullish private crop accounts from Texas, and August advanced to a net gain of about 10 points on covering of shorts in the absence of offerings, while the new crop positions sold some 7@9 points net higher. Realizing checked the advance, and the market during the late session eased off from the best under scattered offerings. Southern spot markets were generally unchanged as compared with Saturday. Weather reports during the day were considered generally favorable, and favorable weekly report is expected from Washington to-morrow. There was hardly any business in July, but one sale was made as high as 11.75, or 30 points net higher. The close was at 11.55 bid.

Receipts of cotton at the ports to-day were 1,548 bales against 2,726 last week and 5,835 last year. For the week 15,000 bales against 15,822 last week and 25,497 last year. For the week 15,000 bales against 15,822 last week and 25,197 last year. To-day's receipts at New Orleans, 281 bales against 2,697 last year, and at Houston 735 bales against 261 last year.

NEW ORLEANS, July 15.—COTTON—Spots closed steady and unchanged; middling, 12¼c.; sales were 625 bales on the spot with none to arrive. Futures opened steady with the active months ranging from 4@5 points below the close Saturday, clearing weather and favorable crop account received over Sunday having a bearish effect. Immediately after the call the market ruled steady, but the presence of some large selling orders subsequently caused a weakness, and October, after being quoted as high as 12.08, slipped back to 11.95. Weather reports indicating rain and fear of continued increase in the number of the boll weevil offset bearish effect later and caused an advance in values. At the close, which was steady, prices ranged from unchanged to 1 point below the close Saturday.

Cotton futures closed steady. Closing bids: January, 12.05; March, 12.15; July, 12.84; August, 12.70; September, 12.45; October, 12.05; November, 12.00; December, 11.99.

ON THE LOCAL MARKETS

LIGHTER RECEIPTS ON PRODUCE MARKET.

The wholesale produce market was rather dull yesterday—the usual condition on Mondays. Everything was in light receipt except peaches and canteloupes. The receipts of these goods were unexpectedly large, and as a consequence prices went off quite sharply, peaches selling for twenty-five to fifty cents less per crate, and canteloupes for about twenty-five cents less. All other goods were scarce and hardly in sufficient supply to meet the demand.

Chickens and eggs were a little stiffer in price, and even potatoes were slightly stronger, owing to lighter receipts. The summer dullness still holds out on Cary Street, and the commission men are not doing a rushing business.

THE GRAIN MARKET IS DECIDELY ACTIVE.

Though the offerings of grain on the exchange yesterday were small the market was decidedly active. A few lots of corn and a car lot of white oats were sold at the outside figures. One good lot of new wheat, graded No. 2 milling, was offered by sample by Messrs. John F. Jacobs & Co. It came from King William county, and was readily sold to the Dunlop Mills at ninety-three cents per bushel. The lot measured 359 bushels.
