MARKET RULED BY POLITICAL EVENTS

Professionals Point to Anti-Injunction Plank as Cause for Much Disquietude.

BIG BREAK IN L. & N. PRICES

Developments Ignored on Thursday Prove Influential on Friday.

NEW YORK, June 19.—Operations in stocks remained largely in professional hands to-day, although the movement of prices was somewhat freer than on early days of the week, and was at the expense of values. Professional traders assigned political motives for their desire to sell stocks, pointing to the anti-injunction plank of the Republican platform as a matter for disquietude to holders of securities. The likelihood that the campaign discussion will assume a tone aggressive to corporations was also dwelt upon. Some of the unfavorable developments which were passed over yesterday exerted an influence to-day—on Louisville and Nashville, causing a wide break in consequence of the reduction of the dividend rate yesterday; on Republic Steel, preferred, because the dividend was passed yesterday, and on Baltimore and Ohio as a result of the threat of curtailment of net earnings revealed by the statement of May. Reports of damage to property by floods in the Southwest received renewed attention. A bad effect was produced by another sag in the price of the Union Pacific funding bonds "when issued." The resistance of these bonds at 1-8 below the subscription has given the impression that they were pegged at that price, which is 95 3-8. To-day they sold at 95 1-4. In connection with reports from bond dealers that the investment demand for bonds has died out this incident had some influence. Discount rates were higher in Paris and lower in Berlin. Money rates here showed undiminished ease. The banks have made another heavy gain in cash this week. The Union Pacific financing is likely to figure in the bank statement for this week. Confidence in the continued ease of the money market is not at all impaired. Last prices of stocks were not far from the lowest of the day.

Bonds were irregular; total sales, par value, $2,882,000. United States bonds were unchanged on call.

The total sales of stocks to-day amounted to 435,500 shares.

NEW YORK, June 19.—Money on call easy, 1 1-2@1 3-4 per cent.; ruling rate, 1 1-2; closing bid, 1 1-4; offered at 1 1-2. Time loans dull and firm; sixty days, 2 per cent.; ninety days, 2 to 2 1-4 per cent.; six months, 3 to 3 1-2 per cent. Close: Prime mercantile paper, 3 1-2@4 per cent.; sterling exchange slightly easier, with actual business in bankers' bills at $4.87 for demand and at $4.8550 for sixty-day bills. Commercial bills, $4.84 7-8@$4.85 1-4. Bar silver, 54 3-8. Mexican dollars, 47. Government bonds steady; railroad bonds irregular.

COTTON MARKETS.

NEW YORK, June 19.—The cotton market made a new record for the bull movement during to-day's trading and closed steady at an advance of 2@12 points. Sales were estimated at 150,000 bales. Market opened steady at an advance of 2@14 points, notwithstanding lower cables and a good weather map. Old crop months, which started relatively firm, sold off to about last night's close under realizing during the first few minutes, but a little later the market firmed up on a renewal of bull support, and during the middle session advanced sharply on Wall Street covering, with July selling up to 11.69 and the general list showing a net gain of 9@22 points. This was followed by a reaction of 8 or 10 points under realizing for over the week-end, but there was renewed covering in the last few minutes, and bulls seemed to be in control of the old crop months at the close. Weather maps generally favorable, and a crop expert's that conditions for the week have been favorable as to 80 per cent. of the crop unfavorable as to 15 per cent., and a stand-off as to 5 per cent. A private cable was received reporting that South Carolina ginners had decided on short time, which were in line with recent pessimistic advices. The report lacked confirmation at the close. A bullish week-end report added to the strength of the market, and appears to be based on the spot situation and supplies available for delivery on contract.

Receipts at the ports to-day were 13,600 bales against 9,894 last week and 8,861 last year. To-day's receipts at New Orleans 726 bales against 604 last year, and at Houston 522 bales against 215 last year.

Cotton futures opened and closed steady.

Spot cotton closed quiet, 10 points higher; middling uplands, 12.20; middling gulf, 12.45; sales, 50 bales.

Cotton, quiet; middling, 12.20; gross receipts, 2,513 bales; sales, 50 bales; stock, 78,415 bales.

Total to-day at all ports—Net receipts, 7,522 bales; export to Great Britain, 13,659 bales; to the Continent, 20,591 bales; stock, 273,083 bales.

Consolidated at all ports—Net receipts, 49,465 bales; export to Great Britain, 29,025 bales; to France, 5,800 bales; to the Continent, 47,240 bales.

Total since September 1st at all ports—Net receipts, 8,136,249 bales; export to Great Britain, 2,809,280 bales; to France, 814,600 bales; to the Continent, 3,222,847 bales; to Japan, 190,214 bales; to Mexico, 1,549 bales.

NEW ORLEANS, LA., June 19.—COTTON Spots steady at an advance of 1-16c. on all grades. Sales were 1,050 bales on the spot and 450 to arrive. Futures opened steady with the July option 15 points above the close yesterday and old crop options 4@5 points up. Liverpool made a better showing than had been expected, and this had a bullish effect on the market at the opening. The near approach of July notice day the more strength the manipulation seemed to gather, which, notwithstanding the favorable weather and crop news, is also affecting distant deliveries. Following the opening to-day the receipt of favorable weather news and the forecast for a continuance of good weather caused a recession in values. At the close, which was steady, the options were 1@13 points up. Closing bids: June and July, 11.82; August, 11.23; September, 11.23; October, 9.71; November, 9.59; December, 9.54; January, 9.55.

The property can be inspected at time of sale, and, if desired, beforehand, by application to the undersigned.

H. A. McCURDY.

Real Estate.

Concrete Homes

CONCRETE HAS BEEN CONQUERED.

Residences may now be constructed with a new method of steel forms, that enables the architect to bring out any design to perfection. Fire, repairs and decay are feared no more.

This new invention will enable you to build a model home, at a moderate cost. As an investment, the bonds we offer have no equal for safe and ample returns.

Call, write or telephone and give us the pleasure of explaining.
