PRICES KEEP UP ON TOBACCO MARKET

(Continued From First Page.)

it is said, is to secure the consent of the American Tobacco Company to locate a buyer there.

Prices Are Satisfactory.

[Special to The Times-Dispatch.]
Chatham, Va., February 12.—Tobacco sales this week have been good, and prices have ranged from $6 to $40 per hundred. The farmers are well pleased, and the market to this date has nearly doubled the sales of last season.

Large Sales in South Boston.

[Special to The Times-Dispatch.]
South Boston, Va., February 12.—The sales of leaf tobacco have been quite large during the past week, considering the inclement weather. Prices remain about the same as reported for the past several weeks, and the planters are well satisfied. The quality of the offering is very good. About 75 per cent. of the weed has been marketed, many having sold all they had on hand, this being especially noticeable in the bright sections.

Satisfactory Sales at Rocky Mount.

[Special to The Times-Dispatch.]
Rocky Mount, N. C., February 12.—Despite the bad, unseasonable weather, receipts have been fairly large this week, amounting to nearly 200,000 pounds. There is little of interest to note, beyond the fact that prices on all grades are good, and in face of the fact that the crop is conceded to be very common, the average prices paid are nearly as great as those prevailing at the same season last year. The quality of the offerings continues poor, and but few tobaccos of the better grades appear, the offerings being largely composed of common to medium leaf and lugs, with now and then a pile of bright leaf and wrappers.

It is thought that the crop is nearly all sold in this section, though perhaps a half million or more pounds will be sold from now on.

The Lynchburg Market.

Lynchburg, Va., February 12.—Sales of loose tobacco on the Lynchburg market, for the two weeks ending February 11, as reported by John L. Oglesby:

Sold week ending Feb. 4.....	869,100
Sold week ending Feb. 11...	973,800
Increase week ending Feb. 11	104,700
Sold from Sept. 1, 1909, to Feb. 11, 1910.....	9,220,600
Sold from Aug. 17, 1908, to Feb. 11, 1909.....	14,199,600
Decrease for 1910	4,979,000

The receipts this week were considerably heavier than last, being largely of the medium and good grades, and of fairly good quality, but much of it was off in size and color.

The trade was quite active, and prices on all grades were fully up to quotations. This makes a high average when the color and size of the tobacco is considered.

Prices for the week were as follows: Lugs, common, 5 to 5 1-2; medium, 5 1-2 to 6 1-2; good, 6 1-2 to 8. Leaf, common, 6 1-2 to 7 1-2; medium, 7 1-2 to 9; good, 9 to 11; fine, 11 to 15. Wrappers, 15 to 30.

Season's Sales at Farmville.

[Special to The Times-Dispatch.]
Farmville, Va., February 12.—The report of the sales of tobacco on the Farmville market for the season up to date, as announced by the secretary of the Board of Trade, is as follows: Total sales for August and September, 1909, 613,750; for October, 54,458; for November, 1,149,580; for December, 850,014; for January, 1910, 1,-932,505. Total sales for the week ending February 11, 562,749; previously reported for February, 601,616, making a grand total for the season of 5,-825,672.

NEW INTERPRISES STARTED IN SOUTH

(Continued From First Page.)

new machine shops, car shops, roundhouse, electric plant, etc. Blue Ridge Power Company, Creighton, Ga., awarded contract for constructing dam, which will develop 4,000 horsepower for transmission by electricity. Portin Mining Company, of Philadelphia, arranged to ward contract for a modern plant, costing $300,000, in connection with its gold property developments in Franklin county, N. C. Garden City Drainage Company, New Orleans, La., was incorporated, with $500,000 capital stock, to undertake the reclaiming of thousands of acres of swamp lands, in connection with the bond issue recently announced as to be underwritten by Trowbridge & Giver, of Chicago. Ware County Light and Power Company, Waycross, Ga., was incorporated, with $250,000 capital stock, to take over an established plant and undertake improvements to cost $150,000. Kentucky Packing Company, Louisville, Ky., plans an expenditure of $100,000 for an ice and cold storage installation. Durham Hosiery Mills Company, No. 4, Durham, N. C., was incorporated, with a capital stock of $139,500. Francis Zinc Company, Hardy, Ark., was incorporated, with a capital stock of $250,000. D. B. Chapin, of Chapin, Texas, arranged for constructing a thirty-five-mile canal and fifty miles of laterals, to irrigate 100,000 acres of land. Pulaski Cooperage Company, Little Rock, Ark., was incorporated, with a capital stock of $20,000. P. H. Hanes Knitting Company, Winston-Salem, N. C., decided to expend $250,000 for a 10,000-spindle mill, to spin yarns for the company's hosiery knitting plant. Glade Lumber Company, Kingwood, W. Va., was incorporated, with a capital stock of $200,000, to develop about 9,000 acres of timber land, purchased for $170,000 by Pensylvania lumber manufacturers; they plan an expenditure of $125,000. National Phosphate Company, Nashville, Tenn., will develop 160 acres of land and plans a daily output of 100 tons of phosphate. Greenville Mattress Company, Greenville, Texas, was incorporated, with a capital stock of $50,000. Muddy Valley Mining Company, Memphis, Tenn., was incorporated, with a capital stock of $50,000. Atlas Paint Company, Nashville, Tenn., was incorporated, with a capital stock of $130,000. Walter Graham and associates, of Philadelphia, plan the construction of a Portland cement plant at Graham, Va. Gulf Manufacturing and Export Company, Mobile, Ala., was incorporated, with a capital stock of $20,000.

IN JOBBING CIRCLES.

Large Shipments, Good Collections and Business Generally in Fine Shape.

The wholesale merchants of Richmond report continued active business. The commission men and produce dealers had a very good week, as did also the wholesale grocers. The shoe factories and the jobbers have not yet finished filling the unusually large spring orders that were filed months ago. In the meantime they are already getting some "filling in" orders, and not a few merchants from the rural districts were in the city last week doing considerable buying in person.

The dry goods people, like the shoe men, are being kept quite busy filling spring orders booked some time ago. The hat people and the millinery folks say business is unusually good. Drugs, hardware and clothing are also active. Collections are reported good, and altogether the jobbers and manufacturers of Richmond consider business in very fine shape.

MORE COUNTRIES ON FAVORED LIST

Washington, D. C., February 12.—The tariff officers of the government have recommended to the President, through the Secretary of State, that as Japan, the British port of Aden, on the Red Sea, the British Colony of Malta, and the Indian Empire do not unduly discriminate against goods imported from the United States into those countries, that proclamations issue declaring them entitled to our minimum or schedule rates of duty. The proclamations probably will be issued on Monday.

The exports from the United States into Japan for the calendar year 1908 amounted to $38,663,000, and the imports into the United States from Japan amounted to $60,755,000. These are Japanese figures, our own statistics showing a considerable increase over their amounts.

The value of importations into Japan from the United States by leading articles are given in part as follows:

Raw cotton, $13,178,000; mineral oils, $5,293,000; machinery, $4,470,000; locomotives and cars, $1,350,000; wheat flour, $1,315,000; iron and steel rails, $1,200,000; wheat, $1,060,000.

The importations into the United States from Japan include raw and waste silk, $40,710,000; tea, $8,084,000; silk manufactures, $4,027,000; matting, $2,816,000; earthen, stone and chinaware, $1,452,000; vegetable fibres and their manufactures, $1,323,000; rice and rice flour, $1,268,000; copper and manufactures, $1,131,000.

Figures, furnished by the State Department, show that the United States exported to Malta, during the fiscal year ended March 31, 1908, goods valued at $621,000. No figures are given as to imports.

ANOTHER COLONY THAT IS IN SIGHT

Folks From the Big Cities Looking to the Sweet Farming Country.

J. B. Finster, formerly of New York, now of Sussex county, is in the city, and quartered at the Jefferson, where he may be for a few days. Mr. Finster has become very much interested in Virginia development, and has succeeded in interesting several prominent New York capitalists along the same lines. Backed by the money of these capitalists, he is now looking for a tract of land of sufficient dimensions to make a big colony. The Tidewater section has greatly interested him because of the splendid climate and other favorable conditions, and he is of the opinion that the surplus population of New York City could do no better than to settle on the surplus acres of Virginia, especially those surplus acres in the Peninsula.

Mr. Finster has some splendid as well as patriotic ideas. For instance, he says there is in some sections of the country a surplus of population, while in other sections there is a surplus of land. Why not scatter the surplus population of one section over the surplus lands of another, and thus even things up. That sounds like sense. The question is, Can it be worked out? Mr. Finster thinks it can and he is down in Virginia now to find out whether or not he is right about it.

His theory is good enough, and it may be that he can demonstrate its practicability. At any rate he is looking out for a big tract of land to buy, and upon which to put his theories into practice, and see what is in them.

Grape

All of the now famous Sun-Cured Leaf Tobacco known to the world is grown in a few counties near to Richmond. Every pound of it is sold in Richmond, and the Richmond manufacturers get the cream of the crop from year to year—what outside factories get is simply the "leavings."

Hence, the best SUN-CURED CHEWING TOBACCO is MADE IN RICHMOND—indeed, it may be said that none is genuine that is not

Made in Richmond

THE BRAND KNOWN AS

Grape

Is the BEST Sun-Cured Chewing Tobacco made in Richmond.

Therefore GRAPE is the best Old Virginia Sun-Cured Chew in the World.

Some people are sometimes fooled by spurious brands of sun-cured, so called; but no sensible chewer can always be fooled into trying a thing that an impecunious dealer may try to pass off upon him as "just as good as Grape." No alleged "sun-cured" can possibly be "just as good as Grape."

Be Sure You Get the Real Grape

Made in Richmond by

R. A. PATTERSON TOBACCO COMPANY

REMEMBER: The name Patterson on Tobacco stands for Quality.

Auction Sales Monday.

COMMISSIONERS SALE OF

51.6 Acres fo Land

NEAR CHESTER, BELONGING TO AUGUSTUS DILLON'S ESTATE.

In execution of a decree of Chesterfield Circuit Court, rendered at September term, 1907, in suit of Richard B. Dillon vs. Augustus Dillon's heirs, I will offer for sale by public auction, in front of Chesterfield Courthouse, on

MONDAY, FEBRUARY 14, 1910, AT 1 O'CLOCK P. M.,

that certain tract of land containing 51.6 acres, by recent survey, situate in Chesterfield county, near the village of Chester, and bounded north by Bruce and Perdue, east by R. B. Dillon, south by R. E. Blackey and William Northrop, and west by Bruce and Purdue, being that part of a tract of 123.7 acres of land assigned to the heirs of Augustus Dillon, and ordered to be sold for division among them in said suit. This land has some wood and timber on it.

TERMS: One-third cash, balance payable in one and two years, equal instalments, with interest from date of sale; the purchaser to give bonds or notes for the deferred payments, and title retained until all the purchase money is paid and a conveyance ordered by the Court.

GEORGE MASON,
Commissioner.

J. M. SIMONSON, Crier.

Virginia—In the Clerk's Office of Chesterfield Circuit Court, October 25, 1909:

I, P. V. Cogbill, clerk of said court, do certify that George Mason, commissioner in suit of Richard B. Dillon vs. Augustus Dillon's heirs, has executed the bond required by said decree of September 23, 1907.

Teste: PHILIP B. COGBILL,
Clerk.

All parties holding claims against said T. H. Edwards will present them, properly authenticated. BESSIE M. EDWARDS, Administratrix of T. H. Edwards.

Much Stationery, Trainload of Goods

Richmond Firm Buys Goods by the Trainload to Meet the Southern Demand.

Proof that confidence and prosperity have returned is becoming more and more evident daily. Merchants, both wholesale and retail, are daily placing contracts for delivery many months ahead, and are purchasing in enormous quantities for immediate distribution. Probably the largest shipment of stationery ever made to a local institution was received a day or two ago by the Southern Bargain House, the Tenth and Cary Street big wholesale notion house. This shipment consisted of three cars, a trainload, of tablets, writing paper, box paper, composition books, examination tablets, etc.

One of the members of the firm stated that these goods would be distributed throughout the South during the next few months, and it was only through their purchasing in such volume that they were able to secure the best prices and discounts necessary to compete with larger markets.

Another indication of the stability of the present revival of business is the marked increase in the number of new firms entering into business. Their demand for show cases makes it necessary for this firm to double its usual show-case orders. They have just received two cars, but as these were purchased before the heavy advance in glass, and as their prices have not been increased, they state that very soon they will be in the market again for more, such is the heavy demand.

Sealed Proposals.

STATE ADOPTION OF HIGH SCHOOL Text Books.—At a meeting of the State Board of Education, held on January 7, 1910, an order was entered authorizing the secretary of the State Board of Education to advertise for bids in the matter of the selection of text books for high schools for a term of not less than four years, beginning August 1, 1910.

In accordance with the provisions of said resolution, I hereby give notice that on or before APRIL 15, 1910, at 12 o'clock noon, at the office of the State Board of Education, at Richmond, Va., sealed proposals will be received for supplying public schools of the State of Virginia with text books for use in the high schools of the State as provided by law. Such proposals are requested on both the single list plan and the multiple list plan, and should state the prices at which each book offered will be sold to the children or patrons of the schools and the exchange prices where such book shall take the place of a book now in use.

A circular giving a copy of the law under which this adoption is made and other particulars will be mailed on application.

The right is reserved to reject any and all bids.

Given under my hand this 15th day of January, 1910.

R. C. STEARNES,
Sec'y to State Board of Education.

TREASURY DEPARTMENT, OFFICE of the Supervising Architect, Washington, D. C., February 2, 1910. Sealed proposals will be received at this office until 3 o'clock P. M. on the 17TH DAY OF MARCH, 1910, and then opened, for the construction of the U. S. Post-Office, Court House and Custom House at Richmond, Virginia, in accordance with the drawings and specifications, copies of which may be obtained from the Custodian at Richmond, Va., or at this office, at the discretion of the Supervising Architect. JAMES KNOX TAYLOR, Supervising Architect.
