In Session at Atlanta.

Atlanta, Ga., October 15.—More than 400 delegates, representing every State in the Union, attended the opening here to-day of the convention of the National Association of Local Fire Insurance Agents. The convention will be in session three days.

To-day's sessions were devoted to committee reports and the annual address of President James H. Southgate, Durham, N. C.

Afore Agreed With Stamp.

[Special to The Times-Dispatch.]

Bristol, Va., October 15.—General R. A. Ayers is quoted as saying to-day that he would welcome the plan suggested by Representative Stamp to have a committee from each party agree upon a plan whereby no money will be spent by either candidate except for legitimate expenses. Mr. Stamp also urges the privilege for his managers to select one judge and one clerk for each voting precinct.

FOUND DEAD IN CANAL.

G. S. C. Car Inspector Had Been Missed Several Days.

[Special to The Times-Dispatch.]

Lynchburg, Va., October 15.—William H. Stegles, aged fifty-seven, who had been a car inspector here for the Chesapeake and Ohio Railway for thirty years, was found drowned in the canal of that company here to-day. He had been missing since Monday morning, having been seen about 6 o'clock that morning for the last time.

It is thought he missed a foot bridge in the darkness and dense fog and fell into the canal. Although he had worked along the river and canal for three decades, he could not swim.

Mr. Stegles is survived by his wife and several grown children.

SPECIAL TRAIN FOR MEDICOS

Medical College of Virginia Students to Attend Football Games in Williamsburg.

Practically every student of the Medical College of Virginia will go to Williamsburg on Saturday to see the two football games there with William and Mary College. Besides the game between the varsity teams of the two institutions, the second team of the local college will meet the eleven of William and Mary Academy. At a meeting of the Athletic Council of the Medical College last night it was decided to charter a special train to convey the students to Williamsburg.

An election of officers for the student body of the college was held yesterday, which resulted as follows: president, C. M. Clark, Virginia; vice-president, C. W. Critcher, North Carolina; secretary-treasurer, G. P. Dock, North Carolina. After this year the annual election of student officers will occur in the spring instead of the fall.

Governor's Two "Hippings" Acts.

Either one of two of the acts in the Colonial's bill this week will more than warrant a visit to Williams, Vincent and Wells's own little saint.

The "Three Bohemians," all men, present one of the cleverest and most entertaining musical acts of the season. One whistles in birdlike tones, sings pleasingly, and plays a double-barreled guitar; another plays the violin instead of scraping it, and the third is a mad genius with an accordeon, equipped with the keyboard of a piano. Together, they make music as musicians do, whether they play "Il Trovatore" or "That Mellow Melody."

In striking contrast is the "hoofing" act of the "Three Encores," who, without a sound, without make-up and without a single circus pose or gymnastic offer a tumbling and bounding performance marked by unusual smoothness and faultless accuracy. No carefully prepared failures work up interest in their act, nor deep a false step mar the perfection of their performance, but each effort meets with instant, unhesitating success.

These two acts carry the bill.

"The Pink Lady."

"The Pink Lady," a big attraction which has never been seen in Richmond, has been booked by the Academy of Music for four performances, on October 21, 22 and 23, with a matinee on the last day. It is said that Klaw & Erlanger are sending the real New York production. The sale of seats for the engagement will begin to-morrow.

Metropolitan Grand Concert.

Another treat is in store for Richmond music-lovers in the concert to be rendered by the Metropolitan Grand Concert Company at the City Auditorium to-morrow night. While this is the first appearance of this organization in Richmond, two of its members are well known here. Miss Dina Dunham sang at the City Auditorium last season at a joint recital with David Bispham, and the remembrance of her superb singing at that time still lingers. John Finnegan appeared with the Victor Herbert Orchestra at the last Richmond concerts. Mr. Finnegan's tenor delighted his audiences then, and it is to be expected that he will meet with equal success at his coming engagement.

The other members of the organization, Miss Marion May, contralto; Royal Dadmun, bass, and Miss Ethel Tucker-Sharp, concert pianist, are all artists well known in concert and operatic circles, both in this country and abroad. They appear in the Redfield series.

Building Permits.

Building and repair permits were issued yesterday as follows:

H. Fleischman, to repair brick dwelling, [illegible] East Marshall Street, to cost $[illegible].

John F. Dugan, to repair brick store and dwelling, [illegible] Lombardy Street, to cost $[illegible].

News of South Richmond

South Richmond Bureau,
The Times-Dispatch,
[illegible] Hull Street,
Phone Madison 178.

A marriage of considerable interest to Southsiders will be celebrated this morning at the home of the bride's parents, Mr. and Mrs. J. G. Lumpkin, 1 West Cary Street, when Miss Ellen Estella Lumpkin will become the bride of H. Holland French, son of John French, of South Richmond. The ceremony will be performed at 9 o'clock, with the Rev. J. F. Sullivan, formerly pastor of the Central Methodist Church, officiating.

Miss Lumpkin is well known in South Richmond, where she lived until a short time ago. She is a graduate of the Manchester High School, and was one of the most popular of the graduates set. Mr. French is a Southside boy, and is connected with a local business. Mr. and Mrs. French will make their home in Richmond.

Gun and Yacht Clubs May Unite.

As they have received marching orders from its present grounds at Bryant and Robinson Streets, the Richmond Gun Club has secured permission to hold its weekly shoot Friday afternoon at the Richmond Yacht Club on the James River near Falling Creek.

The grounds are considering the question of a merger of the boards of governors of the Yacht Club and formulate a plan of consolidation, thus uniting the two organizations into one. The location on the river is an ideal for trapshooting, and with the large and commodious clubhouse already in operation it is thought that a greater interest in both clubs would result. The proposition has not yet been submitted, although members of both organizations have discussed it.

King's Daughters' Treasury Empty.

The first fall meeting of the Whatsoever Circle, King's Daughters, was held last night at residence of the leader, 3[illegible] E. M. Hanson, at Eleventh and Bainbridge Streets. The chief business was the election of delegates to the State convention. Mrs. A. C. Atkins, Mrs. R. H. Richardson, Mrs. E. M. Hanson and Miss Ella Mays were chosen to act.

The question of getting funds with which to start the Winter campaign of assisting the poor and needy was brought up. The treasury was depleted last year by the many calls for assistance. As the King's Daughters is the only organized agency for the relief of the poor on the Southside this is a serious condition, which must be remedied at once. A meeting to discuss methods for raising money will be held next week.

Carrier Started Saturday Week.

J. G. Johnson was yesterday transferred from the Richmond post-office to the Manchester station. He has been assigned as carrier for Westhend Heights and Forest Hill, and made his first delivery of mail yesterday.

The mail is sorted at Manchester station, and the carrier starts out on his first rounds at 8 o'clock. The noonday delivery is made at 1:30 o'clock. One carrier will do the work until conditions warrant placing an additional man on.

New Highway Nearly Completed.

Fine progress is now being made on the new highway which is being opened between Bon Air and the Southside Street. The work is being carried on by [illegible] with the assistance of a force of convicts, the latter furnished by the county for three months. With the present about completed, in the fall five more weeks the road will be completed and thrown open to the public. It will be a great convenience not only to people living along its route, but to automobiles who have been looking for a pleasant drive. It will link Westhampton to the main highway running from Bon Air to South Richmond, making a complete link of thirty-fifth miles.

Death of Infant.

Howard Newton, the infant son of Mr. and Mrs. G. H. Clark, died yesterday morning at 1 o'clock at the home of his parents, [illegible] Hull Street. The funeral will be held this afternoon at 3:30 o'clock from the home. The interment will be in Mount Calvary.

To Lecture Tonight.

Stereopticon views of scenes in the Palestine and the Holy Land will be shown Monday night in the Manchester Baptist Church by Rev. James W. Durham in illustration of his lecture on his travels last summer. Mr. Durham gave the first portion of the lecture last Sunday night before a congregation which filled the church to capacity. Because of the length of the lecture and the large number of views to be shown only part could be given at a time.

Westhend Heights Personals.

Mrs. Mamie Bradley Graham and sister, Miss Gertie Estelle Bradley, of Harrisonville, Va., have returned to their home after spending a week with their parents, Thomas H. Bradley, of Westhend Heights.

Hugh Fulmer, of Washington, and Burton Edwards, of Charlottesville, who have been the guests of Mr. and Mrs. T. R. Edwards, of Westhend Heights, have returned home.

Mrs. Lee Walker, of Twenty-eighth and Semmes Avenue, will leave Saturday on an extended visit to friends and relatives in Washington, Baltimore and New York.

Mrs. Laura Willard, of Washington, is the guest of her son, Eugene Willard, of Twenty-eighth Street.

Mrs. Letitia Shackelford, of Hillsboro, N. C., is visiting her father, Henry Wade, of Summerlin.

WILL BRING SUIT ON SON'S BEHALF

Father of Youth Suspended From University Charges Defamation of Character.

Charlotte, N. C., October 15.—Henry E. Thomas, of the United States Secret Service, located in this city, to-day announced his intention of bringing suit against the University of North Carolina, its faculty and board of trustees, the grounds of the suit being alleged defamation of the character of his son, Wayt Thomas, who was suspended for a year during the late hazing investigation conducted at Chapel Hill. Mr. Thomas says that the boy's good name has been irreparably injured by the action taken by the university authorities, and that the evidence upon which the suspension was made was given freely by the lad himself. He does not announce who will represent him in the suit or for what sum it will be instituted.

Young Thomas was not connected with the Rand affair, and, it is said, was promised immunity for his transgression, but after the death of Rand the affair was reopened and resulted in his suspension for a year.

COUNTY SCHOOLS SHOW BIG GAIN

Enrollment for Year Will Probably Reach 5,000—Arranging to Hold Fair.

Complete reports from all public schools in Henrico County, which have been filed with Superintendent A. B. Wright, show a total enrollment of 4,909 pupils during the first two weeks. Of this number the white students contain 3,697 and the colored students 1,212. The figures show an increase of 200 over those for 1911, and indicate that the enrollment for the entire year will probably reach 5,000.

The County School Board has set aside Sunday, November 3, as Education Sunday, and a letter has been addressed to every minister in Henrico County asking his co-operation in the observance. Friday, November 1, will be Patrons' Day in all the county schools, and a program arranged by the Co-Operative Education Association for the occasion will be carried out.

By a recent change in management the county teachers will hereafter receive a monthly check in payment of their salaries, instead of each teacher being in receipt of a check every month. These checks will be issued by the treasurer and will be mailed to them as earned.

Preparations for the annual Fall Exhibition of the Henrico County Fair are to be held November 21 and 22 A. [illegible] Yet for this exhibition, including forty-two first prizes and thirty-eight special prizes, will be issued within a few days.

Captain Speaking in Lexington.

Captain Oliver L. Spaulding, Jr., Fifth Field Artillery, inspector-instructor, attached to the First Battalion Field Artillery, Virginia Volunteers, will lecture to the corps of cadets of the V. M. I. on October 26, the subject being "Gunnery." This is the first time that an officer of the army attached to the militia has been called upon for this duty. It would appear that the War Department is anxious to give all much field artillery instruction as possible at this time.

Fined for Not Reporting.

Frank Hunt and Philip Davis, colored, were fined $10 and costs each yesterday morning in Police Court for failing to make daily reports of the articles they buy to the Chief of Police.

Governor Hughes Here To-day.

One hundred and twenty-five members of Kappa Sigma Greeks of Washington will arrive here this afternoon at 1:30 o'clock to be entertained by Beta Gamma Chapter. They will be a luncheon at the Richmond Hotel, and at 7 o'clock members of the two Greeks, in full regalia, will have a torchlight procession to Monroe Park, over Belvidere Street.

Alleged Highway Robbery.

E. Schwartz and W. E. Baker were arrested Saturday by Patrolman Powell for robbery alleged to have taken place Friday night.

The board elected James J. Disney, manager of Murphy's Hotel, and the unexpired term, his name being presented by the Madison Ward delegation as the choice of the people of the ward.

President William H. Adams called the first regular session of the new board to order exactly at 8 o'clock, with a large quorum present. At the close of business he announced that hereafter the board would fall exactly at 8 o'clock, not from twenty minutes to a half hour later, as has been the custom.
