*British Steamer Is Floated.*

Norfolk, Va., September 27.—The British steamship Orleans, which was driven ashore at Georgia, on September 2, was floated last night and passed in the Virginia capes at 3 o'clock this afternoon, partly under her own steam, in tow of the tug C. W. Morse.

## Suffered for Five Years

with bowel trouble and obtained only temporary relief until a friend recommended

**Duffy's Pure Malt Whiskey**

when the results were marvelous. Mr. Fred O. Smith desires his letter be given the widest publicity, so that others may be restored to perfect health as he has been.

"I suffered for five years with a very bad form of bowel trouble, and could get but slight temporary relief. I was induced by a friend to try Duffy's Pure Malt Whiskey. The result was marvelous, and am now completely cured.

"I am feeling fine, and trust many more may use your splendid product and be restored to health again, as I have.

"I hope you will give this letter the widest publicity, so others having a similar trouble may be cured as I have been, for it is the remedy I had long sought."—Fred O. Smith, 14 Linwood Street, Roxbury, Mass.

MR. FRED O. SMITH.

## Duffy's Pure Malt Whiskey

If every man and woman in the United States would only appreciate what this great family medicine does toward building up the system, ninety per cent of the illness would be avoided. When people get sick they blame different causes, but if they would only stop and think, the chief cause is the system is allowed to run down; the blood becomes thin, the digestive organs are not strong enough to do their work properly, the tissues become weakened, the kidneys are unable to carry off the waste matter. The result is pains, aches and all kinds of troubles. Just give your system a chance; build it up by taking Duffy's Pure Malt Whiskey as directed; it will build new tissue, by helping the stomach to digest the food, strengthen the heart action, enrich the blood and invigorate the body, brain and nerves.

Sold in SEALED BOTTLES ONLY by most druggists, grocers and dealers, $1.00 a large bottle. Our doctors will send you advice free, together with a valuable illustrated medical booklet, on application.

The Duffy Malt Whiskey Co., Rochester, N. Y.

REGISTERED PURE & UNADULTERATED TRADE MARK

make it an instrument not only for securing honesty in municipal affairs but for bettering the living and working conditions of the men and women who toil with their hands.

"In the same fashion we battle against Tammany Hall in the governorship fight because Tammany Hall is attacking the Governor, not for what he may have done before election, but because since election he has stood for honesty and the rights of the people. I wish to call the attention of the conservatives who have professed such horror of the Progressive doctrine of the popular recall to just what has been done by Tammany in the absence of the popular recall. I ask you to consider whether you prefer the recall exercised by the people themselves at the polls, or the recall exercised by Mr. Murphy at the end of a telephone.

*Real Reason for Impeachment.*

"I am not now discussing the merits of the charges nor the evidence against Governor Sulzer. I am not now speaking of any matter pending before the court of impeachment, nor of the allegations that will be considered by the court of impeachment. These allegations afford only the nominal reason for his impeachment. All the matters now produced before that court were well known to the leaders of Tammany Hall at the time they were calling Governor Sulzer a second Andrew Jackson. They remained silent about them until the Governor refused to take his orders from the boss of Tammany Hall. The real reason for the Governor's impeachment may not come before the body now trying him. But these real reasons, the real charges, must be passed upon by the people.

"No intelligent and honest man doubts that the attack upon the Governor has been made, not because of anything he did during the campaign or before he took office, but because, through his officials, he hunted down corruption after he took office, and because he championed the cause of popular government and the rights of the people against the mandate of Tammany Hall."

# BURLESON PRAISED BY POSTMASTERS

## Numerous Attempts by Republicans to Criticize Wilson's Administration Suppressed.

[Special to The Times-Dispatch.]

Norfolk, Va., September 27.—After suppressing numerous attempts by Republican postmasters, both from Virginia and North Carolina, to bring out action in criticism of President Wilson's administration and policies affecting the personnel of the postal service, the Virginia and North Carolina Postmasters' Association, in joint session here, to-day adopted the resolution of its joint committee highly commending the administration of Postmaster-General Burleson "in his official acts, showing both fairness to the men of the service and ability of high order."

A. V. Laughinghouse, Republican postmaster at Grifton, N. C., wanted the convention to ask that Confederate soldiers now fourth-class postmasters, be put on the preferred list, but after this had been opposed by General Stith Bolling, of Petersburg, a prominent ex-Confederate, as being out of place, the convention promptly adopted a motion to adjourn without action on the Laughinghouse motion.

The convention straightened out the authorship of a lost motion offered yesterday by Postmaster Edgar Allen, Jr., of Richmond, "regretting that the Post-Office Department had not seen fit to send a representative to this convention." This motion had been incorrectly credited to S. Brown Allen, postmaster at Staunton, who, on the first day of the convention, had notably emphasized twice in his annual address that at every convention up to this time the department sent a representative from Washington.

E. M. C. Quimby, of Suffolk, was elected president of the Virginia postmasters and H. McL. Green, the new democratic postmaster at Wilmington, was elected president of the North Carolina association. The two conventions decided to continue the arrangement of joint meetings, but did not determine the next place of meeting.

# READY FOR THIRD WAR IN BALKANS

## King Constantine of Greece Is Preparing to Again Take the Field.

London, September 27.—King Constantine of Greece had a long conference to-day with Sir Edward Grey, the British Foreign Secretary, on the situation in the Turkish province of Thrace and in Albania, which has become so menacing that Greece is preparing for a third Balkan war.

The disposition of the islands in the Aegean Sea was also discussed. Turkey is expected to have demanded that Chios and Mitylene be restored to her before she will consent to resume peace negotiations with Greece.

Belgrade, Servia, September 27.—A force of 50,000 Mohammedan Albanians, equipped with modern arms and machine guns, advanced to-day on the towns of Kichevo, Petlin, Prilarend and Lelova. The Servians did not offer any resistance to the advance.

Official circles here declare that several days must elapse before the Servian commanders are able to mobilize a force of troops sufficiently strong to deal with the Albanians.

The town of Monastir is overflowing with fugitives from the country districts, who tell of horrible atrocities committed on Christians by Mohammedan Albanians.

# WILL OPPOSE EMBREY IN RACE FOR HOUSE

### S. Peter Powell Files Formal Notice of Candidacy—Contract for New Hotel Awarded.

Fredericksburg, Va., September 27.—S. Peter Powell, of Spotsylvania County, has filed formal notice of his candidacy for the House of Delegates from the legislative district composed of the county of Spotsylvania and the city of Fredericksburg, in opposition to W. S. Embrey, of Fredericksburg, the Democratic nominee.

The farm adjoining Hop Yard Wharf, on the Rappahannock River, in King George County, has been sold by Eugle Taylor to Lieutenant Allen M. Sumner, of Boston, Mass. Lieutenant Sumner will reside on the property with his family. The wharf property was recently purchased by the Maryland, Delaware and Virginia Railway Company and a splendid new wharf erected there.

The annual german in connection with the Fredericksburg fair will be held this year, as usual, on Wednesday night next week, during the fair.

Mrs. Robert E. Gray, an aged woman of Stafford County, had a fall at her home, resulting in the breaking of her hip. She was brought to the Mary Washington Hospital here for treatment.

The contract for constructing the new modern hotel at Fredericksburg has been awarded for $47,000, and the contract for heating and plumbing was awarded for $10,000. The contract for electrical wiring is yet to be awarded. The work of the construction of the building will begin at once.

A. H. Judy, of Judyville Farm, Stafford County, has entered into a contract with Northern capitalists to conduct a large alfalfa farm on the Pamunkey River, in Hanover County. A large acreage will be seeded in alfalfa, and the entire management will be under Mr. Judy.

*CONDITION IS SERIOUS.*

### J. N. Osborne, of Lawrenceville, Suffering With Blood Poison.

[Special to The Times-Dispatch.]

Lawrenceville, Va., September 27.—The condition of J. N. Osborne is considered very serious since blood poison has developed in his hand, caused by a slight wound. Several days ago Mr. Osborne mashed his fingers in a grist mill. On Friday Dr. A. J. Osborne, who is attending his brother, was very apprehensive as to the result of the case.

## The Suits That Smart Women Will Wear This Fall Are Here at $25

### See Window Display

No matter how fastidious you are of style, tailoring and fit, the new garments displayed here at this special price are beyond criticism. A charming display of Fall Hats for the kiddies, millionaire and Fauntleroy shapes, 50c to $3.00.

# Short News Stories From All Over Virginia

*TO BREAK CAMP ON TUESDAY.*

### Orders Issued Delay Departure of Troops for One Day.

Winchester, Va., September 27.—Orders have been issued at the cavalry instruction camp holding the departure of the brigade of cavalry for another day, and camp will be broken and the march to Washington begun at 8 o'clock on next Tuesday morning, September 30, instead of Monday, as was provided for in the original order. The brigade now expects to arrive in Washington on Friday morning of next week.

The beautiful green sward of the ellipse south of the White House may be converted into a white-tented city early next month, when the 5,000 troopers reach the national capital to be reviewed by the President and Secretary of War.

Although the whole brigade, consisting of the Tenth, Eleventh and Fifteenth Regiments of Cavalry, will march the entire distance, four troops will be delayed two or three days in arrival. This is because two of the troops will stop at Fairfax for two days, and two other troops will make a similar stay at Fredericksburg.

The entire brigade probably will remain in Washington about a week. If it is found undesirable to have the soldiers pitch their tents on the White House ellipse they will go into camp either on the reservation at Fort Myer or at the Washington barracks.

*RUNNING ON SHORT TIME.*

### Menhaden Fish Guano Factories Doing Very Little Business.

Heathsville, Va., September 27.—The menhaden fish guano factories for the past two weeks have been doing very little business. The weather has been unfavorable, and very few fertilizer fish have been caught.

The majority of the factories have been running on short time, and with reduced forces. During the latter part of this month and October the fishing steamers ply along the Atlantic coast as far north as Massachusetts Bay, looking for "bunkers," as the large menhaden are called.

The fishermen hope to repair their losses by the catches made at sea.

*BUILDINGS NEAR COMPLETION.*

### Increased Facilities for Children at Presbyterian Orphanage.

Lynchburg, Va., September 27.—With the end of the building season approaching, the work of completing the new buildings at the Presbyterian Orphanage is progressing rapidly, and in a few weeks more the two new dormitories will be ready for use, and this will enable the trustees of the institution to double the number of the children under their care.

A silo has been completed and the granolithic walks have been finished, so that it is now possible for the children to reach the street car lines without a tramp through mud in bad weather. The cold-storage plant is being installed in connection with the new dairy, and a new smokehouse and coalhouse are being erected.

One of the first conditions that Superintendent Warthen found when he took charge of the orphanage last summer was that there was no provision for play time periods for the children, owing to the fact that there was no equipment. Baseball, tennis and such games were not played because there was no equipment. So in the first orphanage bulletin the new superintendent suggested the needs of the children for pastimes. He showed that $10 was needed for baseballs and bats, $10 for tennis, $5 for croquet, $5 for swings and $500 for a swimming pool. Since that all of these things have been given by friends excepting the swimming pool.

A. B. Carrington, of Lynchburg, gave two croquet sets as a result of the appeal. A. C. Tripps, of Baltimore, sent $10 for tennis equipment, as well as the same amount for baseball, and Mrs. G. W. Armstrong gave $5 for swings, which are now in use. The Rivermont Athletic Club has also given a lot of balls and bats, and next spring a diamond is to be laid off for the boys, which will always prove a boon to the kiddies of the institution.

J. O. Watts, of Lynchburg, has sent the boys a football, and B. W. Buckingham has made basketball possible by the donation of a sphere for the game game.

*STUDENT POPULATION LARGE.*

### More Than 1,300 Enrolled in Various Fredericksburg Schools.

Fredericksburg, Va., September 27.—With the school session well under way, and a great majority of the scholars enrolled, it is interesting to know that the student population of this city, including the Normal School, is 1,372, quite a large figure for a city of this size and one which bears out the fact that Fredericksburg is rapidly becoming an educational centre of importance in this State.

The figures given below include the present enrollment of all the schools in the city. This will naturally be increased slightly as the sessions advance, but the increase in comparison to the total number, will be small. But for the fact that there is not sufficient accommodation at the State Normal School, the number would be much larger, as there are many more applicants for rooms there than the building could accommodate, and a member of the normal faculty stated the other day that he thought if the school had another dormitory, equal in size to the present one, it would be filled to capacity within two years.

Following is the entire enrollment:

| | |
|---|---|
| Public schools, white | 704 |
| Public schools, colored | 320 |
| Normal School | 208 |
| College | 140 |
| Private schools | 100 |
| Total | 1,372 |

*CAMPAIGN TO RAISE $100,000.*

### Plans to Erect Modern Y. M. C. A. Building in Roanoke.

Roanoke, Va., September 27.—An enthusiastic and well attended meeting of the campaign committee and board of directors of the Young Men's Christian Association of Roanoke was held last night at the temporary quarters of the association, Church and Henry Streets. In calling the meeting to order, W. S. McClanahan, president of the association, outlined the plans and aims of the association, and read the names of the following men who have agreed to serve on the campaign committee: L. E. Johnson, R. H. Angell, H. C. Elliott, T. S. Davant, J. B. Fishburn, W. C. Stephenson, Edward L. Stone, H. S. Trout, C. Edwin Michael, F. B. Thomas, J. B. Newton, E. T. Burnett, W. S. McClanahan and T. T. Fishburne.

Mr. Johnson was elected chairman of the committee, with J. B. Fishburn, first vice-chairman; R. H. Angell, second vice-chairman; W. C. Stephenson, third vice-chairman; J. H. Creighton, secretary.

Walter C. Douglas, who for twenty-two years served as general secretary of the Young Men's Christian Association of the city of Philadelphia, spoke of the successes attending the million-dollar campaign recently held in that city. It was decided to make the campaign in Roanoke for $100,000 to erect and equip thoroughly a modern building. The date for the campaign was set for November, and M. C. Williams, of the international committee of the Young Men's Christian Association, will be present and direct the actual work of the campaign.

*VISITS HOME OF ANCESTORS.*

### Hudsonville, Ill., Man Guest of Relatives in Page County.

Luray, Va., September 27.—Edward Holmes, of Hudsonville, Ill., arrived here Tuesday of last week and is visiting his aunt, Mrs. T. C. Strickler, and his uncles, Charles B. and W. A. Rickard and other relatives for two weeks. Mr. Holmes's father was Thomas Holmes, of Big Spring, this county, and his mother, Miss Phoebe Rickard, was also of Page. This young couple moved West in wagons with other relatives years before the Civil War and were married afterwards.

The occasion of Mr. Holmes's trip East is to market three car loads of hogs in Brooklyn, N. Y. He owns a fine estate in Illinois, and deals largely in swine, having fed as many as 400 at one time on his farm.

This is Mr. Holmes first visit to Page. He married in the West and has raised a large family there.

One acquainted with the genealogy of the family, says that Thomas Holmes, the visitor's father, was the son of William Holmes, of Page, who was a brother of Samuel Holmes, the latter having been the father of Hiram Holmes, the toll gatekeeper.

*BLACKSNAKE JOINS PARTY.*

### Unwelcome Visitor Badly Frightens Mr. Scott's Guests.

Orange, Va., September 27.—T. G. Scott invited a few of his friends to be his guests at his rooms Saturday night. There was one visitor he guests, at least, did not know was to be present. He was late in putting in his appearance, but when he did he occupied the centre of the room, until he thought he had caused commotion enough. Then he retired. This visitor was a big blacksnake, and after his appearance Mr. Scott's visitors stood on chairs, tables and trunks for the rest of the evening, and refused to descend from their perches even when refreshments were announced.

After they had gone Mr. Scott made a search for the snake, but could not find it. The next morning it was found wet and chilled on the sidewalk below his rooms. He carried it back to its box from which it had escaped the night before. The supposition is that reptile considered its reception by the host's guests rather distant, and for that reason retired through an open window.

The snake was presented to Mr. Scott by George Taylor, and the former has an interesting collection of reptiles.

*SORA VERY PLENTIFUL.*

### Large Numbers Killed in Heathsville Section Since Season Opened.

Heathsville, Va., September 27.—The recent high tides have made the shooting of sora and birds, the season for which opened September 1, very enjoyable and profitable. Large numbers have been killed. The birds are reported unusually large and fat this year.

The chestnut trees and chinquapin bushes are loaded, and persimmon trees bow beneath their load of fruit.

Never were squirrels so plentiful as at the present time. Farmers complain of the damage they are doing their corn. One field near here looked as if a drove of hogs had been at work, but in that field a sportsman killed seventeen squirrels one afternoon. This same sportsman has bagged largely over a hundred squirrels.
