SHOULD SEEK VOTE IN VARIOUS STATES

Borah Shows Difficulty of Federal Amendment for Woman Suffrages.

OTHER QUESTIONS INVOLVED

Only Hope of Success Lies in Repeal of Fifteenth Amendment.

Washington, March 17.—After a vigorous defense of woman suffrage in the Senate to-day, Senator Borah, of Idaho, shocked suffrage advocates on the floor and in the galleries by declaring it was impractical and impossible for women to obtain the vote by constitutional amendment. He predicted that after fifteen years of vain endeavor, women would renew their abandoned request before the people of the States, because in seeking an amendment to the Federal Constitution they had loaded themselves down with the negro question, the Japanese question and a dozen other States' rights problems.

"You will never carry the required thirty-six States for a constitutional woman suffrage amendment," said the Senator, "until you repeal the fifteenth amendment."

Asserting that the fifteenth amendment, giving the negro the right to vote, was a blunder in the first place, and now a dead letter, not being enforced in a single State, Senator Borah asked whether advocates of the women suffrage amendment, now pending, for a moment supposed Southern States would add 2,000,000 to the list of those whom they must disfranchise.

Violation of law is a bad thing," he added. "It is demoralizing to the negro race to place in the Constitution the form of rights that we do not mean to see they shall enjoy."

The fifteenth amendment, the Senator declared, was a blunder, engendered in a spirit of retaliation with the result that after the first blush of satisfaction, the North had connived at the South's violations of it. "The amendment infringed upon States' rights and might furnish a precedent for an amendment declaring the right to hold real estate or attend school should not be denied of race or color.

"I have no desire," explained the Senator, "to bestow the franchise on the 10,000 Japanese on the Pacific slope, or yield up to the Federal government the control of the school questions of the Pacific Coast."

Answering a question by Senator Thomas, Senator Borah said he was in favor of repealing the fifteenth amendment if woman suffrage could be obtained in no other way. The Idaho Senator and Senator Vardaman, of Mississippi, engaged in a tilt over the progress of the negro race.

Senators Lane, Thomas and Poindexter, spoke for the amendment. No vote was taken, and the resolution will come up again to-morrow.

"Modern progress can accomplish most things, but it never will be able to substitute an elevator for the ladder of fame."—Price.

PARTIAL SOLUTION OF TWO PROBLEMS

Suggested That Unemployed Men Take Place of Children in Industrial Plants.

New Orleans, La., March 17.—Delegates to the tenth annual National Child Labor Conference here became enthusiastic to-night over the statement that a partial solution of two problems would be to take children out of industrial plants and fill their places with the unemployed men now in this country. The expression came from Pauline M. Newman, of New York, general organizer of the International Shirtwaist Makers' Union. Miss Newman contended that the employment of children was in the end the most expensive sort of labor. Her address immediately followed that of Lewis W. Hine, staff photographer of the National Child Labor Committee, in which he used the stereopticon to prove the "high cost of child labor."

Archbishop Blenk, of New Orleans, to-night spoke on "Night Messenger Service by Men, not Boys."

"Cotton manufacturers are now the only ones, as a class, who oppose child labor legislation," declared Wiley H. Swift, of Greenville, N. C., secretary of the North and South Carolina Child Labor Committee, at the session to-night.

"They want to employ children," he continued, "and they fight all laws restricting the employment of children. But they no longer say they are educating children; that is a question for the parents, and the State has no right to interfere as they did of old. They base their sole opposition on the contention that their workers are so poor that the children must work to live.

"What Is the Child Worth" was the subject of an address to-night by Miss Josephine J. Eschenbrenner, of New York, membership secretary of the National Child Labor Committee.

The selection of the place for the next convention will be made by the executive committee at some later date.

Gone Forever Are Dyspeptic Days of Old

The Simple, Safe, Sure Use of Stuart's Dyspepsia Tablets Will Bring Joy to Any Stomach Sufferer in an Easy, Comfortable, Dietless Way.

How many quiet, afraid-to-make-a-noise, unhappy homes there are due to cross, irritable, miserable, close-that-kitchen-door kind of dyspepsia sufferers. Such men and women cannot help their peevishness, for they suffer terribly and should not be censured.

A stomach that is irritated, raw, rebellious and not fit to do its work is certainly the cause of constant dragging down and even excruciating agony.

It is a feeling surpassed by no other illness known to man.

No one should blame such a person for ill temper and silent moodiness. Ever and always is that dead, gone, sour tasting feeling at hand to curse every waking hour.

Dyspepsia, bad breath, gastritis, catarrh of the stomach, pains in bowels, nervousness, heartburn, belching, bloating, etc., come from wrongful conditions of digestive juices. There is nothing to correct these horrors until these juices are again replenished.

When the system exhausts its juices, when the liver, when the pancreas, the stomach become thereby unfit to furnish the proper digestive fluids, one cannot expect this same system, without aid, to do anything else than keep on making their improper digestive products.

Such a condition means all manner of suffering, and unquestionably fatal danger lurks in such delay.

There is relief in Stuart's Dyspepsia Tablets that means a restoration to normal health, a building up of correct digestive juices and an absolute harmlessness in the method and its result.

Stuart's Dyspepsia Tablets contain qualities in just the right proportion to build up the weakened gastric juice. When the tablet reaches the stomach, it readjusts matters quickly, balances acids and alkalies and stops pain, suffering, etc.

Other ingredients have just as important effects upon the intestines as well as the stomach, and thus in a remarkably short time stomach ills, indigestion, etc., disappear.

Go to your druggist to-day and obtain a box of Stuart's Dyspepsia Tablets, price 50 cents.—Advertisement.

WILSON INDORSED BY NEWSPAPER MEN

Resolution Unanimously Adopted by Southern Publishers' Association.

Atlanta, Ga., March 17.—Indorsement of the administration of President Wilson was given here to-day in a resolution adopted by the Southern Newspaper Publishers' Association at the closing day's meeting of the organization's annual convention.

F. W. B. Hinman, of the Florida Times-Union, Jacksonville, was elected president of the association for the coming year. Other officers selected were W. L. Halstead, of the Atlanta Constitution, vice-president, and William Clemens, of the Birmingham News, secretary. Asheville, N. C., was chosen as the meeting place for the 1915 convention. The date of the convention will be selected later.

A telegram was sent to President Wilson informing him of the approval of his administration by the convention.

The message follows:

"Honorable Woodrow Wilson, Executive Mansion, Washington, D. C.:

"At a meeting of the Southern Newspaper Publishers' Association, representing sixty daily newspapers of the South, now in session here, a resolution unqualifiedly indorsing your administration was enthusiastically and unanimously adopted.

"F. W. B. HINMAN,
"Vice-President."

Mr. Hinman, elected president at the closing session late to-day, was vice-president of the organization during the past year.

M. W. Connelley, of the Memphis News-Scimitar; W. T. Anderson, of the Macon Telegraph; A. E. Clarkson, of the Houston Post; W. C. Johnson, of the Chattanooga News; James R. Holliday, of the Atlanta Constitution; Charles D. Atkinson, of the Atlanta Journal, and George Auer, of the Atlanta Georgian, were included among the speakers, dealing with editorial and business ideals in newspaper publishing.

The association adopted an accredited list of advertising agencies to aid publishers in obtaining advertising that is honest in its claims.

SCHOOL BUILDINGS DEADLY FIRE TRAPS

Prevention Expert Makes Charge Against Institutions in New York.

[Special to The Times-Dispatch.]

New York, March 17.—That every public school in New York City is a fire trap is the charge made by Charles G. Armstrong, the noted fire-prevention expert, in an article published in a March magazine.

Emphatic denial of the charge is made by officials of the Board of Education, but in eloquent indorsement of Mr. Armstrong, Fire Commissioner Adamson to-day made public these facts from the records of the Fire-Prevention Bureau:

"That of 500 orders issued by the Fire-Prevention Bureau on November 9, 1912, to remedy menacing conditions in public school buildings, 275 of these orders have never been complied with. That is to say, in 275 of the 600 school buildings in Greater New York, conditions exist which the Fire-Prevention Bureau regarded as dangerous to the lives of the pupils in the schools, and ordered remedied, but which the Board of Education, in the intervening fourteen months, has disregarded.

"The old school buildings are fire traps—all of them—and deadly ones. The new structures also are fire traps—all of them—if in a lesser degree. If the city has not been plunged into grief and horror by a holocaust of its precious charges—that it has not been afflicted with the terrifying spectacle of hundreds of helpless little ones sacrificed in a furnace formed in a few moments—it is not because precautions have been taken against the possibility of such a catastrophe. It is because chance so far has favored us, and because we have an extremely efficient fire department."

Mr. Armstrong admits that the school buildings for the most part are fireproof in the respect that the buildings themselves will not burn. But adopting a recent warning of Fire Chief Kenlon, he points out that the buildings are huge stoves, with highly inflammable fittings and furnishings and gross carelessness in fire-preventive methods.

Held on Mutiny Charge.

Savannah, Ga., March 17.—Three seamen of the New York schooner Three Marys are lodged in the Savannah Jail on charges of mutiny, preferred by Captain Gantt, of the vessel. According to the captain, the men refused to obey orders to clear port last night because Gantt would not pay a fine of $20 assessed against a fourth member of the crew on a disorderly charge. The fourth seaman is held by city authorities.

Woman Commits Suicide.

San Francisco, Cal., March 17.—Mrs. Lina Lindrot, wife of a wealthy resident of Los Angeles, committed suicide with poison in an apartment-house here to-day in the presence of Kirt Larsen, a Los Angeles business man. Larsen and Mrs. Lindrot had quarreled. Mrs. Lindrot formerly was Miss Lina Mason of Memphis, Tenn.

To Maintain Mexicans.

Washington, March 17.—Five hundred thousand dollars to maintain Mexican soldiers and refugees interned in the United States has been added to the urgent deficiency appropriation bill reported to the Senate to-day. The total of the measure was increased to $10,348,321, an increase of more than $1,000,000 over the total as it passed the House.

SKIN TROUBLES FROM SCROFULA

Among the many manifestations of scrofula are eruptions on the face and body. These are both annoying and disfiguring. How often the complexion would be perfect if they were not present!

Other manifestations are bunches, inflamed eyelids, sore ears, wasting of the muscles, and general debility.

Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula and builds up the whole system. Get it to-day. (Advertisement.)

MORE AGGRESSIVE POLICY INDICATED

Outlook for Peaceful Settlement of Home Rule Question Very Dark.

[Special to The Times-Dispatch.]

London, March 17.—The outlook for a peaceful settlement of the home rule question is blacker this St. Patrick's Day than it has been at any time since the present bill was introduced. John Redmond, in his speech to-night, dotted the i's and crossed the t's of Mr. Churchill's grave declaration at Bradford on Saturday. The Irish leader went further than Churchill by declaring "force shall be met by force."

There is evidence that the government is taking steps to back its attitude by practical measures and embarking upon a more aggressive policy. It is rumored that additional troops will be drafted into Ulster. On the other hand, it is stated that the War Office has advised the Premier that it would be undesirable to use the military forces against the Ulstermen. It is certain, however, that large reinforcements of the Irish constabulary have been drafted into Ulster from the other provinces.

It is reported to-night that the arrest of the leaders of the "Ulster Volunteers" on charges of high treason is contemplated.

The Cabinet held a prolonged discussion to-day, and it is expected that a declaration of the policy will be made during to-morrow's debate, when Churchill's speech will be found to have the entire support of his colleagues.

Meanwhile the Ulster leaders are preparing for eventualities. At the end of this week Captain Craig and others are going to Belfast, where 4,000 picked South African veterans will be mobilized.

Crowd Lynches Negro.

Fayette, Mo., March 17.—Two hours after Dallas Shields, a negro barber, had shot to death Constable Joseph Gaines here to-night and terrorized the town, he was lynched by 250 citizens in the courthouse yard. Gaines was shot while trying to arrest the negro for a misdemeanor. The mob moved quietly and quickly. The leaders seized the sheriff, took the jail keys, and dragging the negro to the rear of the jail-yard, hanged him to a tree. When satisfied Shields was dead, the crowd dispersed.

To Inspect Military Schools.

[Special to The Times-Dispatch.]

Washington, D. C., March 17.—Orders were to-day issued to Captain S. J. Bayard Schindel, of the general staff, United States Army, to make the annual inspection of the military departments of Virginia Military Institute, Lexington; Virginia Polytechnic Institute, Blacksburg; Staunton Military Academy, Staunton, and Fork Union Military Academy, Fork Union. G. H. M.

OBITUARY

Allen Freeman.

[Special to The Times-Dispatch.]

Fredericksburg, Va., March 17.—Allen Freeman, a gallant Confederate soldier, died Monday night at his home here, after a lingering illness, aged eighty years. He was a member of the Eleventh Virginia Regiment, Pickett's Division, Longstreet's Corps, and the last two years of the war was scout for Mosby. He is survived by his wife, one son, George Freeman, and one daughter, Miss Carrie Freeman. The funeral will take place from the Baptist Church here on Wednesday afternoon at 3 o'clock, conducted by the pastor, Rev. R. A. Williams, D. D.

Hiram Roudabush.

[Special to The Times-Dispatch.]

Harrisonburg, Va., March 17.—Hiram Roudabush, sixty-nine years old, is dead near Penn Laird. He was a prominent county resident, and was the founder of the town of Penn Laird, which for several years was called Roudabush. He was a brother-in-law of John B. Peale, of Harrisonburg, for years deputy county treasurer.

Mrs. Martha Skinner.

[Special to The Times-Dispatch.]

Fredericksburg, Va., March 17.—Mrs. Martha Skinner, of Caroline County, died at her home, near Guinea, aged eighty-eight years. The funeral was held to-day, conducted by Rev. C. H. Pierson. Interment was in the family burying-ground.

Samuel H. Bassett.

[Special to The Times-Dispatch.]

Martinsville, Va., March 17.—Samuel H. Bassett, a prominent citizen of Bassett, this county, died at his home there this afternoon after an illness of only two days. Death is thought to have resulted from kidney trouble. He was thirty-eight years old, and is survived by his wife and two children. He also leaves his father, John H. Bassett; three brothers—J. D. and C. C. Bassett, of Bassett, and Joe Bassett, of Roanoke. He leaves two sisters—Mrs. Stone and Mrs. Ramsey, of Bassett.

Benjamin Miller Bruce.

[Special to The Times-Dispatch.]

Suffolk, Va., March 17.—Benjamin Miller Bruce, a wealthy Suffolk citizen, died this morning at 5:30 o'clock, after one week's illness, being stricken with pneumonia on Tuesday morning. He was sixty-three years old.

Mr. Bruce is survived by his widow, who was Miss Fannie Brothers, of Nansemond County; one son, Harry Bruce, and one daughter, Mrs. M. T. Elliott; a sister, Mrs. Mary E. Smith, of Norfolk. There also survive him a grandson, Benjamin Bruce Elliott, and three nephews and five nieces, all of Norfolk and North Carolina.

Mr. Bruce was an extensive property owner. He was a member of Ruth Lodge, No. 89, A., F. & A. M., Norfolk, and of the Suffolk Lodge of Elks, No. 685.

DEATHS

TRUE.—Died, at 10:30 P. M., at her residence, 503 North Sixth Street, MRS. LOUISA TRUE.

Funeral notice later.

NEAL.—Died, at the residence of her daughter, Mrs. F. H. Herndon, 2230 Park Avenue, MRS. W. A. NEAL, at 1 o'clock A. M. to-day.

Funeral announcements later.

IN MEMORIAM

BOWE.—At his home, Richmond, Va., on Saturday, March 14, 1914, NATHANIEL W. BOWES, kind heart ceased to beat forever.

In life he was exact, yet generous; he was as firm as a rock, yet as polished as the corners of a temple.

He was one of the politest men in the Commonwealth, and a fearless Confederate soldier; he was trustworthy and religious.

Though dead in the flesh he liveth in the spirit. He was an exemplar.

The writer has known him well for nearly fifty years as a comrade and citizen; he was my friend in sunshine and shadow.

JAMES R. WERTH.

DUE TO BITE OF MAD DOG

Doctor Announces Discovery That Epilepsy Is Like Hydrophobia.

[Special to The Times-Dispatch.]

Chicago, March 17.—The discovery that epilepsy is identical with hydrophobia, is always due to the bite of a mad dog and will respond to the Pasteur treatment for a person afflicted with rabies, was announced to-day by Dr. F. Patrick Machter, superintendent of Iriquois Memorial Hospital. The discovery was made accidentally, according to Dr. Machter, through keeping records of cases in which the Pasteur serum was administered. Among the patients were several epileptics, who reported that their symptoms had disappeared. Dr. Machter, with the aid of Health Commissioner George B. Young and other physicians, conducted a series of experiments to prove his theory. He claims that the disease has not recurred in a single instance. He is preparing a report for the American Medical Association. Iriquois Hospital is a free institution.

HARLAN SUCCEEDS CLARK

Railroads May Protest Against New Chairman of I. C. C.

[Special to The Times-Dispatch.]

Washington, March 17.—The appointment of Commissioner James S. Harlan to succeed Commissioner Edgar E. Clark, as chairman of the Interstate Commerce Commission, is expected to cause a storm of protest from the railroad world.

On account of Commissioner Harlan's work in hearing the Eastern advance rate case, in which he took the position of prosecutor, the railroads will object to his assuming chairmanship of the commission because as such he must decide the case. "To be a judge and jury all in one," as a high official of the commission said to-day, "may not be pleasing to the railroad men."

Commissioner Harlan's appointment as chairman of the committee was automatic. Under the new working order of the commission, each member of the board must serve one year as chairman. The term of Commissioner Clark was up to-day. By right of seniority, Mr. Harlan followed.

Nomination Confirmed.

Washington, March 17.—The nomination of Owen Gadger for postmaster at Asheville, N. C., has been confirmed by the Senate, it was announced today.
