WILLIE RITCHIE SIGNS TO FIGHT IN ENGLAND

New York, June 9.—Articles for a world's lightweight championship contest bewteen Willie Ritchie and Freddie Welsh were signed to-night after two days of wrangling. Ritchie, with his brother, Emil Thiry and Mr. and Mrs. Hicks, of Chicago, will sail tomorrow on the Aequitania for London, where Ritchie will start active work for the bout. Welsh is now on his way over, having sailed last Saturday. On the same boat will be Bob Vernon, who signed the articles representing the London promoters, and Harry Pollock, manager of Welsh.

A new set of articles were drawn up to-day by Denis F. O'Brien and signed by Vernon, Pollok and Ritchie, with George Considine and Billy Gibson acting as witnesses. The articles stipulate that the American champion is to receive $15,000 guarantee for boxing, with a privilege of taking 50 per cent of the gross receipts if they go over $30,000. In addition, Ritchie will be paid $10,000 for his moving-picture rights. This money is to be posted with Billy Gibson one week before the fight. Gibson has received $5,000 of the club's money already and to-morrow will be given the balance of $10,000. Each boxer has posted $1,000 for weight and $1,500 for appearance. The articles call for the men to weight in at 135 pounds at 2 P. M. the day of the contest, July 4.

The men are to wear soft bandages and five-ounce gloves. Eugene Corri, of London, has been decided on as referee. Mr. Corri has already consented to act in that capacity. After weight and appearance forfeits were posted to-night, Ritchie was handed $1,000 for expenses. The champion intends to travel on the continent with his party for two months after the fight, and, in case of victory, will go on a theatrical tour before returning to the United States.

KID WILLIAMS SCORES KNOCKOUT OVER COULON

Baltimore Bantamweight Takes Measure of His Opponent in Third Round.

WINNER WAS BIG FAVORITE

Betters Lay Wise Money at Odds That Reach 2 to 1—Former Champion Unable to Land But One Effective Blow.

Vernon, Cal., June 9.—Johnny Coulon, bantamweight champion of the world, lost his title to-night to "Kid" Williams, of Baltimore, who knocked him out with a stiff right-hand punch to the chin in the third round of their twenty-round contest. The fighting was all Williams's own from the start. Coulon seemed to be unable to solve the problem of landing anywhere in the short interval of the first two rounds, and was saved at the close of the second round only by the timely ringing of the bell.

The result proved the wisdom of the betters, who favored Williams from the start, holding that Coulon's illness, which kept him out of the ring a year, had robbed him of championship form. The odds on Williams went as high as to 2 to 1 at the ringside. While no betting was in evidence, the odds were 10 to 6.

At the opening of the first round, the crowd repeatedly called for Williams to "get in and do it," evidently assured that he was capable of making good his claim to the championship title. Coulon landed but one really effective blow during the short contest. Toward the close of the first round, he managed to reach Williams's face.

Although the champion was obviously outclassed from the beginning, his blow to Williams's face elicited cheers from the crowd. The fighting was fast and exerting from the start.

Williams held the centre of the ring and kept Coulon sparring near the ropes. When the former champion received the blow which deprived him of his title, he fell nearly under the ropes, within a few feet of Williams's corner.

As referee Eckton raised the new champion's arm, signifying him to be the winner, the crowd rose and cheered lustily. Williams ran around the referee and attempted to assist the ex-champion to his feet. Coulon appeared shaky and scarcely able to walk. As he had gone a step or two he went to his corner unassisted, however, and refused Williams's proferred aid.

For eight minutes work in the ring and taking a beating at the hands of the champion, Coulon received about $8,000.

Williams received $2,500 as his end of the purse.

STORY OF THE FIGHT TOLD ROUND BY ROUND

Round 1.—The men did not shake hands. After fighting once around the ring Coulon landed a left to the chin and clinched. Williams reached the neck with a scratchy right. Coulon sent Williams's head back twice with straight lefts, and Williams knocked Coulon backward with a right on the breast. Williams shot over a stiff right hook on the jaw, and Coulon clinched. In a clinch, Williams hammered the kidneys. Both missed lefts for the face, and they fell into a short clinch. Coulon was short with a left body blow, but kept coming, and both boys stood flatfooted and slugged in the centre of the ring.

Round 2.—They sidestepped and fell into a corner together, Coulon grabbing Williams around the body and wrestling him viciously. The referee had to caution him. Williams's short right hook came into play a moment later, when it reached the point of the chin, but did no damage. The Baltimore lad was now tensing his right arm muscles and holding his right hook ready for action. He was short with the right twice, and Coulon clinched. Coulon struck the left in the mouth, and they again clinched. Coulon's kidneys were red from Williams's right hand beating in the clinches. Williams upper-cut the champion with the right at close quarters, and followed with the left. Williams rushed in and caught Coulon with the right flush on the point of chin, and Coulon went to the floor. He took the count of nine and rose to his feet just as the bell rang.

Round 3.—Coulon led with the left and tried to bewilder his opponent with buzz saw movements of his arms, but Williams was not to be denied. He kept his head and fought back until the champion went into a clinch. Coulon reached the body with right and left, and they went into another clinch. Williams landed a right hook on the neck and followed with a left on the other side. Fighting the champion to the ropes, Williams sent over a left to the jaw and followed with his famous right hook. The blow did not appear to travel over a foot. It caught the champion squarely on the point of the chin, and he went to the floor. He shook himself to clear his brain and tried twice before he succeeded in rolling over on his stomach. But try as he would he could do no more than gain one knee at the count of ten. Referee then proclaimed Johnny Williams the new bantamweight champion.

McGuire's University School

1865 — 1914

JOHN P. McGUIRE, Principal.
Facing William Byrd Park, Richmond, Va.

University of Virginia, May 24, 1914.

It is a pleasure to me to have the opportunity of stating that in my judgment McGuire's University School—in its half-century of honorable activity—has filled, and continues to fill, a most important place in the secondary educational system of the State and of the country.

For about fifteen years at the University of Virginia it has been my duty, on numerous occasions, to pass upon the preparation of students entering the university from McGuire's School, and it is only fair to the school to say that in no case have I found that a student entering with the McGuire recommendation proved later to be deficient in subjects for which he was recommended.

Considering the wholesome atmosphere of honor and morality by which the pupils are surrounded and the admirable genuineness and thoroughness of the work, I have no hesitation in saying that, in my opinion, any parent should consider himself most fortunate who has the opportunity to enter his son at McGuire's School.

WINN CLARKE IS NEARLY MOBBED FOR DECISION

Ruling That Gave Petersburg Winning Run Causes Fans Considerable Displeasure.

HIRSCH AND HALL IN DUEL

Both Pitchers in Great Shape and Put Up Grand Exhibition of Hurling—Police Come to Assistance of the Umpire.

Norfolk, Va., June 9.—Norfolk fans became so enraged at a decision by Umpire Winn Clarke in to-day's game with Petersburg that the police escorted the indicator handler to town from the park to prevent violence. The decision came in the seventh inning and gave the visitors the one run that ultimately decided a brilliant pitchers' battle between Sam Hall and Hirsch.

With one out and Simmons on first, Keller hit a grounder to Hall, who threw the batter out at first. Simmons was under the impression Keller's out was the third, and after touching second started for the field. The coacher warned him back, and he was run down between the bases afterward. But Clarke said Stein, the Norfolk second-sacker, interfered with Simmons. Had Simmons been called out for running beyond the base lines it would have retired the side. Laval tripled to right field and Simmons scored from second.

Norfolk got two men on in the ninth through Busch's error, but Hirsch would not yield a hit. Score:

SHAMROCK IV. SPEEDIER THAN OLD NAMESAKE

Southampton, England, June 9.—The first actual racing test between Shamrock IV., Sir Thomas Lipton's new challenger, and his older Shamrock, took place to-day over a thirty-mile course. Shamrock IV. finished two minutes and fifteen seconds, elapsed time, ahead, but the difference by no means represents the full measure of the challenger's superiority.

Shamrock IV. proved much the speedier craft, but nearing the finish the wind almost deserted her, while the older boat, still holding a good breeze, rapidly shortened the gap.

According to American measurements, Shamrock IV. gives the older Shamrock an allowance of four minutes and twenty-three seconds over a thirty-mile course.

APATHY IS DISPLAYED IN GENERAL ELECTION

Barely One-Fourth of City's Voting Strength Visit Polls to Cast Ballots.

ELECT AINSLIE AND COUNCIL

Democratic Primary on Next Tuesday, When Montague and Wendenburg Will Seek Nomination to House of Representatives.

Barely one-fourth of the voting strength of the city was shown in yesterday's election, which was for the ratification of the Democratic primary nominees for Mayor and the City Council.

As an example of the small number of ballots cast, the Second Precinct of Clay Ward reported 118 votes, when it usually registers 500 or 600. The Third Lee reported less than 100. The Fifth Jefferson had but 109. All other precincts showed similar small figures.

Mayor Ainslie was unopposed. In Jefferson Ward Aldermen Adams, Melton and Nelsen were re-elected, with Councilmen Rogers, Welsh, Sullivan, Lunsden and Powers.

Aldermen Powers, Workman and Christian, and Councilmen Pollock, Jones, Fuller, Atkinson and Cheatwood were elected in Madison Ward.

In Clay Ward Aldermen Paul and Mitchell, and Councilmen Peters, Seaton, Haddon, English and Pilcher were elected.

Lee Ward elected Aldermen Grundy, Gilman and Gunst, and Councilmen Powell, Ratcliffe, Butler, Fergusson and Batkins.

MILLS IS RETIRED IN JEFFERSON WARD

Councilman Mills was retired from Jefferson Ward as were Councilman Moore and Aldermen Perdue and Disney in Madison. Mr. Perdue refused to stand for renomination. Alderman Puller, of Clay Ward, holds over. Councilman Umlauf, of Clay, withdrew in order to run for the nomination for Mayor. Councilman English was elected to fill the vacancy caused by the death of Councilman Huber, of Clay. Alderman Bliley and Councilman Vonderlehr retired in Lee Ward. Councilman Pollard, of Lee, was not a candidate for renomination.

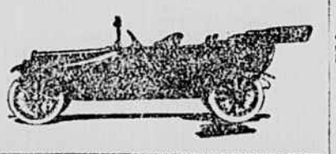
The oldest politicians said that they could not recall an election so utterly devoid of interest. But for the fact that all saloons remained closed there was no visible sign that an election was in progress.

Those elected will take office on September 1.

On next Tuesday the city and the Third Congressional District will again be in the midst of a primary, when the Democrats will select their nominee for the House of Representatives. Congressman Montague is seeking the renomination, and is being opposed by L. O. Wendenburg, State Senator from Henrico County.

Governor Montague will deliver his first campaign speech in Fulton tomorrow night. His duties at the national capital have prevented him from making a personal campaign. It is expected that Mr. Wendenburg will also make a campaign address before the close of the week. So far he has been confining his activities to the rural sections of the district.

Studebaker
ECONOMICAL LIGHT WEIGHT SIX
$1575



There is more car value in the Studebaker SIX than in any other "Six."

Because we manufacture a larger proportion of its parts than any other manufacturer produces for his car.

Every piece of steel used in it is made by a special Studebaker formula, and all parts are heat treated from two to four times during manufacture.

We actually create greater value in the Studebaker light-weight SIX'S parts than the makers of assembled "Sixes" can buy.

We can afford to embody highest quality in each of its parts because Studebaker builds 50,000 cars. Each car carries only one fifty-thousandth of the Studebaker overhead expense.

We are content with a smaller manufacturing profit per car, because our large production evens matters up.

Send for the Studebaker Proof Book, describing Studebaker manufacturing methods.
