STRONACH'S WAREHOUSE,

W. C. STRONACH & Co., Proprietors.

Grand opening sale WEDNESDAY the 15th Of April.

—REGULAR SALE DAYS—

TUESDAY, WEDNESDAY, THURSDAY AND FRIDAY.

After we opened the old Pioneer Warehouse on the 25th day of September, 1884 for the first sale of Leaf Tobacco in Raleigh, we found that Raleigh as a Tobacco market, was an established fact, and at once began to look around for more commodious quarters. Having purchased the lot No 65, Wilmington street, We at once contracted with the North Carolina Car Company for the handsome new Warehouse which they have just finished, and which will be opened for the first time on Wednesday the 15th day of April. We are now prepared to handle Leaf Tobacco as we hope, to the advantage of our Farmer Friends and ourselves. We expect a number of outside buyers at the opening sale and we believe it will pay any one having Tobacco to sell to send us some on that day. We have a full corps of competent clerks and employees, good sleeping rooms, excellent stables, and water on the premises. We promise you a good time and good prices for your Tobacco.

There are many good reasons why you should bring your Leaf to Raleigh. We have an eager corps of buyers with ample capital to handle the entire crop of the State if necessary. Our grocery, dry-goods and hardware stores offer complete stocks of goods at prices which defy competition. We have three of the best banks in the State, if you wish to deposit your money you can not do so with more safety any where than here. We have good roads leading into our City, the best water in the world after you get here. All of this we can substantiate if you will give us a trial.

Liberal advances made on consignments, and Tobacco sold strictly under instructions of consignor. Empty hogsheads and boxes sent free of freight to parties wish to ship us. We have been very successful in obtaining good prices for Tobacco and believe we have given satisfaction to our customers.

RALEIGH STANDARD GUANO.

ANALYSIS No 3155.

OFFICE, N. C., EXPERIMENT STATION, RALEIGH, N. C., March 4, 1885.

To the Commissioner of Agriculture:—

SIR:—The sample of Commercial Fertilizer sent for analysis, in tin can sealed air tight, drawn by Inspector —— from lot in hands of WILLIAMSON & UPCHURCH, at Raleigh, named:—

Raleigh Standard Guano,

Manufactured by Raleigh Oil Mill and Fertilizer Company, contains:—

Soluble phosphoric acid,	5.82 per cent.		
Reverted "	" 3.04 "		
or Available "	" 8.86 "	Equivalent to Bone Phosphate dis'ed	19.34 p. c
Insoluble "	" 1.82 "	" " " undis'ed.	3.97 "
Nitrogen, "	" 2.72 "	" " to Ammonia	3.30 "
Potash, "	" 2.55		

Relative Commercial Value per ton of 2,000 lbs., $31.70, using the following figures:—Available Phosphoric acid, 9 cents per lb; Ammonia, 20 cents per lb.; and Potash, 5 cents per lb.

CHAS. W. DABNEY, Jr., Director.

From the above OFFICIAL ANALYSIS you can see that the RALEIGH STANDARD GUANO (manufactured here at home,—at the capital of the State)—is the Equal, if not the Superior, of any Fertilizer in the land.

It grades high. The mechanical condition is perfect, being dry and thoroughly mixed. It is rich in Ammonia, Phosphoric acid and Potash. It is a first-class Fertilizer for all crops, but is especially recommended for COTTON, CORN AND TOBACCO. We know it will give the best results and we confidentially recommend it to all who use fertilizers. Sold by

MOTHER'S FRIEND!

No More Terror!
No More Pain!
No More Danger!

—TO—

Mother or Child.

The Dread of MOTHERHOOD Transformed to HOPE AND JOY!

Safety and Ease TO SUFFERING WOMAN.

This invaluable preparation is truly a triumph of scientific skill, and no more inestimable benefit was ever bestowed on the mothers of the world.

☞It not only shortens the time of labor and lessens the intensity of pain, but, better than all, it greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition highly favorable to speedy recovery, and far less liable to flooding convulsions, and other alarming symptoms incident to lingering and painful labor. Its truly wonderful efficacy in this respect entitles the MOTHER'S FRIEND to be ranked as one of the life-saving appliances given to the world by the discoveries of modern science.

From the nature of the case, it will of course be understood that we cannot publish certificates concerning this REMEDY without wounding the delicacy of the writers. Yet we have hundreds of such testimonials on file, and no mother who has once used it will ever again be without it in her time of trouble.

A prominent physician lately remarked to the proprietor that, if it were advisable for him to make public the letters we receive, the Mother's Friend would outrell anything on the market.

I most earnestly entreat every female expecting to be confined to use Mother's Friend. Coupled with this entreaty I will add that during a long obstetrical practice (forty-four years) I have never known it to fail to produce a safe and quick delivery.

Raleigh as a Tobacco MARKET.

GOOD NEWS FOR THE TOBACCO GROWERS.

From the way in which the planters, having gray soils, in the region trading at Raleigh, are getting tobacco seed from Major Ragland, there is every reason to believe that Raleigh, before many years, will rank with the first tobacco markets in this country. But it is every way desirable that they should start out right; for they can never make any headway if they content themselves with the production of tobacco of low grade. The world is too full of low-grade tobacco now. FINE QUALITY is what buyers will have. To assure you getting this fine quality, we have arranged to handle the famous

"ANCHOR BRAND" TOBACCO Fertilizer.

This article is the first fertilizer ever specially prepared for tobacco, and is the outcome of nineteen years continuous investigation and experiment. It stands without any rival in the production of fine tobacco.

Major Ragland has just completed the revision of his famous essay on tobacco, a number of copies of which we expect shortly, when we will supply it to customers free of charge on application. We keep the ANCHOR BRAND TOBACCO FERTILIZER in both 100 pound and 200 pound sacks, as may be desired.

Please let us have your orders in early, in order that we may arrange our shipments properly.

DRUGGISTS.

From the fact that Raleigh is now developing as the great Tobacco centre and market of the State, and, in consequence, is attracting many new visitors, we think it just to make known to them facts already known to citizens of Raleigh and vicinity.

We have two of the largest, most completely stocked, and best arranged Drug-stores in the State, where prescriptions are ACCURATELY, and CAREFULLY compounded both day and night, by an efficient corps of Pharmacists.

Our stock of Perfumeries, Toilet Soaps and like articles, embraces everything standard in the Druggist line, manufactured on both sides of the Atlantic.

We carry as nearly as possible all the Patent Medical preparations called for by the public.

In Cigars and Tobaccos, our stock is specially selected and attended to, and includes every thing, from the best five cent cigar to the most fragrant and costly Havanna.

We have in our store, opposite the Postoffice, the finest soda water apparatus in the South, from which is dispensed, not only all the popular and favorite Fruit Syrup drinks, but also all the best waters of medical properties, both Foreign and Domestic.

We have in STOCK, and pay special attention to the keeping, of a line of the best and most approved Trusses, and Surgical instruments, and Appliances. Physicians and surgeons will find it to their interest to correspond with us.

Nowitzsky's Standard preparations, Indian Tea, Victory, etc., always in stock.

HE WENT TO JAIL TO COMFORT SOMEBODY.—Winchester, Va., June 14.—W. Jones, a [illegible] Baltimore, attempted to commit suicide this afternoon. He was [illegible] jail this morning at his own [illegible] sale in the vicinity of his home. [illegible] to reach that green spot, he proceeded to cut his throat with a pocket knife, severing the windpipe.

A CHAPTER OF FATALITIES FOLLOWS A WOMAN TO SORROW.—Erie, June 14.—Marie Kirchner committed suicide yesterday, closing a chapter of fatalities which are the talk of this city. First her husband was crushed to death on the railroad. On the day of his funeral their only child was struck by the hearse which bore its father's remains and was killed. On Friday a letter informed Mrs. Kirchner that her father in Bavaria had been drowned. Unable to endure such a train of fatalities, she ended her sorrows with laudanum.

THE MILITARY ENCAMPMENT.—The regular annual encampment of the whole troops of the State Guard will be held this year at Asheville. It will begin on the 23d of July and close on the 31st.

The grand review by the Governor and his staff takes place Wednesday, 29th July, and the encampment will break on the 31st.

There will be twenty three companies of infantry under canvas. The State Ordnance Officer has purchased tents for the State, which will be for use at this encampment and those to be held each year hereafter. There are sixteen wall tents and 100 wedge or A tents, all of standard duck, made especially to order. The transportation arrangements are very satisfactory indeed. The State appropriates $5,000 a year for the payment of transportation and other expenses incident to the encampment.

The troops will number about 1,000 perhaps 1,200. All the companies have recruited largely in the past six months and most of them now number 50 men, some having as many as 100. The season for the encampment is a good one, where there is generally fine weather in the mountains.

THE FIRST STEPS LOOKING TO THE ESTABLISHMENT OF FACTORIES.—It has for many months been a settled fact that Raleigh must have tobacco manufactories, plug, cigar or cigarettes, or all three. Yesterday the first steps were taken. It is the beginning of what is sure to be a success. The meeting was held at Stronach's warehouse and Mr. W. C. Stronach explained the object. Mr. M. T. Leach was called to the chair and Mr. E. R. Arendell was requested to act as secretary. Remarks were made by Messrs. R. H. Wimbish, W. C. Stronach, Geo. Latta, G. D. Rand, F. O. Moring, W. G. Upchurch, R. T. Gray, W. S. Primrose and by the chairman. Much valuable information was given by these gentlemen. There was some variance of views. Mr. Stronach gave details of the cost of establishing a cigarette manufactory. Finally the following resolution was adopted:

Resolved, That W. C. Stronach, M. T. Leach, Charles E. Johnston, C. G. Latta, W. G. Upchurch and R. H. Wimbish be appointed a committee to ascertain what amount of machinery and what class of machinery will be necessary for the equipment of a factory; also to ascertain what amount of capital stock it will require to establish the factory, the committee to make report to a subsequent meeting, at which final plans may be inaugurated.

Sedgwick STEEL WIRE Fence

It is the best general purpose wire fence. It is a **strong net-work without barbs.** Don't injure stock. It will turn dogs, hogs and poultry as well as Barbed Wire, and best fence for Farms, Gardens, Stock Yards, Railroads. Very neat, pretty style for Parks, School-lots, and cemeteries. Never rust-proof paint, or made of galvanized wire preferred. It will last a lifetime, **better than boards or barbed wire** in every respect. It is a fair trial (it will wear itself out). The **Sedgwick Gates** made of steel tubing, pipe and steel wire, defy all competition in strength, neatness, strength, and durability. Make the best, cheapest, and easiest working **all-iron automatic or self-opening gate,** and the **neatest cheap iron fences** now **made.** The **Boss folding poultry coop,** a late and useful invention. The best **Wire Stretcher, Cutting Pliers,** and **Post Augers.** We also manufacture **Russell's** excellent **Wind Engines** for pumping, and Horse Engines for grinding, etc. Surplus and prices of Hardware Dealers, or address, mentioning paper,
