SLIGHT RISE IN WHEAT ON EARLY DEALS

(By the Associated Press)

Chicago, Sept. 27.—Wheat advanced in price today during the early dealings, continued uncertainty as to likelihood of a clash between the British and Turks having a noticeable bullish influence. Buying, however, especially at the start was checked by the fact that Liverpool quotations failed to reflect any uneasiness over developments in the Near East. On the other hand, predictions that the lake sailors strike would bring about increased demand for United States wheat, at the Gulf of Mexico, in particular, tended somewhat to stimulate demand. The opening which varied from unchanged figures to ½c lower with December $1.04 to $1.04⅜ and May $1.08 to $1.08⅜, was followed by a material upturn all around.

Corn and oats moved up a little with wheat. After opening ¼c off to a like advance, December 59⅛c to 59⅜c, the market scored a slight general upturn.

Oats started ⅛c lower to ¼c higher, December 36¾c to 36⅞c and later showed gains for all deliveries.

Provisions were steady, guarded by the course of the hog market.

Subsequently, demand for all rail shipments East from here led to a further advance in the price of September delivery. The market closed unsettled at ¼c net decline to 3½c gain, with December $1.05 to $1.05⅛ and May $1.08¼ to $1.08⅜.

In later dealings corn as well as wheat felt the effect of orders for all rail shipments to the East. Prices closed unsettled, ⅛c to 1⅛c net higher with December 58⅜c to 59½c.

NEWS OF WALL STREET

(By the Associated Press)

New York, Sept. 27.—Breath of war in the Near East still cast a dampening influence over the stock market at todays' opening. The oil group was the only outstanding exception to the general downward trend. Gains of 1 to nearly 2 points were registered by Tidewater, Barnsdall A, Houston, California Petroleum, Phillips Petroleum and Standard Oil of California, the last named at a new high. Mexican Petroleum, however, fell back a point and Maryland and Atlantic Gulf yielded fractionally. Rail shares continued to feel the unfavorable effects of poor August earning statements. Union Pacific, Delaware and Hudson, and New Orleans, Texas and Mexico being the first to slip back under selling pressure. One of the early features was an odd lot sale of ten shares of the Atlantic Refining Company at $1,200 a share, or $25 a share above yesterday's off lot quotation. Independent steels, particularly Gulf States and Vanadium, also were subjected to professional short selling, dropping a point or more.

Scattered liquidation and bear pressure against certain speculative issues carried the whole list downward before noon. Indications that the early bidding up of the oil shares was used as a screen to unload stocks elsewhere caused some profit taking in the Standard Oil groups, California and New Jersey being carried down a point below yesterday's final figures. Further easing of the call money rate to 4¼ per cent was followed by a rally in Mexican Petroleum which advanced from 187 to 189½ and a rebound in Standard Oil of New Jersey which crossed 200 to a new high for the year. Strength of these issues induced a partial recovery in other parts of the list around noon, American Radiator rising 3 points to a new high and Delaware, Lackawanna and Western moving up 2¾.

Passing of the quarterly dividend of 1¼ per cent on Pittsburgh Coal gave a renewed downward impetus to prices after mid-day. Pittsburgh Coal slumped 8¼ points to 59¾ and the steel, public utility, equipments and investment rails also weakened substantially. Dupont Powder yielded four points, American Car 3, and Lima Locomotive, Bethlehem, Gulf States and Republic Steel and Western Union 2 to 2½ points.

Sensing the absence of fresh buying power, short interests continued their attack in the final hour, being aided by the liquidation of small holders. Prices of the leaders closed at or around the lowest figures of the month. The closing was weak.

Speculative operations in today's stock market were again on the selling, with resultant declines of 1 to 3 points in most active issues. The increasing tension of the Near Eastern situation, passing of the Pittsburgh Coal dividend, heaviness of Liberty bonds and the reported opposition of bankers to further extension of brokers' loans all contributed to the more extensive offerings. Sales approximated 850,000 shares.

MODERATE STRENGTH

(By the Associated Press)

Duluth, Minn., Sept. 27.—Moderate strength was shown in the wheat market again today. Pressure of heavy receipts at the terminal markets but limited interest on the part of exporters, held down bullish sentiment, and in the absence of any concerted efforts to raise price levels, the market again moved within a narrow range with fractional gains the rule.

The market was weak at the close and fractional drops were set in durum. September, October and November wheat closed ¼ cent up at $1.04⅞ nominally; September durum closed ½c off at 88¼c; October ⅛c off at 88⅜c asked; November ¼c off at 87⅝c asked; December ¼c off at 85¼c asked and May ¼c off at 90½c nominally. FAIR DEMAND FOR CASH

(By the Associated Press)

Minneapolis, Sept. 27.—There was a fair demand for better grades of cash wheat today as unchanged premiums, a few sales showing a slight gain compared with futures, but on the average the market was a bit slower in tone and after the first hour bids began to sag, dropping 1 to 2 cents compared with December. Durum wheat prices were unsettled with buyers bidding on the basis of the October futures. There was a better demand for winter wheat and prices were firm compared with futures. Not much choice stuff was offered.

Corn demand improved a little and offerings were light. Shippers continued to bid ½ @ 1c under December, but other buyers took some at the December pride. Mixed was quoted at 11 less.

Oats demand seemed to be just a little bit better and offerings were only moderate.

Rye was fair to good with elevators showing keener interest and paying better prices compared with futures.

Barley was firm and some seemed to think that they got a cent more for good quality.

Flax demand was rather strong and prices were firmer compared with futures.

Feature Pure-Bred Cattle Display

Hamline, Minn., Sept. 23.—The largest group of pure-bred dairy cattle ever gathered will be displayed at the National Dairy Exposition to be held here October 7 to 14, when $35,130 in prizes will be offered, accordingto officials.

Catle from the prize herds of large Wisconsin farms and other parts of America's dniry section will be exhibited at the exposition which sponsors declare will be the largest of its kind.

The United States Department of Agriculture will co-operate with the exposition officials in turning Dairy Hall into a huge educational exhibit of dairy products and their uses.

Included in the hall's features will be the government exhibit, a model dairy kitchen directed by Mrs. Paul Hemming in which the uses of milk in the home kitchen will be demonstrated.

Demonstration also will be made of the department's market report service, by radio, telegraph and mail, which is available to ftrmers, manufacturers, distributors and consumers.

The various cattle associations have assisted in raising the total of the prizes offered. In each of the five breed divisions $3,790 will be offered to the regular classes. In addition to this special prizes offered by individuals and organizations raises the total to much larger figures.

Boys' and Girls' calf clubs have been offered prizes amounting to $2,200 by the National Dairy Association, $440 being given to exhibitors in each class. In addition each of the breed associations is given prizes in recognition of the work done by the clubs.
