THE SOULS OF FLOWERS

Mingle in happy union in the exquisite perfumes we carry. Scents are as different as blend into harmony as possible. It takes a student as big a lot of skill to make these perfumes as it does to write good music.

We've plenty of the perfumes offered in stock, and guaranteed satisfactory. If not wholly pleased with the odors you are now using, we would like to have you try some. If the delightful odors we handle. Thousands like them. Don't you be more than the poorest kind.

MARIETTA ARSON CASE

PRELIMINARY HEARING THIS MORNING—TWO MEN MAKE BOND OF $5,000.

Otis Dwight and Ralph Clark, the two young men arrested on the charge of attempting to burn the drug store of Clark Brothers at Marietta a few days ago, were given a preliminary hearing this morning before U. S. Commissioner T. D. Rutkett and each bond fixed at $5,000.

The evidence in the case did not be material to warrant a full hearing of the matter and the facts adduced are about to make as were published in the Ardmoreite when the defendants were arrested.

Being the facts as gathered this morning it was proven that the place was discovered to be on fire at about 12:30 o'clock in the morning by a Mr. Harris who gave the alarm and in a few minutes afterward Mr. Harris was joined by Tom Graham and the two found in the front part of the building and found that a burning match set in excelsior beneath the soda fount was alight and some of the rubber work was charred. This clear was immediately extinguished and when the police patrolled remainder of the room of the fire department, and a Dr. Martin another match was found burning further back in the store and from view in a basket filled with excelsior across the counter in a pile of excelsior adjacent with one.

This was also put out. A long piece of wrapping paper was in the front which was saturated with oil and around the counter in excelsior could be seen traces of where oil had been poured.

In the excelsior pile was found about one quart of oil and on top of the burning pile was found the fire was discovered was found a pad of burning which was adjacent to.

It was also proven in the police court a piece of an iron in the line of the defendants Ralph Clark. Dwight Dwight testified to a quarter from a quarter from in the town.

The two insurance agents, Butler and Chadwick testified to the amount of insurance that was being carried on the firm in their agencies. The amount of insurance was within the same limits mentioned and Mr. Butler testified that the contents was valued at twenty thousand dollars and the fixtures and the stock of goods. The most damaging testimony brought out by the government against the defendants outside of the fact of the finding of the razors and the fire was the purchase of the razors by Harris Clark. Carson was in his way requested, so far as the testimony is concerned, other than that he is of the affinity of the firm.

The government was represented by Assistant Attorney J. E. Humphrey, while A. C. Crook and Mr. Cable took care of the case for the defense.

AN OHION BUYS LAND

THE T. K. KEARNEY FARM NEAR CITY SOLD TO OHIO PURCHASER.

T. K. Kearney through the real estate agency of Alexander and Bill Roberts sold the 60 acre farm about two and one-half miles from town in an Ohio farmer who will move here and settle. The purchase price of the place was thirty dollars per acre.

It is the intention of this German to bring a number of others with him to settle in this section of the country. The gentleman who purchased the place has returned to Ohio for the purpose of bringing his family back with him.

JONES' FURNITURE STORE

THE REDMEN'S LECTURE

REV. JOHN A. BRIGHT DELIGHTED HIS AUDIENCE WITH LECTURE ON REDMANSHIP.

Last night was a gala night in the wigwam and amid the present of Waseka Tribe No. 10 Improved Order of Redmen of Ardmore it was the occasion of the visit of the national president of the order Rev. John A. Bright of Topeka, Kan., a man of rare ability, not popular talk. A busy fellow never could not be persuaded, on one side of the speaker was placed a flag of the great republic of which [illegible] by step in stand, while just in the rear, as a background, hung a flag that shows the marks of many bloody encounters, frayed and torn in numerous and ways. It was with that it was that for it was a fitting tribute of what the order represented.

Perhaps ten a few members outside of the order who are quite Redmen of the Forest and who belong to the Improved Order of Redmen know that the cardinal principles of the order are Friendship, Friendship and Charity. These three principles are promulgated by deed and word of all true Redmen throughout the world wherever our flag unfurls.

It would not be amiss to let it be known as did the speaker last night that the Improved Order of Redmen is strictly an American institution, and that the north during the time when a few prominent politicians in the south were trying to have every one downright in opposition to the government against Spain, it was known to have had an order made of Liberty Pole Tomahawk Rock, that would shed Tory blood and of two descendants, another Indian warrior, and when the order was first made society was in the vicinity of 1700 being a body of 12 members of the order assembled in Boston Harbor to fall upon a and empty tea. The men had chief of British tea. Rock was in charge, John Hancock, Samuel Adams and George Washington were the members. In those days the order was composed of several societies and it was not until 1834 the society consolidated and up to the present date was consolidated in the city of Philadelphia.

Rev. Bright told of the work that was being done by the order for the amelioration of humanity in the principles of its founders, and how the order took care of the widow and orphan under its charge. Frequently throughout the course of his remarks the speaker moved the hearers to tears.

At the conclusion of his remarks Mr. Bright sang "Throw Out the Life Line" and "The Sword of Bunker Hill."

That much good will result from last night's lecture to the interest of the local tribe, is assured.

THAW DESPERATELY ILL

DISTRICT ATTORNEY'S OFFICE ADMITS IT—APPLICATION FOR BAIL MADE.

New York, June 27.—Harry Thaw is desperately ill in the Tombs and grave fears are held that he is on the verge of a mental collapse.

This previously was admitted today in the district attorney's office and by Thaw's lawyers. It has been disclosed for a week that Thaw is in a bad way. Efforts to induce him to see a physician have failed. He told Jim O'Reilly today that he would not have a physician and if he died his blood would be on the head of the district attorney.

Application was made to the supreme court for bail for Thaw on the ground that his life was endangered if he remained in the Tombs.

New Railroad for Milburn.

Ardmoreite Special.

Milburn, I. T., June 27.—Contractors are here looking over the proposed Rock Island road from Milburn to Denison. A few parties on the inside have known for several months that the railroad company had acquired title to the right of way for this road from Milburn to Platter, or Red River, but said little about it, as showing the people will be worth infinitely more to the town than making exaggerated claims. The Rock Island has the reputation of doing things instead of blowing about things they expect to do, and it looks good for Milburn when they send contractors to look over the route of the proposed road with a view to bidding on the construction.

Watch Milburn grow!

Hear and see Reno at opera house.

COST OF CENSUS

ESTIMATED COST OF CENSUS IN NEW STATE WILL BE $75,000.

Washington, June 26.—Director Durand of the census bureau today appointed E. W. Rose, H. L. Stanford, R. C. Lagow and Hart Merriam as experts to assist William C. Hunt, chief statistician in taking a census of Oklahoma and Indian Territory. Charles H. Brown, geographer, who will also be in Hunt's staff is now discussing the new territories with enumerator officials and expects to have it completed on Friday when he returns with Hunt for Washington temporary headquarters.

The two territories will be divided into about 1,000 districts and the director will employ reliable people in the territories to take the enumeration at wages ranging from $1.50 to $2.50 per day.

Director Durand estimates that it will take two weeks for the enumerators to take the census and hopes to have the work completed by August 1st.

Only five questions will be asked. Name, age, race, sex and relationship to head of family.

This will enable the census to find out the living population, the school population and the population of white, Indians and negroes.

It is estimated that the cost of taking the census will reach about $75,000. The Indian government will foot the bill.

Rosh matches, opera house. 15 and 25 cents.

ARDMORE WON THE SERIES

BATTED ANDERSON HARD AND WON YESTERDAY'S GAME AT GAINESVILLE.

Ardmoreite Special.

Gainesville, Texas, June 27.—Ardmore defeated Gainesville again yesterday afternoon winning the game from the local team. The Indians batted Anderson hard, securing six runs in the seventh inning.

The Ardmore team departed this morning for Weatherford where they will play a game this afternoon.

John Hardin, who has been pitching for the Ardmore team, departed yesterday for Atoka, where he will pitch for the team. Rivers and White will be sent to the box in Ardmore until another pitcher is secured.

White will probably pitch the opening game for Weatherford.

Following is the score of yesterday's game by innings:

Ardmore . . . 0 1 0 0 0 0 6 1 0—8
Gainesville . . . 0 0 1 1 0 1 0 0 0—3

Batteries—Ardmore, Randell and Woods. Gainesville, Andrews and Connor.

Weatherford Beats Denison.

By a strong ninth-inning finish Weatherford defeated Denison yesterday afternoon. Score 3 to 2. Graham pitched for Denison and Longfielder for Weatherford. The Gainesville team will open up a three-game series at Denison this afternoon.

New Second Baseman Coming.

Second Baseman Foley is expected in this afternoon from South McAlester and will be used at second as Wilcox has proven too slow in that position. Foley will be sent on to Weatherford to play with the team. He was with the South McAlester team of the O. A. K. league, which recently disbanded and is expected to fill in this hole in the infield.

Ask the men who have used Bill Boards what they think of this method. See Burnitt about it. 27-3

Bootlegger Caught Last Night.

Deputy United States Marshal W. B. Weaver had on his gum shoes last night and as a result one J. P. Henderson was caught with a grip containing thirty-six pints of booze which was duly confiscated and broken as per the requirements of the law. J. P. Henderson in whose possession was found the booze, was placed in a room at Hotel de Nichols for safe keeping until he appears before the tribunal of Judge Rohnett and makes a good and sufficient bond to await the action of the grand jury.

Green-Bradford Nuptials.

At the home of the bride on North Washington street, last evening at 8 o'clock, Miss Willie Green, daughter of Mr. and Mrs. Wm. Green, and one of Ardmore's fair hundred, was married to Otis Bradford.

The affair was one of the prettiest home weddings ever held in Ardmore. The handsome Green home had been prettily decorated for the occasion.

After the ceremony a dainty luncheon was served to the bridal party and the few friends who attended.

Mr. and Mrs. Bradford will reside at home on C street in this city.

Rosh matches, opera house. 15 and 25 cents.

POINTS TO REMEMBER

Every Appliance for Woman's Work Should Be the Best for Its Purpose.

There is as great a difference in the cost of making a sewing machine as there is in making a watch. A cheap watch will indicate time with fair accuracy for a short time; fairly good stitching can be done on some of the old patterns of cheap sewing machines when they are new, but they always work hard, are noisy, and soon wear out.

Every Singer and Wheeler & Wilson machine is tested by actual sewing at the factory; it is always ready for every kind of stitching and will do better work and do it longer than any other, because it is of better design and construction.
