LOS ANGELES GETS VANDERBILT RACES

AUTOMOBILE CLASSICS TO BE RUN OVER SANTA MONICA COURSE FEB. 21-23

NEW YORK, Jan. 6.—For the first time in the history of American automobile racing the grand prize and Vanderbilt cup events will be held this year west of the Mississippi river. The two major car contests were awarded to Los Angeles today by the Motor Cups Holding association. The races will be run on the famous Santa Monica courses February 21 and 23, the grand prize on the later date.

Announcement of the conclusion of negotiations for the staging of the races in California was made here tonight by Leon T. Shettler, vice-president of the Western Automobile association, which will conduct events. The formal agreement was reached between Mr. Shettler and Henry B. Anderson, president of the Automobile Club of America, and representative of the Motor Cups Holding association. The Automobile Club of America has sanctioned the Grand Prize race for Los Angeles and Mr. Shettler said he had been assured the American Automobile association would sanction the Vanderbilt cup event.

Savannah, Milwaukee and Long Island motor parkway officials did not bid for the races this year. It is understood the Western Automobile association was the only organization which sought actively for the privilege. According to Mr. Shettler, a list of entrants for the Vanderbilt cup event larger than any previous national race has been assured, while a big entry list in the international grand prize contest also is certain.

Abandon Radium Treatment.

BALTIMORE, Jan. 6.—Radium treatment for cancer in the case of Congressman Robert Gunn Bremner of New Jersey has been suspended for a few days, according to a statement made today by his sister, Miss Helen Bremner.

Miss Bremner could not give the reason for the removal of the radium. At the sanitarium where the patient is being treated no information was obtainable concerning the case.

EX-ARMY OFFICER ROBBED POSTOFFICE

WAS ONCE SHERIFF AND LIEUTENANT COLONEL IN THE NATIONAL GUARDS.

GRAND ISLAND, Neb., Jan. 7.—Walter Sammons, former sheriff of Buffalo county, a lieutenant colonel in the Nebraska National Guard and former army officer in the Philippines, was bound over today to the federal court under a bond of $5,000 for complicity in the robbery of the Kearney, Neb., postoffice on December 23.

Delbert Smith, an employe of the postoffice, facing a similar charge, waived preliminary hearing and was held on $3,000 bond. Smith testified at Sammon's hearing that the arrival of a package containing $5,000 in currency had been discussed by the two men Christmas Day. This package in addition to six others, valued at $7,700 were stolen from the safe.

Smith said he gave Sammons the combination to the safe and also the key to the postoffice, which was to be returned to him. This was done.

Sammons assisted in the search for the robbers previous to his arrest. He denies his guilt and declares the case is the outgrowth of a political controversy.

Can't Fill the Vacancy.

COALGATE, Okla., Jan. 7.—(Special.)—The board of county commissioners of Coal county are "up to the off" over a county assessor, and it is possible the services of a want ad may be called into requisition. Tom Roach was elected to the office the last time and before long he saw the salary was insufficient to overcome the expenses of the place and resigned. J. S. McNaish, of Lehigh was appointed his successor, but the latter investigated the matter and saw that he would not come out any better than his friend Roach. McNaish told the commissioners that he could not take the job and now the office is vacant.

Parisian Goods More in Demand.

WASHINGTON, Jan. 7.—Parisian goods apparently are in greater demand in the United States than ever before. Consul General Thackara at Paris has telegraphed that the declared values of exports from his consular district during 1913 amounted to $80,351,875. This is more than half a million dollars over 1912 and the largest business the district ever did with the United States in one year.

COTTON.

Broke Into New Low Ground.

NEW YORK, Jan. 6.—The cotton market broke into new low ground for the season so far as May and later deliveries were concerned during today's early trading but later rallied several points from the lowest and closed steady at a net decline of 8 points on January and 11 points on February, but generally net unchanged to 5 points lower.

Earlier Liverpool cables, accompanied by rumors that the south had been a free seller of hedges there this morning seemed to account chiefly for the early weakness. First prices were barely steady at a decline of 7 to 8 points, and active months sold about 9 to 13 points net lower during the early trading.

Depressed in Early Trading.

NEW ORLEANS, Jan. 7.—Cotton was depressed in the early trading today but rallied later and at one time displayed a small net advance. Feeling was very bearish and the excess of bearish sentiment proved the best support the market had for the reaction was due, according to current belief, to an oversold condition.

GRAIN

Heavy Rains in Argentine.

CHICAGO, Jan. 6.—Heavy rains in Argentine coming quite certain a big export surplus from that country, broke down the market for corn again today. Despite a steadier feeling at the opening, the loss was ⅜ to ⅝ net. Other speculative articles all showed a decline for the day—wheat ⅛ cents ⅝ to ¾ and provisions a shade to 12½.

A Good Resolution

A man said to me last week, "Doctor, I have been reading your advertisements for some time and I have also talked to a great many people who have been treated by you and I have decided to give you a trial. But I first want to know whether or not you can cure me as mine is a very complicated case and one that has been treated by a great many Doctors."

The above is exactly the kind of a case that I specialize on. Those old chronic deep seated cases that have baffled the skill of many physicians or have been given up by them. I have been treating that kind of cases right here in Tulsa for the past eight years and I am willing to leave it to my patients whether or not I have been successful. That is the way I advertise, "My patients are my references."

I have the best equipped office in the southwest for diagnosing and treating CHRONIC DISEASES of MEN and WOMEN. If you will call at my office I will give you a scientific and thorough examination for which there is absolutely no charge. If I can cure you I will tell you so as I accept no incurable cases. Can you conceive of a more fair proposition. I successfully treat such diseases as Rheumatism, Asthma, Kidney and Bladder troubles, Catarrhal troubles, Piles, Fistula, Diseases peculiar to women, Skin troubles, Male weakness and Blood Poison or Syphilis. This last disease I successfully treat with my mixed treatment combined with "606." I have given over 800 injections for Blood Poison.
