SANDERSON MAKES DETAILED REPORT

BUTHING SECRETARY MAKES REPORT OF ALL FUNDS HANDLED DURING PAST YEAR.

MONEY NOW IN TREASURY

Sanderson Wiped Out a Club Deficit and Left Money in the Treasury. List of Contributors.

(Editor's Note—The following financial statement of the Commercial Club was presented to a special committee under the direction of C. A. Sanderson, 1913 secretary. It gives an account of every dollar received by the club during Sanderson's term of office as well as the total list of expenditures.)

To show the splendid enthusiasm and support that the old men here, new men of Tulsa have given the Commercial Club in the last year and will surely give during the coming year, the following list will speak. As was known, all clerk, one doctor per month was usually sent to meetings, the working force in the office and pay roll, janitor service and all overhead charges, the ex-secretary and the present secretary, Mr. J. C. Donther, stops without the aid of a committee, solicited these funds and every dollar so received and not one dollar was solicited, contributed, literally with only two exceptions. The clearly shows the personal loyalty and hearty spirit of the men behind us, and their appreciation of the work done. This last year for which the expenditure and receipts are filed, board of directors heartily extend their thanks for the same.
