How to Overcome a Bad Constipation

There is a Mild Laxative That Will Bring Safe and Pleasant Relief Over Night.

It is only natural that the simplest of ailments should be the most general and so we have a whole nation suffering from constipation and indigestion, for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.

You should have a full and free movement at least once a day. If you pass a day you are constipated and the result will be that you will catch a cold easily, or have a more serious ailment. To cure the constipation and forestall still graver trouble take a dose of Dr. Caldwell's Syrup Pepsin at night before retiring and by morning relief will come without disturbance from sleep or any inconvenience.

Legions of people use it regularly in such emergencies, some of them formerly chronic invalids, who had suffered from constipation all their lives. Mrs. N. Frantz, 67 Eighth St., Salem, Ohio, took physics for years, and worst of all, without much avail. Finally, she began to take Dr. Caldwell's Syrup Pepsin and today she is no longer troubled and eats what she likes. Many others will tell you that they have tried most things recommended for this purpose but have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug store, for fifty cents or one dollar, the latter size being bought by families already familiar with its merits.

MRS. N. FRANTZ.

Syrup Pepsin is mild, pleasant-tasting and non-griping. Mothers give it to tiny infants, and yet it is effective in grownups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. **A postal card with your name and address on it will do.**

TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness.

"I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it to every household I have visited."—Mrs. MARY JOHNSTON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case.

Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysteric spells, sick headaches and a bad pain under my shoulder blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes.

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

WANT A HOME FOR 'GIRL IN THE CASE'

MAURINE COX MAY NOT HAVE TO GO TO AN INSTITUTION.

A home is wanted for pretty fifteen year-old Maurine Cox, central figure in the Fred Strang Woodruff case here last week, which attracted much attention on account of the political significance of the affair.

Ever since she was taken out of a resort by the police the young girl has been in the custody of police matron Dixon. Yesterday Humane Agent Welch took the girl before Juvenile Judge Cora Linn. The latter ordered that she be temporarily committed to the care of the police matron.

The Cox girl's mother wants her to go to her grandparents, but Maurine says she would be no happier there than she was with her mother and stepfather. Her stepfather told Judge Linn that the girl was incorrigible and would not be satisfied anywhere.

Mrs. Lydia Neeley of the Mission of Benson at Lone has offered to place the girl in the Mission's home for wayward girls at Oklahoma City, but Maurine doesn't want to go to such a place. She is intelligent, good looking and ambitious in spite of all the sorrow with which her young life has been filled. She married a man she didn't love just to escape a home life that was not pleasant and this lead to no end of trouble for her, she claims. She wants to reform and be a nice girl, she told Police Matron Dixon, and she is willing to work for her living.

If a suitable home is offered the girl Judge Linn will not send her to a home for incorrigible girls.

Could there be such a home in Tulsa that would be open to a girl like Maurine?

TO VOTE ON PACKING PLANT MATTER TODAY

HAS ALMOST BEEN LOST SIGHT OF IN THE BITTER PARTISAN CAMPAIGN.

Due to the intense and bitter contention that has been waged by political parties in the present city election two questions of vital importance that are to be voted on today have been overlooked. As well as voting for candidates to fill city offices municipal questions No. 3 and No. 4 are to be voted on.

Municipal question No. 3 proposes the amendment of Section 1 of Article 8 of Ordinance No. 493 which proposed amendment precludes the location or operation of slaughter houses within the city of Tulsa.

Question No. 4 proposes the adoption of a resolution granting to the Tulsa Packing company the right to locate its plant upon a tract of ground lying north of the Arkansas river, east of the Frisco railroad, west of the Grandview addition and west of the public road leading to the bridge crossing the Arkansas river.

These two questions mean much to the upbuilding and growth of Tulsa, the supporters claim. But little interest has been manifest in the packing plant question due to the bitter campaign for city office.

Tomorrow is liable to be the day that some reported "political pirates" will have to walk the plank.

Miss Suratt's Hair Secret

The Celebrated Stage Beauty's Remarkable Method of Forcing Hair to Grow Luxuriantly, and How to Remove Blackheads in a few Minutes, as Recommended by Valeska Suratt to the Boston American.

Many women would know that it is not natural to have scraggly hair on a pretty face. Yet thousands are daily troubled with it, and many use the various unsightly methods and salves in prepared form on the treatment of hair. Yet for one cent, and a little effort, and see the result in just a short time. You will hardly believe your own eyes. This home treatment nourishes and stimulates the hair cells, makes hair grow luxuriantly and absolutely stops hair from falling out. To half a pint of alcohol add half a pint of water, let stand for one hour, add a full pint of bay rum, if you wish, and to this add one ounce of beta-quinol, which will cost no more than fifty cents at the drug store. This makes a quantity of fragrant lotion, clearly this proves that would otherwise cost you many dollars if bought already prepared. Besides, it has no equal in results.

For blackheads, Miss Suratt says: Most women try to squeeze them out, and after a time the complexion is ruined by a spattering of red spots where the squeezing out was done. Sprinkle some borazin on a hot, wet sponge and rub it over blackheads, and you will astonish how quickly the blackheads will vanish—in a few minutes. The borazin will cost no more than fifty cents at the drug store, and is certainly worth it." Adv.
