EAST CENTRAL ELEVEN ELATED

Holding Southwestern to a Scoreless Tie, Cause for Gratification.

LITTLE FEAR NOW

Coach Clark Believes Men Will Sweep on Into First Place This Year.

Special to The World.

ADA, Okla., Oct. 16.—There is joy in the camp of the East Central gridiron warriors. The scrubs for the youngsters managed to make out of the game with Southeastern at Durant Saturday has added confidence and has given the football enthusiasts of Ada much cause for rejoicing. It was generally conceded here that Southeastern, with its team of veterans, would easily defeat the young players trained by Coach Alfred Clark. The fact that Clark stacked off a defeat is taken to mean that the team is playing much better and their local detractors had thought it possible.

Hard games come to Fighting Aggies now for Clark's young warriors. The Catholics at Shawnee are to be taken on Saturday at Shawnee. Then come Wilberton, Ellwood, Weatherford, Tahlequah and Durant. Only one of the games is considered doubtful, that being with Central Normal at Edmond. Coach is putting up a great game this season and this is to be the game for which preparation is aimed from this time. With several weeks to work, local followers would not mind this number in the least, but in view of the "fact" that Clark will have only two weeks to get his young aggregation ready for the annual champion with Langston University, they are anxious that the prospects of a defeat.

May Lose Tackle

Rumors to the effect that Clark has been offered a flattering position and may leave school. It is also said he will have a bad hole at tackle, that Clark will find difficult to fill. He has plenty of material, but none of the new men has the experience to fill the

[illegible]

A Sherlock Holmes

The Waitress. "And how did you find the apple pie, sir?"

The Diner. "I've got a bit of cheese inside and there it was."

SPORT GLEANINGS

[illegible] of the Chicago American seems destined to many critics as the present captain of the American league to be married to Miss Lucille Graham of Fairmeadville, Ill., on October 21. Admirers have started a fund to present him with a wedding present supposed by popular subscription. It is probable the gift will be one undesirable.

Jack Graney, left fielder of the Cleveland American league club, has enrolled in Central high school here to prepare for a college course in medicine. Graney is determined to become a physician when his baseball days are over. He was unable to enter college at once because he needed additional preparation in Latin.

Angelo Addonizio, Chicago heavyweight, has started training for his ten-round contest with Fred Fulton of Rochester, Minn., which is to be decided in Kansas City, Wednesday, 27. Addonizio is one of the biggest heavyweights in the game. He recently resigned from a successful vaudeville act in the east.

Ray Dandridge, a recruit from Lansingburgh who will report to Pittsburgh National next spring is regarded by Manager Callahan as a real find. Dandridge played in a Quinn league with St. James Mo., last season and had a batting record of 500 per cent in 40 games. He played a little with Albany last year.

Charles A. Comiskey, owner of the Chicago American league club, announces his forty-first season in baseball with the finish of the 1916 season. The veteran manager declared he is willing to allow up all the wealth he acquired in baseball to fond admirers, rent and supplier.

SIMPSON SETS AN OLYMPIC RECORD

Missouri Boy Runs 110-Metre Hurdles in 14 8-10 Seconds at Stockholm.

U. S. HOLDS OWN

American Relay Team First Over Scandinavian Athletes Yesterday.

STOCKHOLM, Oct. 16.—(Via London, 10:10 p. m.)—Twenty thousand people assembled today to witness the games in which a group of star American athletes competed against representatives of the Scandinavian countries. The principal event was the 1,500-meter run, in which Zander and Holm, Swedes, equalled the world's record of 3 minutes 51 2 seconds. Dickinson scored well ahead of Ted Meredith, former American quarter-mile champion who on Saturday won the 400 meter dash in fast time. Meredith's time today was 2 minutes 58 2 seconds.

Bob Simpson, an American sprinter, won the 110-meter hurdles in 14 8 seconds, which surpassed the Olympic record by one-fifth of a second. The American team won the relay race. Summaries:

1,500-meter run—(1,653 yards 22 inches)—Zander and Holm, Sweden, tied. Ted Meredith, America, third. Time, 3 minutes 51.2 seconds.

110-meter hurdles (120 yards 10.9 inches)—Bob Simpson, America, first. Fred Murray, America, second. Time, 14 8 seconds.

200-meter run (218 yards 28 inches)—Fred Murray, first. Bob Simpson, second. Time, 22.2 seconds.

Shotput—Jensen, Sweden, first, distance 13.39 centimeters (43 feet 9.7 inches). Fred Murray, America, second, 13.248 centimeters.

400-meter relay (437 yards 10 inches)—American team first, Scandinavian team second. Time, 43.4 seconds.

FORM PARKINSON CLUB AT LAWTON

[illegible] of prominent men having endorsed this office after their name for the office to make a direct appeal to private interests. The county seat has been chosen in the early fall and work has been carried in the interests to a point of local business institutions. He has always applied himself closely to business and his efforts have been crowned with gratifying success.

Is On the Square

"Parkinson is square." has been a saying in this section for many years and his reputation for honor and integrity has been the cause of much frankness of personality being cast aside to his side. The people are for him as unanimously for the reason that they know and trust the man. The success of Mr. Parkinson's candidacy there will be much less gender of "scratch" ballots cast at the coming election than has ever characterized a presidential election in this county.

Mr. Parkinson is a native of this state, having engaged in the furniture business with his father until he reached the age of 18 years, when he entered Southern Normal university, Carbondale, from which institution he graduated five years later. He then engaged in teaching school until his removal to Lawton at the time of the opening. Comanche county is unanimously supporting F. A. Parkinson for the important office of corporation commissioner with the knowledge that he is ably equipped to discharge the duties of the office with credit to himself, this county and his state. The support he is receiving in other portions of the state is very gratifying to his friends in this section.

Afton 122; Seneca 0.

Special to The World.

AFTON, Okla., Oct. 16.—Afton defeated Seneca high school at Seneca, Mo., Saturday by the overwhelming score of 122 to 0. Seneca has the reputation of having a very heavy team this year, and the Afton team was expecting a hard game when they went on the field to play. But from the very start Seneca had no chance and Afton scored at will, on end runs, through the line and with forward passes. It is hard to pick the stars of the Afton team, as all played a good game. Ballard, Koch, Painter and Cunningham all played a brilliant game. Afton will play Nowata next Friday and then Columbus, Kan.

Certain of Consolation.

"In time of trial," said the lecturer, "what brings us the greatest comfort?"

"An acquittal," responded a low person who should never have been allowed to enter the hall.

HOW COULD HE HELP BEING A REGULAR GUY?

Special to The World.

BRISTOW, Okla., Oct. 16.—The Bristow football team of the night school is working on winning the greater pay event of its games on Friday. William Henshaw, the fast and furious right end man of the team, is the seventh son of a seventh son. Some distinction, eh? Well, we guess yes, and besides that his natural ability as a football player added to his lucky talisman, will almost push him through any line that can be formed. All lines look alike to him, and when the ball is passed to "Bill" it is nearly always sure of a gain. The Bristow high will play the Tulsa high here on Saturday, October 21, and Sapulpa high here the 28. When "Bill" goes to college, which he will next year, some of those aspiring to football honors will have to hump if they beat him out of a place on the team when it is learned he is the "seventh son of a seventh son."

OLD PRIZE RING MAN IS DEAD.

"Billy Jordan" Is Counted Out at His Home at Yountville, Cal.

YOUNTVILLE, Cal., Oct. 16.—"Billy" Jordan of San Francisco the famous prize fight announcer, died here today in the veteran's home. He was 84 years old, both a sailor and a soldier, veteran of the civil war and once wealthy.

SPECIAL DOCKET GETS UNDER WAY

Two Judges Are Disposing of Cases—Hearing Case Against Car Company.

The special session of district court got under way yesterday morning. No important cases were disposed of on the first day, but many large damage suits are to be heard later. Judge Conn Linn is being assisted by Judge W. L. Campbell of Nowata.

The suit of William Goodman against the Tulsa Street Railway company for $5,100 damages was taken up in Judge Campbell's division and will be finished some time today. Goodman was injured in a collision of his automobile with a street car at the corner of Third and Detroit on April 14, 1914. He seeks $5,000 damages for personal injuries and $100 for the damage done his automobile.

Judge Linn's division of the court was in session for only a short time Monday morning. All of the cases set for hearing today also were continued because the principals were not ready for trial.

The suit of Henry C. Wahlby against Eugene Lorton and others was dismissed for lack of prosecution. The action of W. T. Byrd against Alvin H. Cassell and others was dropped, as it was testified that the case had been settled out of court. The suit of Henry Wilmon against the Bank of Oklahoma was continued.

Notice of denial of a new trial for Henry Smith was filed by John Y. Murry, who sat as special judge in the case. Smith was convicted of murder in the district court in June and sentenced to 25 years in the penitentiary. His attorneys asked for a new trial, claiming that new evidence in the case had been discovered. The judge held that this evidence was not of sufficient weight to justify a new trial.

PRESSMEN STRIKE IN TULSA PLANTS

But Employers Quickly Come Across With One Lone Exception.

Tulsa printing pressmen and assistants in six job printing plants of Tulsa went out on a strike yesterday afternoon at 1:30 o'clock because of the persistent refusal of these employers to sign a new contract calling for an increased wage scale and other concessions.

At 4:40 o'clock one of the employers broke over and signed the new contract. Four others immediately followed suit. Only one refused to come across. That was Walter Olds of the Olds Press, who has a want ad. in today's World calling the public's attention to some personal phases of the walkout at his place.

Olds has declared his intention of operating a nonunion pressroom, although he will continue to employ union printers. The other concerns that signed up following the strike were the Democrat Publishing company, the Oil & Gas Journal, George Beare, the Art Printery and a small establishment on Detroit.

There are now three concerns running nonunion pressrooms in Tulsa. They are the Olds Press, the Black Printing company and the Burkhart Printing company. There are a total of 15 printing establishments in the city.

GORE GETS BIGGER CROWD THAN LEWIS

Oklahoma's "Blind Senator" Addresses Large Crowd of Demmies.

United States Senator Thomas Pryor Gore, famous "blind statesman" and chautauqua attraction, proved to be even a bigger attraction than J. Ham Lewis last night when he addressed three thousand Democrats at Convention hall under auspices of the Democratic state campaign committee. The crowd was somewhat larger than that which heard the recent speech of Senator Lewis in the same building.

Senator Gore gave an entertaining talk, preceded by his usual original witticisms. He went into detail in discussing the legislation that has been passed by the present administration and being a great advocate of peace himself, he had no trouble in arousing applause by his carefully worded tributes to "the man that kept us out of war."

The meeting lasted until 10:30 o'clock.

Tate Brady was there with a rose in his button hole.

John Rearden was present and mostly awake.

The other Democratic leaders were much in evidence and they all pronounced the affair a genuine success, exceeding their fondest hopes and expectations, etc., etc.

Congressman Davenport was not permitted to perform this time. Chairman Woodson Norvell apparently motor propelled by his experience at the Ham Lewis gathering.

Difficult Quest.

"What are you hunting for?"

"For an honest man," answered Diogenes. "Sh! speak quiet, sh?"

"Shall! Look at me. I'm a movie producer hunting for a new thrill."

LUNCHEON TODAY EPOCH MARKING

Allied Interest Officials Will Recommend City Hall Site and Discuss Kendall.

Chamber of Commerce and other city officials today at a noon luncheon will take one most important step in the upbuilding of Tulsa. They will recommend a site for a city hall and will complete plans for the annexation of Kendall to this city. Both moves are considered as epoch marking.

Mayor T. H. Simmons, the city commissioners, the finance committee, board of education and the traffic association officials will all be present at the meeting. What transpires will probably be final relative to the two objectives.

It is understood that a majority of those who will be present have unofficially decided upon some plat for the new city hall. Concerted action will be taken on this.

All restrictions were recently removed by the government on the strip of property belonging to Mrs. Abdo and there remains nothing in the way of the amalgamation of Tulsa and Kendall. Officials are all in favor of the move being consummated at once. This will probably be in the form of a resolution at today's luncheon.

TO BUILD BRIDGE OVER SMALL CREEK

County Commissioners Award Contract to Canton Bridge Company for Work.

The contract for a bridge over Broken Arrow creek, one mile south of Weir, was awarded Monday by the county commissioners to the Canton Bridge company. The company's bid was for $3,346, while that of the only other bidder was for $3,600.

A surfacing wagon for use on the roads was also ordered by the commissioners while in session yesterday.

TRYING TO RAISE MEDICAL STATUS

National Board Examines Medical Graduates as First Step Toward Movement.

WASHINGTON, Oct. 16.—Examinations of medical graduates were begun here today by the national board of medical examiners for the purpose of furthering operation of a plan for standardizing requirements for medical practice through a national system of certification. Ten candidates are taking the examinations.

Certificates issued by the board will not carry a license to practice medicine nor exempt the holders from complying with legal requirements of the states in which they desire to practice, but the board declares the certificates will show high attainment in medical knowledge and it believes they soon will be accepted by state boards as evidence of qualification for licensure.

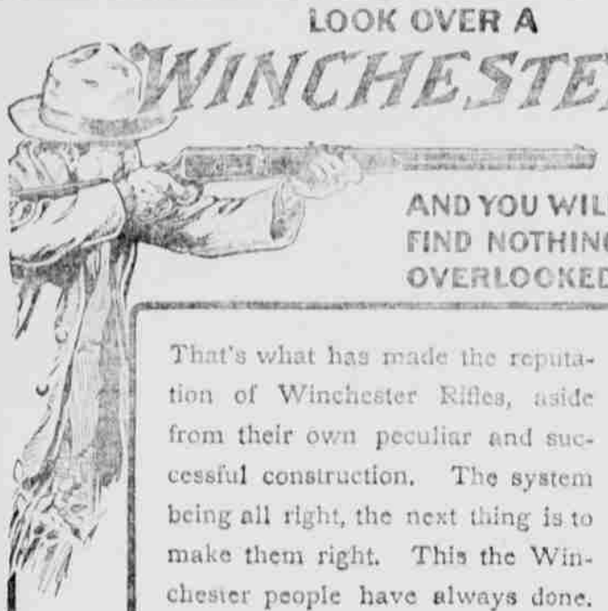
At present there is no general system of certification. State boards have different requirements and some exchange certification with others. The board was formed last year. Its membership comprises the surgeon generals of the army, navy and public health service, one other representative from each of the three services, three representatives from the federation of state medical examining boards, and six members at large.

Account Rendered

"Nobody wants to give the devil his due."

"That's right. Everybody's inclined to dispute the items on his bill."

LOOK OVER A WINCHESTER



AND YOU WILL FIND NOTHING OVERLOOKED.

That's what has made the reputation of Winchester Rifles, aside from their own peculiar and successful construction. The system being all right, the next thing is to make them right. This the Winchester people have always done. They spend large sums of money in testing materials, in inspecting and gauging parts, and in testing finished guns for manipulation and shooting, so when the gun reaches you—it's a perfect shooting iron. There are Winchester Single Shot Rifles, Repeating Rifles and Automatic Rifles, and you can get them in various calibers suitable FOR ALL KINDS OF HUNTING

W

The Art of the Egyptians

is still a source of wonder. We have knowledge that 'way back, 1400 B. C., the Egyptians saw the beauty in clean, even teeth, and we find many proofs of their skill in dentistry. Today Dentistry is 2,000 years old. Each decade added to our knowledge of this great science until now we have, by my modern methods, eliminated even pain.

There is no excuse for unsightly, unhealthy teeth, my prices are too reasonable.

MY PATENT SUCTION TEETH WILL NOT SLIP OR DROP.

Fillings, in Gold, Silver, Platinum or Porcelain, 50c to $1.

NEW YORK DENTISTS

GOLD CROWNS AND BRIDGE WORK, PER TOOTH

$4 and $5

Week Days, 8 A. M. till 8 P. M. Sundays, 9 A. M. till 1 P. M.

Examination Free. Terms of payment arranged to suit. All work guaranteed for twenty years.

LYON OF ROBINSON

Have you, as a man, ever stopped to realize what it means to one when he puts his own name before you? After 38 years of catering we feel that we can do so.

LYON'S RESTAURANT

DOMINO FRONT 20 W. THIRD ST.

MEN

Every day I have been explaining to you the CAUSE of diseases. My statements have been straightforward and to the point. Many men have called, some of cured six years, who had given up all hope of ever regaining their lost health. After thorough examination made by every man placed himself under my care. Today you cannot find happier or more grateful men. Many improved FROM THE VERY FIRST TREATMENT. A common statement was: "I WOULD HAVE COME TO YOU LONG AGO IF I HAD KNOWN HOW LITTLE TIME AND MONEY IT COST."

For Blood Diseases 606-914 For Blood Diseases

If you are suffering from specific blood diseases, with sore mouth, throat and tongue, body rash, call on me at once and let me administer to you a treatment of the Improved 606 (Ehrlich-Hata 914). No pain, no loss of time, no going to the hospital.

Discouraged Men

If you have a CHRONIC case of "MAN'S DISEASE," STRICTURE, PROSTATE, BLADDER, KIDNEY infection or SPECIFIC RHEUMATISM, don't permit injections, PROSTATE MASSAGE and old hit and miss methods until you are a broken down, used-up man, but come at once and receive my scientific treatment that will drive the disease from your body and make you a healthy MAN. Advice Free.
