WANT UNIFORM PLAN FOR COTTON PRICES

Spot Market Representatives Meet in Memphis and Adopt Resolutions for General Method.

BASES ON BONI FIDE SALE

Actual Transactions Are Urged as Basis of Dealings in Middling Spot Product.

MEMPHIS, Tenn., April 14.—[illegible] proposing a uniform method of fixing spot cotton quotations on which differences in the cotton markets are to be based were adopted at the meeting here today by representatives of the 10 designated markets. The resolutions will be submitted to each of these exchanges for action and if adopted by them the system will be put into effect.

The resolutions recommend that quotations be based on bonafide sales in middling spot cotton, of standard 7/8 inch staple, and that quotations be made at the time of the new York and New Orleans contract markets based on the average of prices reported by the buyers to the various exchange superintendents since the close of the central market. The sellers would be required to deliver to the superintendents bills of lading and sales with prices of cotton and if the purchase or sale is to arrange grade the approximate amount of each grade. The superintendents would be required to report the quotations committee the average prices of each grade traded and the number of bales involved. The committee is given the power to determine whether the total transactions are large enough for a basis of average prices, and if not to obtain from the superintendent an average price bid and ask prices for each grade on fifty bales or more. Any basis in spot cotton which the committee might consider made to influence the quotations or which do not represent the true market value should not be considered in striking the average. In basis transactions it is provided the buyer and seller may agree to get the average quotation on the approximate amount of each grade involved.

COUNTY MEDICAL SOCIETY HEARS CANADIAN COLONEL

At a meeting of the Tulsa County Medical Society at the municipal auditorium Monday night an address on venereal diseases was made by Lieutenant Lutermann of the Canadian medical corps, in which he told of the army methods of handling this evil.

The local medical society is considering a plan of cooperation with the government in the establishment of a free clinic in Tulsa for the treatment of diseases of this character, with a view of permanently wiping out the menace in the community.

Bolsheviki Inspire Strike.

WASHINGTON, April 14.—Reports of an impending strike in Turin are reported today in official Italian cables to the state department. There are indications that the bolshevik influence is back of the disturbance, says the advices, and bolshevik handbills have been found in Turin and houses. Extra police and cavalrymen are in the city and the authorities are reported to have the situation well in hand.

IF BACK HURTS BEGIN ON SALTS

Flush your kdneys occasionally if you eat meat regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poison from the blood then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a scalding sensation, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure, makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

STRENGTHENS KIDNEYS—PURIFIES BLOOD

Don't expect weak kidneys to clean the blood and poisons out of your system unless they are given a little help. Don't allow them to become diseased when a little attention now will prevent it. Don't try to cheat nature.

When you commence to have backaches, feel nervous and tired, GET RIDDER. These are usually warnings that your kidneys are not working properly.

Don't delay a minute. Go after the cause of your ailments or you may find yourself in the grip of an incurable disease. GOLD MEDAL Haarlem Oil capsules will give almost immediate relief in kidney troubles. GOLD MEDAL Haarlem Oil Capsules will do the work. They are the pure original imported Haarlem Oil Capsules imported direct from the apothecaries in Haarlem, Holland. Ask your druggist for GOLD MEDAL and accept no substitutes. Look for the name GOLD MEDAL on every box. Three sizes, sealed packages. Money refunded if they do not quickly relieve you.

The Forum.

Tulsa, Okla., April 13, 1919.

Editor Tulsa World:

In an article in today's issue of your paper is a statement by James Devine to the effect that 38 per cent of the Continental army was Irish. This statement has appeared many times in newspapers and magazines throughout the country, and it is not only fitting, but proper, that a refutation of same be made.

The best authority obtainable of a century of population growth, presumably the Bureau of Census of the Department of Commerce and Labor of the United States government printing office at Washington, gives the following facts and figures:

Population of the United States 1790, total . . . 3,929,625
English . . . 2,806,689
Scotch . . . 231,432
German . . . 176,407
Negroes . . . 757,181
Dutch . . . 78,953
Irish . . . 67,554
French . . . 15,615
All others . . . 10,694

The number of troops in the American army during the revolution is given at about 109,821, and 38 per cent of this number would be 41,732.

The total white population of the United States in 1790 was 3,172,444 and the 67,554 of Irish extraction composed only 1.9 per cent. Thus it will be seen that if every man, woman and child of Irish birth or extraction had been enrolled in the American army, Mr. Devine would still have to account for over 40,000 of his alleged 38 per cent.

Very truly yours,
J. T. Daley,
P. O. Box 1106.

Mrs. Tucker's dancing course until June or later. $5.00, opportunely unexcelled. Phone 4300.—Adv.

AMERICANIZATION IS PLEA BY D. A. R.'S

Theme of Opening Session at Washington Is to Teach Genuine American Principles to All.

WASHINGTON, April 14.—Genuine Americanization of native born Americans as well as those born in a foreign country or of foreign parentage and reading here was the theme of the opening session today of the 28th annual congress of the American society, Daughters of the American Revolution. The congress will continue until Saturday evening.

Mrs. George Thacher Guernsey, president-general of the organization in an address declared the development of the American consciousness depends upon the exclusion of all spoken languages except English, from the public schools. She characterized the teaching of a foreign language in the public schools as one of the greatest barriers to patriotism and amounting almost to an act of treason.

The president-general was applauded vigorously when she in referring to the league of nations said "We as Americans must come to understand that any righteous league that shall bind the nations together we must give to as well as take."

Ten nominations were received for vice-presidents-general, seven of whom are to be elected. Those nominated include Mrs. James Lowry Dulin, Texas, and Miss Mary H. Temple, Tennessee.

Trinidad, which is steadily increasing its petroleum production, exported more than 41,000,000 gallons last year.

Tate Brady Says League Is Between Devil and Deep Sea

Not being able to get heads or tails out of the report made by the committee appointed to investigate the water question, the Taxpayers' league at its meeting last night had the report. So the table with a remark by President Tate Brady, that the league was now between the devil and the deep blue sea.

There being nothing else to oppose, the league decided to invite Senator Thomas and Congressman Howard to address its next meeting on the negative side of the state good roads bond issue. The league is consistently on record on every bond issue proposal.

There was no discussion of the project launched at the last meeting of the league to recall Mayor Hubbard from office, but President Brady last night appointed C. T. Hardman, C. W. Gaither, E. E. Berger and J. J. Henderson to look after the legal details preliminary to the starting of a recall petition, the city, if any, having paid any attention to the league's invitation to resign.

Base Weather on Sun

WASHINGTON, April 14.—Weather forecasts in the future may be based on data on observation of the sun. The Smithsonian institution announced today that studies carried on at Calama, Chile, and Mount Wilson, Cal., go to show definite and be offered on weather could have had power. Arrangements are in progress to establish observatories at four additional observing stations in widely separated regions, including one in Egypt, India, South Africa and Australia.

CINCINNATI PASTOR MAY ACCEPT KENDALL PULPIT

It is understood that a call will be extended to the minister of the College Hill Presbyterian church of Kendall to come to Tulsa, it is the opinion of Cincinnati people, who are made uneasy at the loss of the pastor by the removal of the Rev. H. C. Millard to Pawnee.

Mr. Cross preached a trial sermon on Sunday and the members of the congregation were quite pleased with him. It was stated last night by S. A. Johnson, one of the leading members of the church, that Kendall was equally as well pleased with Kendall and its neighboring city of Tulsa. It is not only probable that a call will be extended to him as soon as the church board can take action upon the matter, but it is almost certain that Mr. Cross will accept the charge.

FEAST OF THE PASSOVER TO CONTINUE EIGHT DAYS

A sundown last night the celebration of the feast of the Passover was begun in every orthodox Jewish home in Tulsa, and will continue for eight days, according to ancient Hebrew customs.

Services will be held at 10 o'clock Tuesday and Wednesday morning in both the Temple Israel and the Rodef Emunah congregations, and again at the same hour on Monday and Tuesday of next week, at the close of the seven.

The observance is good authority in the homes of the Jews, where special feasts are prepared and partaken of with appropriate ceremony according to ancient teachings.
