BIBLE PLEADER FOUND GUILTY OF ESPIONAGE

Federal Jury Convicts Willis Bonner, Russellite, for Opposing Army Draft

CONDUCTS OWN DEFENSE

Two-Hour Dissertation Upon the Scriptures Fails to Mitigate Obstruction of War Measures.

Pleading the scriptures to justify his stand against the interests of the nation availed nothing to Willis Bonner, found guilty in federal court yesterday of violating the espionage act.

Bonner's trial was carried through under conditions most unusual in federal court annals. Reported to be a "Russellite," Bonner appeared for trial carrying under his arm a Bible and stack of papers upon which he had made memoranda and which he said constituted "his defense."

When the case was called Bonner asked Judge Woodrough for the privilege of questioning the jury. He was not represented by counsel, he said, and told the court he desired to act as his own attorney. First he challenged the jury on the ground that it was not representative of the people. When his challenge produced no results, he launched into his case, taking a position in front of the jury box and holding up his Bible much after the manner of a Sunday school teacher expounding the scriptures to his class.

Then for two hours he cited the scriptures in support of his contention that the remarks he had made before audiences in Stephens, in opposition to war and in support of his campaign against the Red Cross and Liberty loans "From Genesis to Revelations Bonner extracted "citations" in support of his position. "It is the law of God—not of man—that I place before you," he said.

Judge, jury and spectators sat in silence as Bonner submitted his "testimony," supported by the scriptures. Some of the jurors found amusement occasionally in Bonner's unique arguments, but it didn't require much time for them to reach a verdict of guilty.

Sentence will be pronounced Saturday.

JAP MINISTER DEFENDS ATTITUDE OF COUNTRY

SPRINGFIELD, Ill., April 15.—The position of Japan with Korea and Formosa was explained in an address here today by Baron Shimpei Goto, former Japanese minister of foreign affairs. The baron defended the attitude of his country against the charge of mistule in Korea and Formosa. He declared that Japan was suspected of aggressiveness and of harboring territorial ambition, which suspicion was not warranted.

"What we did in Formosa and Korea, does not differ from what the United States did in Porto Rico and the Philippines," the baron said. "In fact the archives in the state department at Washington will show that every political step taken by Japan was taken with the full cognizance of the United States government."

ST. LOUIS GIRL IS HELD FOR SHOOTING STEPFATHER

ST. LOUIS, April 15.—Ursula Broderick, 13 years old, who yesterday shot and killed her step-father, Joseph F. Woodlock, today was ordered held for the grand jury by a coroner's jury, which investigated Woodlock's death. The girl testified she killed Woodlock when he attempted to attack her.

Three years ago the girl shot and killed her father, Joseph P. Broderick, but was exonerated when it was adduced that she fired at him to protect her mother.

Tuesday Building Permits $14,370.

Permits for the erection of buildings to the value of $14,370 were issued from the office of the city building inspector Tuesday. The list:

Commends Police for Finding Stolen Auto And Catching Thieves

On the night of the orgies of Senator Boran the automobile owned by James D. Ward, president of the Sequoyah Oil & Refining Co., was stolen from in front of the Convention hall. The authorities were notified and the car was recovered in a few hours and the persons in charge of it arrested. Mr. Ward has written the following letter commending the police department:

"Editor The World:

"The morning when I came back to the office the police department, through their different mediums, had me-ag at the station and had captured the thieves. I feel it my duty to commend the police department of this city. It appeals to me that the public is too ready to condemn and too slow to commend our officers. I have been a resident of this state and locality all my life and have always gotten good service from the officers.

"I should further mention that Sheriff Woodey and his forces were very diligent in my behalf toward getting back this stolen car.

"I know that the wide circulation of The Tulsa World prevented the thieves from attempting to get out of the country with the car.

"JAMES D. WARD."

ALLOW GEN. TERRAZAS TO GO BACK TO MEXICO

EL PASO, Tex., April 15.—General Luis Terrazas, the octogenarian exile, may be permitted to return to Mexico to spend his remaining years on the vast Terrazas estate which he acquired prior to the Mexican revolutions and which was confiscated by the constitutionalist government. The estate was valued at $1,000,000.

Notice has been received in General Terrazas that his properties in the city of Chihuahua had been restored to him without the payment of delinquent taxes, his business representative here announced.

The estate includes Banco Minero building, Quinta Carolina, the famous summer home of General Terrazas in the suburbs of Chihuahua city, the beautiful marble palace which was his town house and many stores, residences and an interest in the electric light and power plant. His vast ranch holdings in the state of Chihuahua together with the timber tracts, mining properties and other interests outside of the capital were not ordered returned at this time, but are expected to be soon.

EVANS UNABLE TO DEFEND OPEN GOLF CHAMPIONSHIP

CHICAGO, April 15.—Charles Evans, jr., national amateur and open golf champion, today returned from a southern trip and announced that he would be unable to defend his open title, won at Minneapolis three years ago, because the tournament had been set for Braeburn Country club, Boston, for the week preceding the western amateur championship to be held at the Sunset Hill club, St. Louis, June 16-21.

The dual champion thought he would be able to defend his national amateur title at Oakmont, August 18-23. Evans said that it was next to impossible to get away from his business for two weeks at a time. Reports from other golfing stars have brought complaints that the United States Golf association set the date of the national open too close to the western amateur meet, as that affair has, by invitation of the Western Golf association, been made a national contest to allow Francis Ouimet to defend the title won at Midlothiane in 1917.

Funeral of Mrs. Kingsland.

The funeral of Mrs. J. F. Kingsland will be held at 2:30 o'clock this afternoon from the Stanley-McCune chapel.

SUNDAY SCHOOLS NEED ENLARGING

Tigert Memorial Church Has Same Problem as Tulsa Public Schools.

In consideration of a rapidly increasing population there is often uttered the thought that there is a large percentage of children included in the increase, until public schools facilities become sorely taxed and then a condition is forthcoming.

Tulsa has just voted a bond issue of a million dollars to care for the mental training of this large increase of children, and now the question has arisen, what shall be done to increase the moral furnishings for their spiritual and moral welfare.

The contemplated Tigert Memorial community church will, if realized, be a solution of this problem for one section of the city.

On the north side there are five large ward schools, filled to capacity. In this same section of the city, there are only two small churches where the girls and boys of school age may be trained in morals and versed in scripture. There is only a Sunday school capacity of about 300 on the north side, while there are between 2,000 and 3,000 children, who should be reached by the uplift of such an institution.

Already churches on the south side are experiencing difficulty in keeping pace with the demands made upon them. Their capacity, constantly increasing, is already taxed.

Sunday schools facilities of churches south of the Frisco tracks will take care of from 5,000 to 6,000 with a total school population in the same territory of approximately 10,000. The north side with 2,000 children and only Sunday school capacity of 300 illustrates strongly the need of the added capacity of the Tigert Memorial in this section.

Plans for the Sunday school accommodations will be the most adequate in the state. They are designed with the view of developing Biblical knowledge along the same lines that the most modern educators are using in public instruction. The church is to cost $200,000, and the finance committee is busy with some splendid subscriptions already signed. It is not likely any definite figures will be made public for the present.

NORVELL PARK ASKS ADMISSION TO THE CITY

Formal application will be made to the city commissioners at their meeting next Tuesday to admit Norvell Park addition of 40 acres into the city. The addition lies adjacent to the river boulevard and is one of the most picturesque sections of the city.

Two parks north of the boulevard have been dedicated by Woodson & Norvell, owner of the tract, to the public use. The Tuscania memorial is to be erected at Eleventh street and Lawton avenue at the entrance to the addition. The General Lawton fountain will be installed at the intersection of Lawton avenue and the boulevard. Suitable stations and monuments in memory of General Jackson and General Sam Houston will be located at the two streets which are to be named after them.

The city has already been given authority by Mr. Norvell to lay its water mains across the property.

SENATOR OWEN WILL TALK TO ROTARY CLUB TODAY

At its noon luncheon at Hotel Tulsa today, United States Senator Owen, who is in Tulsa to deliver the opening address of the Victory loan campaign, will be the guest of honor. Senator Owen has many personal friends among the Rotarians and his presence at the luncheon will be in the nature of a reception.

The boys of the Tulsa Boys' home, an institution supported largely by the generosity of the Rotary club, will also attend the luncheon today and tell their big brothers how they are being helped in a practical way by their stay at the home.

RED CROSS CAR DAMAGED IN WEST SIDE COLLISION

Mrs. F. G. Davis of the Home Service Red Cross, was driving a Dodge touring car south on Division street in West Tulsa about noon yesterday when she had a head-on collision with a machine driven by Henry Lage. The accident occurred at the intersection of Division and Mitchell, the west side's busiest corner. Both machines were badly damaged but neither of the occupants were injured. Patrolman Gillon who witnessed the smashup says that it was simply an accident, as both cars were going at a moderate rate of speed.

The Editor Says:

Some are and some are not appreciative. Doing things many of them, makes possible criticism jealousy or sarcasm and often from those whom you think you are favoring.

There are men whose dispositions will not permit them to credit you with the kindly or friendly feeling you may have had for them.

The thoughts of some lean always towards the faults instead of the virtues of friends, acquaintances or associates.

We in this business know that those who try to do things may make occasional mistakes we can't be perfect, always, and we admit it. But all of our acts and deeds have our best intentions.

Some are and some are not appreciated.

The praises we receive from friends and patrons and our continued success convinces us that we are on the right road.

Be Young for Your Years

You were taught at school that your body undergoes a complete change of structure every seven years.

This tearing down and building up process of body tissue continues without a moment's pause throughout life.

And when a man gets into a physical condition that the tissues keep breaking down and wasting away faster than Nature can replace them, right then he begins to grow "old".

This doesn't necessarily mean, however, that he has reached an advanced age. Thousands upon thousands of people begin to break down, their vital organs giving evidence of fast approaching decay, long before they reach middle age simply because they fail to give Nature, at the proper time, the needed help to rebuild.

If you are beginning to show the slightest sign of a physical "let-down"—if you are losing your old time "pep" vim and vigor—if high tension energy and nervous strain are beginning to tell on you—it's a sure sign that you are growing "old"—too old for your years. You've reached that stage where your vital forces need rebuilding. Don't make the serious mistake of postponing until too late the assistance Nature requires; commence today to take

LYKO

The Great General Tonic

LYKO enriches the blood, thereby helping Nature replace worn-out tissues, and tends to tone up the system generally by keeping the liver, kidneys and bowels clean, healthy and active. It creates a hearty appetite, assists digestion, promotes your capacity for real living and helps to keep you young in feeling, vigor and action.

LYKO is the most pleasant tonic on the market to take and it is just as superior in results. Get a bottle from your druggist today.

LYKO is sold in original packages only, like pictures above. Refuse all substitutes.

Sole Manufacturers
LYKO MEDICINE COMPANY
New York Kansas City, Mo.

CLEAN THE BLOOD

Taken from Nature—The wild roots and barks that go into the composition of one of the oldest and best known blood tonics are mostly gathered by the Indians on our reservations—brought or shipped to Dr. Pierce's Laboratory in Buffalo, N. Y. Over fifty years ago Dr. Pierce put up an alterative tonic without the use of alcohol that soon became known all over the world.

The spring is the time of the year we should put our house in order. We're run down after a hard winter—after grippe, colds, catarrh. It's time to take Dr. Pierce's Golden Medical Discovery, purely vegetable and free from alcohol or narcotics. It will search out impure and poisonous matter and drive it from the system. Buy it *now* in tablets or liquid.

It will clear the skin; eczema, pimples, rash, blotches will dry up and disappear; boils, carbuncles and other evidences of tainted blood will pass away, never to appear again.

Dr. Pierce discovered 50 years ago, that Nature has provided freely for these needs of her children and that in *her laboratory* were the remedies. Extracts of Queen's root, Stone root, Black Cherry bark and Bloodroot, as prepared, combined and preserved without alcohol, in *Dr. Pierce's Golden Medical Discovery*, constitute the most effective and certain tonic, alterative and tissue-rebuilding remedy ever offered to the public.
