Of Interest to WOMEN

Daily Thought.

Who needs a teacher to admonish him
That flowers grow? That earthly things are vain?
What are our joys but dreams?
What are our hopes
But goodly shadows in a summer cloud?
There's not a wind that blows but bears with it
Some rainbow promise. Not a moment flies
But puts its sickle to the fields of life
And reaps its thousands with their joys and cares.

The government, he said, is of the opinion that all of the American troops should be brought home as soon as possible, but it will be represented that part of the American expeditionary force in the defense of the Rhine bridgeheads, undoubtedly only a small force, will remain behind by those who prefer it for such service. Mr. Baker expects to return to the United States within 10 days.
