A negro musician, who is a band in himself, attracted some attention on the streets on Friday. He played on the harmonica and tamborine and made very good music.

The army is again being used for amuse, but this time by very young folks who are beginning in the terpsichorean art. A piano has been placed in the hall and the little children take their lessons in the afternoons.

The "Play Boy Brewer," Rev. J. Kirkman, Belle Rive, Ill., says, "After suffering from Bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more."

During the electric storm on Saturday a number of the telephones were burnt out, the long distance phone being among the number. The damage was remedied early on Monday and the exchange is now in its usual good working order.

Miss Lina Hill has been chosen to take charge of the Monticello school and will leave soon to take charge. Miss Neil is a graduate of Winthrop College of the class of '99 and the trustees of the Monticello school are fortunate to have secured her as their teacher for the coming year.

At a recent meeting of the Episcopal Cemetery Guild, the ladies decided to have a large gate put at the further end of the cemetery in order to avoid inconveniences arising from there being but one gate. Repairs will be made and the place generally improved.

A procession consisting of a wagon followed by about twenty or thirty negroes on mules passed through town on Friday morning. They were railroad hands on their way to Columbia to work on the Seaboard. They halted in town for a few moments then continued their journey to Columbia.

At plenty, Kodol Dyspepsia Cure will digest what you eat. It cures all forms of dyspepsia and stomach troubles. E. R. Gamble, Ustom, Texas, says, "It relieved me from the start and cured me. It is now my everlasting friend." McMaster Co.

R. Brandt, the well known jeweler and optician, from Chester, will be in Winnsboro on Tuesday, October 17th, and at Ridgeway Wednesday, October 18th. He will bring with him samples of his stock and it will be a great opportunity for anyone desiring to buy goods in his line. He has made several trips here before and his reputation is established.

"Prof. W. L. Weber, formerly of this State, but now a prominent educator in the West, has been elected to the chair of English in Emory College, Georgia. He is a son of the Rev. Dr. S. A. Weber, formerly pastor of the Lancaster Methodist Church."

The Rock Hill Herald says that, "The plans and specifications for a dwelling for Mrs. R. J. Brice, formerly of Woodward, have been completed by Architect Hugh White and the contract has been let to Mr. J. Wm. Mitchell. The house will be erected on a hundred foot lot on the east side of Oakland avenue, opposite the Winthrop College campus."

Mr. Frank C. Withers, who has for several years held the position of traveling agent for The State, has given up this place and is now cashier in the place of Mr. W. W. Watson. Mr. Withers' many friends here in his native town were always glad to see him and regret that his visits will now necessarily be fewer. Mr. W. H. Geer has been appointed traveling agent in Mr. Withers' place.

The weather recently has been peculiar in the extreme, and the climax was reached on Saturday when with the mercury at about 62 degrees a thunder storm came up and while not severe, lasted for several hours. The rainfall was tremendous and seemed to come from every direction, the wind changing from west to east and back again several times in a short time. So much rain was not needed and has probably had the small amount of cotton still remaining in the fields.

"If you scour the world you will never find a remedy equal to One Minute Cough Cure," says Editor Backler, of the Micropop, Fla., "Hustler." It cured his family of LaGrippe and saves thousands from pneumonia, who cough, cold and all throat and lung troubles. McMaster Co.

T. G. Patrick's store at White Oak was closed last Sunday night, and two bags of meal were emptied and filled with goods. Some tracks were followed from the store, and it is supposed from the tracks that only one thief entered.

Fine Figure

Many women lose their girlish forms after they become mothers. This is due to neglect. The figure can be preserved beyond question if the expectant mother will constantly use

Mother's Friend during the whole period of pregnancy. The earlier its use is begun, the more perfectly will the shape be preserved. Mother's Friend not only softens and relaxes the muscles during the great strain before birth, but helps the skin to contract naturally afterward. It keeps unsightly wrinkles away, and the muscles underneath retain their pliability.

Mother's Friend is that famous external liniment which banishes morning sickness and nervousness during pregnancy shortens labor and makes it nearly painless builds up the patient's constitutional strength, so that she emerges from the ordeal without danger. The little one, too, shows the effects of Mother's Friend by its robustness and vigor.

Sold at drug stores for \$1 a bottle. Send for our finely illustrated book for expectant mothers.

THE BRADFIELD REGULATOR CO. ATLANTA, GA.

The Yorkville Enquirer of Wednesday contains an engraving showing a handsome new business block that has recently been built in Rock Hill to replace buildings destroyed by fire more than a year ago.

When our boys were almost dead from whooping cough, our doctor gave One Minute Cough Cure. They recovered rapidly," writes P. B. Belles, Argyle, Pa. It cures coughs, colds, grippe and all throat and lung troubles. McMaster Co.

Soon after the death of Col. F. W. McMaster it was suggested through the columns of The State that the name of one of the public schools should be changed to the McMaster school in honor of Col. McMaster. This, we think, would be a graceful tribute to the memory of a man who for so many years was identified with Columbia and who was always interested in anything that was for the public good. This would be a lasting memorial, and it is hoped that the Columbia people will carry out the suggestion.

The State Fair, for which many preparations are being made by the executive committee, will open on November 6th, earlier than it has heretofore been held. The committee is trying to make this fair one of the best ever held and our county should come forward and take a prominent part. Let the farmers send their best specimens of farm products and we feel sure that no other county in the State can rival them. The farmers' institutes once held here showed what the farmers can do, and they should not lose the opportunity of letting others see what they can do.

Gen. McCrady, in his history of South Carolina, in speaking of the superstitious and queer ideas of the people during the early history of this State, says that "in Fairfield County, in this State, witches abounded."

These enlightened and civilized days it seems almost incomprehensible that sensible people could be so ignorant. It is hard, too, to realize that our forefathers, the men who lived just where we now live, should have feared the "evil eye" and lived in dread of some innocent old woman. It seems, however, that the witches in these parts did not suffer such punishment as those of New England.

DR. CADY'S CONDITION POWDERS, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and the best in use to put a horse in prime condition. Price 25 cents per package. For sale by McMaster Co.

The Columbia State on Monday published an interesting story of a solitary grave on the capitol square in that city. The grave is that of Capt. Swanson Lunsford of Virginia, who died August 7th, 1799, at the age of forty years. The headstone was erected by Dr. John Douglass and his wife Mrs. M. L. Douglass, who was the only child of the occupant of the grave. Mrs. Rebecca Douglass Hicklin, now of Rock Hill, formerly of Blackstock, and a granddaughter of Capt. Lunsford, wrote the story of the grave to the Lantern. Capt. Lunsford contracted yellow fever in Charleston and died of it in Columbia. Some of Capt. Lunsford's descendants are now living in Fairfield County.

It is the custom with many shows to out the night performance, that is, omit many of the acts, in order to get through early and hasten the tearing down and departure for the next town. The Great Wallace Show guarantees never to do this. Mr. Wallace is a most conscientious showman; he asserts that money received at night is worth as much on the dollar as the day money, and that his patrons are entitled to just as much for it; he maintains that he has no right to give them any less. Plenty of men are employed to tear down rapidly enough when the show is out, without having to pull the canvas down on the heads of the spectators.

WHY COUGH. Why cough and risk consumption, when the celebrated Dr. J. C. Watson's Bull's Cough Syrup will cure you at once? It never fails to cure throat and lung troubles. For bronchitis, sore throat and hoarseness it is invaluable.

Dr. Bull's COUGH SYRUP Will cure a Hacking Cough. Doses are small and pleasant to take. Doctors recommend it. Price 25c. At all druggists.

May Join The Colony.

The following from the Charlotte Observer will be read with interest by Mr. Gerig's friends here who will be glad to know that he intends locating so near home:

Mr. Albert E. Gerig, of Ocala, Fla., spent yesterday in the city. He is a friend of Mr. and Mrs. C. H. Campbell, and Messrs. Davidson and Van Zandt. Mr. Gerig is connected with the Plant System of Railways at Ocala. He was very much impressed with Charlotte and vicinity and thinks he will locate in this section.

Working Night and Day The busiest and mightiest little thing ever made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c. per box. Sold by McMaster Co., druggists.

The author of "In His Steps," the famous religious book, of which over three million copies have now been sold, has been induced to answer, in an article which he has sent to The Ladies' Home Journal, the question which unconsciously comes to the mind after reading his book: "Is this plan practicable in our present daily life?" Mr. Sheldon does not evade the question, but answers it in a direct and vigorous manner, and tells exactly what he believes would be the effect of his plan upon modern business methods and present-day social life.

WEATHER FORECAST FOR OCTOBER. October comes in fair and cool, with local frost; 2nd, partly cloudy and warmer; 3rd, cloudy and threatening; from the 4th to 11th, look for much cloudiness and rain southward, sleet and snow storms northward. Look for heavy frost for the season of year, in rear of the storms southward by the 11th to 14th. An early fall is predicted. But after the 15th we shall have some fine weather for pushing all farm work. Make good use of it while it lasts. I predict we shall have a moderately mild fall in temperature, but plenty of rain. 14th and 15th fair and pleasant; 16th and 17th partly cloudy and windy; 18th to 25th, fair and beautiful; 26th to 29th, rain and wind; 30th to 31st, fair, windy and cooler to cold. Prepare for a rough winter January, 1900, for it will be the coldest month during the winter.

J. Martin Grant. September 26, 1899.

Tetter, Salt-Rheum and Eczema. The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sore eyes. 25c. per box. For sale by McMaster Co.

COMING AND GOING Dr. W. E. Aiken, who has been sick, is out again.

Mr. Preston Rion has returned from a trip to Washington, D. C.

Mr. J. T. Barron, of Columbia, was in town for a short while last week.

Miss Bessie Quattlebaum left Wednesday for Columbia to visit relatives.

Mrs. William Wallace, of Columbia, has been on a visit to her son, Hon. John G. Mohley.

Mr. McKeown, of Brooksville, Fla., is spending some time with his sister, Mrs. J. C. Creight.

Wilson Bealy, son of Mr. and Mrs. J. M. Bealy, left on Monday to resume his studies at Cedar Springs.

Mr. E. S. Douglas, formerly of this city, now of Washington, D. C., is here for a few days.—The State.

Miss Margaret Thompson leaves in a few days for Charleston and from there will go by water to New York.

Miss Bailey, who has been spending several months with her sister, Mrs. Frank Foshee, returned to her home on Tuesday.

Mr. and Mrs. William Bostic, who left here in the summer, have returned for a short stay and are stopping at the Winnsboro Hotel.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Ft. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by McMaster Co.

The women of the Maxey Gregg Chapter U. D. C., of Edgefield, have raised enough money to erect a handsome Confederate monument. The design is a figure of a Confederate soldier and is graceful and striking. The ladies of the Memorial Association in Winnsboro have a very nice sum which they have spent years in collecting, in the hope of erecting a monument of some kind in memory of our dead soldiers. During the last few years, however, some of the members of the association seem to have lost interest in the work and all of the work devolved upon a few, and it has not prospered as it might have done if all showed interest. The success of our own ought to encourage our women to keep up the work until their efforts shall be rewarded by a handsome shaft on the public square, the sight of which would make them feel that the work of years had not been in vain.

BUCKHEAD AFFAIRS. We have had a great deal of rain in the last month. The continuous rains make it bad for saving hay. I have never seen finer hay for cutting, mostly Egyptian grass. I see that the Texans don't want the Egyptian grass in their State, and are going to pass laws for its extermination. The Atlanta Constitution calls it Johnson grass, and some call it the Means grass. I have known it for over sixty years, and the first I ever saw was on the famous popular ridge, then owned by Dr. David H. Means, brother to Governor John H. Means. My father tried hard to prevent its spreading on his land, but he, like nearly everybody else, became reconciled, and consider it the best hay grass of our section of country.

On the eastern part of the popular

A Woman Only Knows what suffering from falling of the womb, whites, painful or irregular menses, or any disease of the distinctly feminine organs. A man may sympathize or pity but he can not know the agonies she goes through—the terrible suffering so patiently borne, which robs her of beauty, hope and happiness. Yet this suffering really is needless.

McELREE'S Wine of Cardui will banish it. This medicine cures all "female diseases" quickly and permanently. It does away with humors, restores the system to its normal condition. The treatment may be taken at home. There is not continual expense and trouble. The sufferer is cured and stays cured. Wine of Cardui is becoming the leading remedy for all troubles of this class. It costs but \$1 from any druggist.

For advice in cases requiring special directions, address, the "Ladies Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

MRS. C. J. WEST, Nashville, Tenn., writes: "This wonderful remedy brought me in every hour where there are girls and women."

THE NOVEMBER DESIGNER. Fashions for winter are handsomely displayed in the November number of The Designer. They are shown in colored and in black-and-white illustrations accompanied by descriptive matter which tells just what materials and decorations to employ for their development. Cold weather millinery is likewise pictured and described. Women who have passed their youth, but who still rightly wish to dress becomingly, will be interested in "Appropriate Costumes for Elderly Ladies." The deft needlewoman will take delight in reproducing the many pretty fancy-work designs in embroidery, lace, knitting, tatting and crochet shown in this number, while the amateur photographer and kindergarten will appreciate bright articles on the subjects in which they are respectively interested. "Hand Beautifying" is the theme of the November installment of "Health and Beauty," and "Pickles, Catsups and Sauces" are treated of in the culinary department. Do not suppose the foregoing comprises the entire contents of the magazine—far from it. In addition there are "Flouriculture," "Book Notes," the continuation of Martha McCullough-Williams' story, "The Silver Spur," a short story, "Camille's Confession," a comedietta, "The Best-Laid Plans," "Cabinets Serviceable and Ornamental," "Points on Dressmaking," "Literature for Little Ones," and "All Around the House." Surely liberal supply of good things for 10 cents.

AN HONORABLE SHOWMAN. B. E. Wallace Lives Up to His Promise. It is a rare occurrence to see a big showman, an absolutely honorable course in advertising, especially as to its size, that we heartily commend the manner which The Great Wallace Show's advance corps are doing in this city, particularly as it applies to the press. Articles are not falsely written up and then quoted as coming from responsible journals where the show has appeared, but the bona fide clippings taken just as cut from the columns of the newspapers ahead, and the local reporters deal with them as they deem proper. This is what the San Francisco Examiner says of this big show, coming to Winnsboro on Friday, October 13th.

"We have been reading lately many complimentary comments on the greatly increased size and unquestionable merit of the newly equipped Great Wallace Shows now touring the West, but were agreeably surprised to-day, first by the magnitude of the show as a whole, as it came in sections on its elegantly constructed trains, and again by its stupendous, clean and novel parade. A show never presented a more gorgeous pageant. We visited the grounds later on a business errand and again met a surprise. The show is absolutely new throughout, and covers not only the entire show lots, but all the streets surrounding them. The tents at the afternoon performance were packed with visitors, and the circus program for novelty, great features, comedy and real refinement excels anything San Francisco has seen in many years. The Examiner endorses The Great Wallace Shows to the world in general as the most meritorious they may possibly ever see, a real fashion plate show if ever there was one."

Mr. A. L. Dano, of Winnsboro, has been visiting near and at this place. Miss Kate Brown, of Sumter, is visiting relatives near here.

LADIES ARE SURPRISED The Novita Company of Atlanta, are curing cases of "female troubles," and prominent doctors have pronounced such cases "incurable," or have said, "You will be compelled to have an operation." It is a fact that The Novita Treatment for women cures such cases. It restores Tampons and Foreign Growths, cures Granular Ulceration, Irritation of the womb and ovaries and all displacements.

Write for their book and 200 Atlanta testimonials and they will be sent you free. Give them your symptoms and Dr. A. M. W. will diagnose your case without cost. They treat by mail. Address all letters to The Novita Company, 400-413 Grand Opera House, Atlanta, Ga. 8-16m

ridge was the house site of Governor Hampton's father or grandfather. It was in possession of the Means, and afterwards owned by David Crosby, then by T. D. Feaster, and now by Miss F. G. Feaster.

I am very glad cotton is advancing in price. It is bringing 7 cents at Blair's and Shelton. Cotton seed is bringing 17 1/2 cents per bushel, and at Winnsboro I hear they are worth 25 cents.

Hasn't Winnsboro progressed?—in her high school or Mt. Zion College, her oil mill, bank, her many stores, cotton factory, newspaper, and her churches. Hurrah for Winnsboro!

Just look at the correspondence between Gen. Hampton and Gen. Sherman in your this week's issue. If you want to see the patriotism of the two generals, Hampton, though outnumbered, was always for the right. South Carolina owes him a debt. Her sons and daughters have enjoyed the benefit of his eminence as her best, true and tried-officer in great crisis of our life. He made South Carolina free from Redden rule, and therefore the State cannot afford to let him wander for a single thing. If the in will not see to the old hero's wants the ladies by their means, work and prayers will take the matter in their blessed hands, as they have helped the general by their prayers once before.

Miss F. G. Feaster, of Columbia, is visiting in this section. October 5, '99. J. C. F.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co. W. Va., died of cholera. He made South Carolina such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniments and ointments, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. The balm is unequalled for sprains, bruises and rheumatism. For sale by McMaster Co.

UPPER LONGTOWN LOCALS. We have had a great deal of rain during this week, which will in all probability prove highly beneficial to peas, potatoes, turnips, etc. The weather has turned considerably warmer. We haven't seen any frost yet, but heard that there had been a killing frost on Dutchman's Creek.

There was quite an enjoyable social at Mr. S. McCormick's on Friday evening, 9th ult. An unusually large crowd was present, all of whom seemed to enjoy themselves very much. We certainly enjoyed the excellent music furnished throughout the evening by Miss Bessie Lyles and Miss Hallie McCormick on the piano and Dr. Provencher on the guitar.

Mrs. Cloyd, of Hopkins, is visiting at Mr. D. W. Tidwell's.

Mr. and Mrs. McGarrey, of Chester County, are visiting at Mr. Robert Bankhead's.

Mr. W. B. Jackson, of Rock Hill, came down on a visit to his mother last week.

Mr. Key Bookhart, of Sumter, spent Monday night at Mr. S. L. Dixon's, en route to Chester, where he will visit relatives.

LIKE A THING OF LIFE

That's the way the Columbia Bevel-Gear Chainless Bicycle moves. From pedal to driving wheel there is no interruption in the transmission of power. The operation of the machine is positive. Each part of the driving mechanism is fixed in its place, all parts move together and there is no back-lash, no straining, wear or loss of power in bringing the different parts consecutively into action.

The rider expends no strength without compensation. Every ounce of muscular force exerted is utilized in the propulsion of the machine. Price \$60 to \$75.

CHAIN WHEELS. Columbias and Hartfords are the most popular chain bicycles because they contain more desirable features than can be found in other machines of their kind. Special cutting of the sprockets, preventing loss of power through sliding of the chain; narrow tread; narrow rear forks and hubs; dropped crank hanger; flush joints, which are stronger than the body of any u be adapted to cycle construction; and bearing brought to the highest degree of perfection through generation in machines designed and built for our exclusive use, are evidences of their superiority.
