MANY FACTORS AID IN STOCK RECOVERY

Optimistic Trade Reports, Treaty Modification and Money Rates Contribute to Active Trade.

NEW YORK, May 23.—Optimistic trade prospects entertained by leaders of industry, further relaxation of money rates and prospective modification of the peace treaty were the most noteworthy contributions to today's active and strong stock market.

Until the final hour, when the upswing of prices became more sensational, the session was in most essentials a duplicate of the preceding one. The undertone was one of firmness and aside from the activity of a few specialties the advance was almost continuous.

At the Palace Next Week

This adaptation of the famous story and play directed by Marshal Neilan is by far the most pretentious picture "Our Mary" has appeared in. It will constitute a full one and a half hour program and you'll enjoy every minute of it. Comedy, pathos and romance cleverly woven into a screen visualization par excellence.

NAVAL FLYER TO TALK AT "Y" MONDAY NIGHT

J. L. Baker Will Discuss Practicability of Trans-Atlantic Air Line—Prizes for Boys.

J. L. Baker, formerly a lieutenant in the naval air service will speak to the Penguin club which will hold a special meeting at 7:30 o'clock Monday night in the Y. M. C. A. Mr. Baker will speak on the subject, "Naval Aviation, Aerial Radio and Naval Navigation." He will also outline briefly the trans-Atlantic flight and the possibility of the establishment of an air route across the Atlantic.

New interest in the club has been taken by the members following the announcement by the Southwestern Aeroplane company that they would give a prize to any member of the club who first submitted a model plane which they could use for experimental purposes. It is the plan of the officials of the club to have a workshop installed in the Y. M. C. A. where the boys may work on a model.

Arthur Carter and Myron Gump have a plane almost completed which they made after their own model. As soon as the machine is completed it will be placed on exhibition at one of the local stores in the business section of the city.

The pins and rings containing the symbol of the club have been ordered for all members and will be given to them some time during the latter part of next week, according to R. H. Collins, formerly a lieutenant in the aviation corps and instructor of the class.

"Daddy Long Legs"

With the Oil Men

The meeting at Cleveland brought together a lot of the old timers in the supply business, and yet there is a great change in the personnel of well-known companies and some are greatly missed. For instance, Frank Louis, who has always attended the Convention with the National supply people, is in business for himself in Tulsa and is making a lot of money in the gasoline business. The other members of that firm, who are here include Frank Collins, C. W. Mascho, M. T. Colt, all vice presidents, from Toledo and Lima; F. W. Miner, H. B. Hoez, from Pittsburgh and Parkersburg respectively; W. H. Jeffery, advertising manager of Toledo, who is accompanied by K. N. Hardee, J. M. Goddard and A. L. Meeks from that city. Tim Eyssen, whose father, George Eyssen, is so well known in Tulsa, is here from Wooster, Ohio.

Altogether they make a big live bunch and have to separate booths in the big display room. Among the meter men who have displays and who are exhibiting several new types of office meters and an improved pay-payment attachment for their Hoo-case meters, are F. H. Payne, C. J. Pfier, H. P. Westcott, Lamont Adams, E. Metz, and J. H. Satterwhite. These lines are all sold in Tulsa, being principally represented by Westcott and Greis, the latter being absent this year for the first time and greatly missed.

Jas. K. Crawford of Tulsa, is in Buffalo this week, attending a wedding of Percy Wallace of Tulsa, his nephew, to a Miss Alligater of Tonwanda, New York, while Dave Crawford is the only representative of the Crawfords that is in attendance here.

K. P. Patterson, well known whose father was one of the big merchants of Muskogee up in the time of his death, is here from San Antonio, Texas, and looks prosperous.

F. M. Vossler, one of the old timers with the A. Leschen & Sons Rope Co., of St. Louis, Mo., is here with his radiant smile and is handing out lead pencils as of yore.

The Empire is ably represented this year at the convention by F. P. Fisher, Ralph E. Morrison, S. A. McKeen, Charles Bullock, H. Hay, S. E. Murphy, J. W. Hines, C. E. Hines, F. L. Montgomery and B. F. McKay. Mr. Morrison is an old time newspaper man and has charge of the publicity for the Empire.

C. H. Black, of the Black Steel & Wire Co., with offices in the Cosden Bldg., in Tulsa, is mingling with the crowd in the big show room and has made a world of friends.
