Texas News.

The Phillips Petroleum company is reported to have a well on the C. A. Long farm in Stephens county.

The Humble Oil company has a show for gas in its No. 1 pair in Eastland county at 2,420 feet. The same company on the Scott farm also in Eastland county, has a well making 75 barrels at 2,445 feet.

The Lem Oil company No. 1 on the Allen farm in Eastland county found the top of the sand at 2,400 feet and is making 4,000,000 feet of gas and 400 barrels.

The Texas and Pacific company No. 1 on the I. H. Hood farm in Eastland county, is making 1,000 barrels at 2,400 feet.

The Gulf Production company No. 2 McCauley in Stephens county has increased to 2,690 barrels.

The Chapman Oil company on the Wright farm in Eastland county has a well making 250 barrels and is still drilling.

The Mid-Kansas company on the Satterfield farm in Stephens county has a well good for 150 barrels. On the Jennings farm in the same county this company has a 20-barrel well.

At Burkburnett, Texas.

The Producers & Refiners corporation well No. 1 has finished with the rotary and is rigging up to drill in with standard tools. The top of the sand has already been touched and the indications are good for a well. No. 2 on the same lease is rigging up with the rotary.

At Beggs.

The Kimbley well in 20-14-11 is now in another sand from 2,425 to 2,427 feet. This looks like the opening of another field.

The Producers & Refiners corporation and Holliday Oil company No. 2 Sandy Tobler in 2-14-11 is a location 50 feet northwest of No. 1. Tools are being moved in, and the well will be started at once.

The Producers & Refiners corporation and Bailey and others well No. 1 Kelly, located in the northeast corner of the southeast quarter of the northwest quarter of 2-14-11, has the hole clear and ready to drill after a fishing job.

The Producers & Refiners corporation No. 1 Tobe Jefferson, in the northwest corner of the east half of the southeast quarter of 30-15-11, is drilling at 2,765 feet, and expect to get the sand some time the first of the week.

The Producers & Refiners corporation are moving in tools for No. 1 Hawkins in the southeast corner of the southwest of the northeast of 11-14-11.

The same company is moving in a rig and tools for No. 1 on the McIntosh lease, in the southwest of the northeast of 12-14-11, which is an offset to the 1,000-barrel well recently brought in by E. R. Black and others.

H. F. Wilcox is drilling at 700 feet on his No. 1 test on the Virginia Wiley farm in 30-16-11.

In section 24-15-10 on the Stepney farm H. F. Wilcox has skidded the rig after a tedious fishing job and is now spudding in.

H. F. Wilcox is drilling at 2,240 feet on his No. 1 test on the Thomas Kay farm in 10-14-10.

In section 36-15-11 Wilcox is preparing to rig up for No. 9 on the Jason Drew farm.

H. F. Wilcox has spudded in for No. 3 test on the Isparecher farm in 34-15-11, in the center of the east line of the southwest of the northeast. A calf wheel rig has been erected for this test, with an effort to locate the 2,700-foot sand found in adjacent territory.

The H. F. Wilcox wells Nos. 1 and 2 are showing an aggregate production of approximately 2,400 barrels daily. Well No. 1 is now 10 weeks old. Well No. 2 being drilled into the Wilcox sand on May 20, 1919, [illegible]

Deep Fork District.
