SANDOW MOTOR TRUCK COMPANY ESTABLISHES AGENCY IN TULSA

C. C. Pierce, representing the Sandow Motor Truck company of Chicago, announces that a new company has been formed to act as state distributors for the Sandow Truck. The company consists of L. J. O'Connor, well known oil producer, Charles Hahn and Roscoe M. Griffith, both of whom have been in the automobile and truck business in Tulsa for the past six years.

The location of the new firm is the building formerly occupied by the Osage Motor corporation at Twelfth and Boston. The building itself makes an ideal one for the display of trucks as the new firm will carry all models in stock for immediate delivery.

That the Sandow is well known in this territory can be proven by the number of these trucks that are seen on the streets and through the oil fields. The truck was just coming into its own when the government curtailed its production for commercial use and taking on the trucks for military purposes. However, great expectations are looked forward to by the members of the company and it is anticipated that the Sandow will be the success of this territory as it is everywhere it is being used.

Wanted—Second hand derrick. Bixby field or north of Bald Hill. Address Box 872, Sapulpa.—Adv.

WANT TO PURCHASE

Second hand No. 25 or 27 Star machine for cleaning out purposes. Baker & Lynch, 221 Lynch Bldg. Phone 228.

WANTED—Good leases, production and drilling contracts in shallow fields near Tulsa. Send plat to P. O. Box 823.—Advt.

Have cash ready to buy fee land and oil royalties. Give full particulars with age wells, income from last year, price, etc. Address P. O. Box 48, Tulsa.—Advt.

ACREAGE—Small block in Claremore field to lease, a good proposition. See H. G. Finch, 430 Robinson building, phone 4790.—Adv.

CONTINUED FROM PRECEDING PAGE

At Maud

The S. Haught No. 1 Thorn in the center of southwest of northwest of 24-8-5 is shut down at 1,070 feet.

The Shawnee Refining company No. 1 Penn in the southeast of southwest of northwest of 8-7-5 is a rig.

The Maud Oil & Gas Co. No. 1 Davis in the southwest of northwest of northwest of northeast of 18-1-5 is fishing at 1,700 feet.

Yale District.

The Alice Katheryn Oil company No. 3 Meyers in the northwest of southeast of southeast of 1-19-6 is drilling at 2,885 feet.

The Inland Oil company No. 6 West in the northwest of southwest of northwest of 1-19-5 is a location.

The Magnolia Petroleum company No. 4 Strayer in the northeast of southeast of southwest of 1-19-5 is drilling at 3,095 feet.

The Gypsy Oil company No. 1 Moebus in the northwest of southeast of northeast of 5-19-5 is pumping 60 barrels and making between 5 and 10 barrels of water.

The Texas company No. 1 Wallace in the southwest of northeast of northeast of 5-19-5 is drilling at 1,375 feet.

The Cosden Oil & Gas Co. No. 1 Rice in the northeast of southeast of southeast of 8-19-5 made 48 barrels of oil in nine days.

The Magnolia Petroleum company No. 4 Miller in center of east line of southeast of southwest of 12-19-5 is a rig.

The Magnolia Petroleum company No. 5 Robinson in the southeast of northeast of northwest of 12-19-5 is drilling at 2,200 feet.

The Roxana Petroleum company No. 3 Harmon in the southeast of northeast of 12-19-5 is a rig.

The Magnolia Petroleum company No. 8 Hunter in the southeast of northeast of southwest of 6-19-6 is pulling big pipe at 2,110 feet.

The Pison Refining company No. 1 One Acre Strip in the northeast of southeast of northeast of northwest of 6-19-6 is fishing for casing at 1,960 feet.

The Alice Katheryn Oil company No. 7 Brock in the southeast of northwest of southeast of 6-19-6 is drilling at 2,040 feet.

The Magnolia Petroleum company No. 2 Brock in the southeast corner of 6-19-6 is underreaming 8-inch casing at 1,870 feet.

The Carter oil company No. 7 Page in the southeast of southwest of 8-19-6 is underreaming 8-inch at 1,910 feet.

The Roxana Petroleum company No. 1 Hinds in the southwest corner of 8-19-6 got Skinner sand 2,299 to 3,015 with a show of oil. There was no Bartlesville sand. It is now drilling at 3,195 feet.

The Carter oil company No. 1 Bergman in the northwest of northeast of southwest of 18-19-6 is fishing at 3,532 feet. No. 2 in the northeast of southwest is drilling at 1,775 feet.

The Magnolia Petroleum company No. 2 Caesar in the northwest of northeast of northeast of 18-19-6 is drilling at 1,840 feet.

The Magnolia Petroleum company No. 1 J. C. Goodhall in the northwest of southeast of southwest of 19-19-6 is drilling at 3,470 feet.

The same company No. 2 Thorpe in the northeast of northeast of southwest of southwest of 20-19-6 is drilling at 1,550 feet.

The same company No. 2 Green in the northwest of southeast of northwest of 20-19-6 is building rig.

The Magnolia Petroleum company No. 1 Goings in the northeast of southeast of southeast of 32-19-6 is a rig.

Marion County, Kan.

The Kimbrel Investment company No. 1 Brooks in the northeast of 10-22-4 is a 50-barrel well.

Chautauqua County, Kan.

W. H. Sproul No. 13 on the Carrie Crane, in the south half of 1-35-11 is good for 12 barrels.

W. H. Mandeville, in charge of production for the Producers and Refiners corporation, is back from Burkburnett and says that he is not satisfied with the measurements reported by the drillers in the well they recently completed as being 2,000 feet in depth. He says "Before I left there Friday, I gave instructions that the tools be run and careful measurement taken, so as to verify the driller's report. It is impossible to run a measuring line as the well is flowing too strong, but we will be able to know exactly what the depth is some time soon, or as soon as we can get a report from the man I left in charge."

Hugh Jordan is in the city from Fort Worth, Texas, accompanied by Ed Aggas, who is office manager for Mr. Jordan. Mr. Jordan says the Whiteside well in Palo Pinto county which has been reported as showing oil in a big well is dropping over and will be shut down soon. He gets his information from Mr. Whiteside. The Empire is getting ready to drill in the well offsetting the Chestnut well, also in Palo Pinto county, and are hauling tubing out. The Chestnut well is a good producer. The Chestnut Well was drilled a couple of years ago and reached the sand with a small flow, blowing the tools out, and sprayed considerable oil until shut in.

Jackson County, Kan.

The Gulf Refining company No. 1 Martin in the northeast corner of southwest of 20-10-20w is shut down at 2,400 feet.

DEPENDABLE

Oil Well Supplies

Service satisfactory to the customer is the first principle of our business. Branches located in all principal points in the Mid-Continent oil fields.

WHEN A PIPE GOES "SPANG"

—about 2 o'clock in the morning—one Emergency Pipe Clamp, costing a few dollars, is going to save you thousands of dollars in oil.

This clamp is driven right over the leak during highest oil pressure and makes a positive permanent repair—instantly. Keep some on hand—mighty cheap leak insurance. Most dealers have all sizes in stock.

Our little "Pipe Repair Book" tells how to fix every possible pipe, joint or flange leak. Send for it—no obligation.

Livingston Oil

reports 3,500-barrel gusher, Northwest Extension Burkburnett Field, Texas

15 more wells drilling and 20 additional locations in the same field, all practically offsets to, and surrounded by "gushers." They should be finished within 40 days, and if the results are only approximately what the Company is justified in expecting, a very large increase in production should be obtained; possibly 5,000 to 10,000 barrels settled production daily.

The company also reports 100-barrel well in Coweta, Okla., field.

9 additional wells are being drilled, and 25 more wells, practically offsets, are to be drilled on the Company's Oklahoma acreage.

Over 20,000 Acres, Texas, Oklahoma. Large Production and Earnings. Refineries. Dividends 3 per cent Quarterly.
