WOMAN'S WORLD and WORK . . . .

LILIAN CRAWFORD PERKINS

Dreaming

My thoughts tonight are turning
To a cheery fire that's burning
In a cozy little cottage . . .
That is nestled among the trees,
And there comes a tender feeling
O'er me slowly, softly stealing
To me lonely and unassuming
All the joys left to pleasure.

Through my life there's but twilight
Alone
Yet I have the sweet consolation
That in events uncertain
There's a time when I'll go home
And that some day I'll be dreaming
With the lucky, lovelight a-gleaming
O'er me softly warmly, seeming
Like the light from Heaven's
Throne

Saturday Events

Miss Doris Harris picks picnic at Sand Springs.

Grant-Brady.

The marriage of Miss Etta Brady to Mr. Louis W. Grant, both of this city, was an event of interest to many friends, taking place in Sedan, Kan., on Wednesday at the First Baptist church. Only immediate relatives were present. Miss Dane Martin and Mr. Albert Twist, both of Tulsa, were maid of honor and best man respectively. After the ceremony the wedding party went to Elgin, Kan., where the Brady family are spending the summer and where breakfast was served. Mr. and Mrs. Grant left for Kansas city and will arrive Sunday. They will be temporarily located at the Brady home on South Main street. The bride is the attractive daughter of Mr. and Mrs. A. H. These are his grandparents, the Rev. and Mrs. J. F. Alderson of Royce City, Texas, and Mrs. L. W. Thompson, and aunt, from Muskogee. ALLEN SAYS TULSA HAS BUT FEW LOAFERS

"If there are men who won't work in Tulsa, of course we will arrest them, but I have found that there are very few idlers lying around," said Chief of Police C. K. Allen Friday morning in commenting on the campaign of the federal state employment service to put an end to the labor shortage here.

"We have been asked to make men work before and have raided the hanging-out places of the men we had pointed out to us, to find and nearly all of them were working at night work.

"The chief said that he found very few men around town who would not work and that if men could be found he would make every attempt to make them work or send them to jail.

"The local employment bureau heads say there are hundreds of men hanging around town and will not work if jobs are found them. It is their plan to put these men to work to stop the labor shortage and will turn their names over to the police for action if they refuse.

CITY MAY CARRY ITS OWN INSURANCE NOW

Recognition of Tulsa's status among the cities of the nation was made by the state industrial commission Friday morning by granting the city the privilege of carrying its own compensation insurance with some insurance carrier authorized to do business in the state, and relieving it of the obligation of carrying a compensation insurance.

"It has been decided by the state industrial commission, reads the report from Baxter Taylor, a member, to City Attorney Edward P. Marshall this morning, "that Tulsa is a solvent municipality financially able to carry its own compensation insurance. Enclosed find certified copy of 'Own Risk No. 192,' granting your city the privilege of carrying your own compensation insurance and relieving you from the obligation of carrying compensation insurance."

Street Widening Approved.

Presentation of a resolution providing for the widening of Boulder and Boston avenues was made at the meeting of mayor and commissioners Friday morning, and upon approval City Engineer Wyse was instructed to give the contractors, F. L. McCormick & Co., notice to begin actual construction within the specified 40 days.

Car Thieves Shift Tactics.

Skin Eruptions Cause Unbearable Itching

Scratching Increases the Irritation of the Delicate Skin Tissue.

You can claw your nails into your skin until it bleeds, in an effort to to obtain relief from the fiery itching and burning caused by skin diseases, but you only increase the irritation and pain.

And you can pour ointments, salves and lotions by the gallon on the irritated parts, without obtaining anything but temporary relief. Just as soon as the strength of the counter irritant gives out, your pain and torture will return with increased violence, because these local remedies have not reached the source of the trouble.

The real source of all skin disease is the blood supply. The blood becomes infected with some impurity, and the disease germs break out through the delicate tissues of the skin. They may appear as eczema, tetter, boils, pimples, scaly eruptions, caused by disease germs in the blood.

The real cure, therefore, must be directed through the blood. And no remedy has yet been discovered that equals S. S. S. for any disorders of the blood. This great old remedy rids the blood of every trace of disease germs, and clears up the complexion and gives it the ruddy glow of perfect health. Get a bottle at your drug store today, and you will soon be rid of your tormenting skin trouble. Also write at once for expert medical advice regarding your own case. TULSA PAPER RATES CUT BY COMMISSION

Interstate Board Eliminates Unjust Discrimination Against Local Firms; Adams Notified.

By order of the interstate commerce commission, the freight rates on paper from the Wisconsin and Minnesota paper mills to Tulsa were materially reduced Friday morning, according to report received at the offices of E. N. Adams, secretary of the Tulsa traffic association.

Adopting the report of the examiner in the paper rate hearing held here on January 30, 1918, the commission ordered that all rates on paper from these northern mills shall not exceed the rate now in effect to Joplin, but will only be extended on a ton-per-mile basis.

This reduction in freight rates will affect various lines of business in this city, and will eliminate the undue and unjust discrimination against Tulsa, and will put this city in a position to successfully compete with surrounding jobbing points.

Current rates on newspaper print which are now 56½ cents per 100 pounds from the mills in Wisconsin and International Falls, Minnesota, have been reduced to 45 cents. Wrapping paper has been reduced from the current rate of 65 cents to approximately 44 cents, while toilet paper, which has been 71½ cents per 100 pounds, has been reduced to 44 cents. The results on this decision upon Tulsa merchants and newspaper plants are obvious.

ASK KATY TO BUILD SPUR TO FACTORY

Asking that the M. K. and T. railroad be granted permission to construct a switch track from their maine line over and across the northerly part of the intersection of Boulder and Cheyenne avenues with their own rightofway to their warehouses, owners of the Continental Supply company, J. A. Newsome; the Hofstra Manufacturing company and the Western Supply company made petition before the mayor and commissioners Friday morning.

This track, which will accommodate the above factories and supply houses if they so desire, is deemed essential in conducting the wholesale shipping business in this particular industrial section of the city. The matter was taken under advisement and investigation will be made before the request is granted.

Captain W. M. Hinton
representing **Wentworth Military Academy** of Lexington, Mo., will be at the Tulsa Hotel, room 928, Friday and Saturday.

A new measuring cup for oils and heavy liquids is supported on legs and has an opening in the bottom through which its contents can be discharged.

Removes Wrinkles and Refreshes Tired Faces

As the skin tends to expand in warm weather, causing wrinkles to form, a good astringent-tonic lotion should be used these days. Dissolve an ounce of pure powdered saxolite in a half pint of witch hazel. Bathe the face in this and see how quickly the wrinkles and furrows will disappear—and how much younger you will look! There's nothing better for sagging cheeks or double chin, or for enlarged pores.

Use this simple lotion during the heat of the day and you will find it wonderfully refreshing. You will lose that wilty, tired look. The ingredients of course are perfectly harmless. Be sure to ask the druggist for powdered saxolite.—Adv.
