PROPOSES AMNESTY FOR ALL SOLDIERS

Senator Chamberlain Introduces Measure, Excepts Only Those Whose Crime Is Felony

HOLD PERSHING'S REPORT

Commander Sends Documents but Baker Wants to Read It First—Punishment Given Officials.

WASHINGTON, July 21.—Complete amnesty for all soldiers sailors and marines convicted by court-martial except those whose offense would be a felony under federal statutes was proposed in a bill introduced today by Senator Chamberlain, democrat, Oregon, and referred to the military committee.

"The stories coming to me," said Senator Chamberlain in a statement to the senate, "many of them being verified of outrages being committed against young men through the instrumentality of court martial are so horrible that some legislation ought to be enacted promptly to obtain relief. The fact that the clemency board has reduced the sentences in the aggregate from 28,000 years to 6,700 years is proof positive that the sentences were out of all proportion to the offenses committed. These 6,000 years ought to be wiped out or placed at an irreducible minimum.

"The Spanish inquisition was not a mark to some of the outrages practiced against the soldiers in France."

Senator Chamberlain referred to the investigation of atrocities being made by a house committee and said he would discuss some cases of officials in a speech to the senate at a later day.

It became known today when General Pershing had made a report to the war department regarding charges of brutality against prisoners at the bastile and prison farm No. 2, in France. Secretary Baker said he regretted that he could not make the report public immediately, but added that he would do so as soon as he had time to read it.

General Pershing's report was said to have cited the results of the court martial as showing that official action had been taken promptly. Five officers and five sergeants were said to have been punished.

MANN IS BACK IN HOUSE AFTER 2 MONTHS' ABSENCE

WASHINGTON, July 21.—Representative Mann of Illinois, leader of the republican forces in the house during the 66th congress appeared on the floor of the house today for the first time in two months. Mr. Mann left Washington early after the new congress was organized, declaring that ill health made it necessary for him to take a long rest.

The return of the minority leader caused a revival of rumors that he had been asked by party leaders in the senate to return and a score of cheering in the house, but Mr. Mann doesn't think that's why he came back. He said he was present only "to look on." When Mr. Mann appeared on the floor he received an ovation from republicans and democrats alike.

PACKER EMPLOYES RETURN TO JOBS IN CHICAGO YARDS

CHICAGO, July 21.—Ten thousand employes of the five big packers who have been on a strike several days returned to work this morning after the employers had complied with the demands of the men that all police and special guards be withdrawn from the various plants.

The men announced that they will demand an increase of 20 per cent in wages through Federal Judge Samuel Alschuler, who is acting as arbitrator between the packers and their employes. Eighty thousand stockyards employes are involved, including workers at Kansas City, St. Joseph, St. Louis, Omaha, Milwaukee, St. Paul, Denver and other cities.

BEAUTIFUL NEW GOWNS SHOWN

Fashion Show at Empress by Vogue Shop a Fine Display.

The new styles and fashions for fall being shown by living models from the Vogue Shop, one of the city's exclusive stores, are exciting much interest among the women of Tulsa and receiving much general praise.

The show is being given by the Empress management in connection with the Vogue Shop, which is furnishing some of its handsomest gowns furs and shoes just received a few days ago from New York. It is the first showing of the new season's styles and for that reason is most important to women.

Misses Pearl Kramer and Opal Lehr of the Vogue Shop are the models and they display their elegant stock with the exclusive grace expected only of professional models. And they are personally more attractive than professionals because they are Tulsa girls.

The fashion show is being given in connection with Irene Castle's new picture, "The Firing Line," the feature of the program now running at the Empress. In this picture Miss Castle wears many beautiful gowns. "The Firing Line" is a film drama of Robert W. Chambers well-known society novel of the same name.

A good comedy and the next to the last episode of Ruth Roland's serial, "The Tiger's Trail," are also on the program.

Two fashion shows will be given again tonight and tomorrow night—at 7:45 and 9:45.—Adv.

REPORT MEASURE TO GRANT ARMY INDIANS CITIZENSHIP

World's Washington Bureau,
Post Building.

WASHINGTON, July 21.—The house Indian affairs committee late today reported favorably the bill by Congressman Homer P. Snyder of New York granting citizenship immediately to all Indians who served in the military forces during the war with Germany. Chairman Snyder will ask for a special rule in order that the bill may be immediately passed. The bill grants citizenship but does not remove property restrictions.

The committee also decided to report out favorably immediately the bill by Congressman Charles D. Carter of Oklahoma, giving citizenship to all Indians and removing property restrictions. The Carter bill has just received the approval of Secretary Lane. Formal presentation of the favorable report of the Carter bill was withheld today in order that a few minor changes might be made. Chairman Snyder said he was sure the Carter bill would be enacted before the end of the present session and the long fight of the Indians for citizenship ended. Most of the Indians affected are in Oklahoma and Montana.

The women who have been prosecuted for marrying several soldiers to get their allowances may be said to have husbanded their resources.

Atlanta Wants Veterans.

ATLANTA, Ga., July 21.—At a meeting of citizens today called by Mayor Key, it was unanimously decided to invite the United Confederate veterans to hold their next annual reunion in this city. The definite date was not decided upon, but the reunion probably will be held the latter part of next October.

Dies of Asphyxiation.

NEW ORLEANS, July 21.—Signora Luigarda, a Cuban woman, was found dead in a boarding house here today from asphyxiation. Four gas jets in the room in which the body was found were open. Advices from Mobile stated the dead woman was the wife of the Cuban consul there.
