Osage Natural Gets Big Well in the Osage.

Special to The World.

PAWHUSKA, Okla., July 22.—The Osage Natural Gas company No. 2 in the northeast of northwest of northeast of northwest of 2-24-9 got the top of the big zone at 1,511 and has drilled seven feet in and well is reported to be making 100 barrels an hour. This is indeed good news and the above people are to be congratulated on getting such a fine well.

New Export Corporation.

The Ohio Cities Gas company has organized a new export oil corporation, which has been given the name "Oceanic," and will shortly ship the Mid-Continent field as a competitor of other exporting concerns and ought to do a good business as they have kept in touch with the situation during the period of the war, and since.

Big Well at Beggs.

The Producers and Refiners corporation of America No. 19 Sewell in 2-15-11 got the sand at 2,432 feet and well started off making 50 barrels an hour, but at six feet in the sand is now making 80 barrels an hour and is by far the best well completed on this lease. The chances are with deeper drilling that it will increase the production considerable and make it one of the largest wells in the Beggs district.

A GREAT OPPORTUNITY.
Here is a chance to become an oil operator by investing a small amount of money.
We want the addresses of a number of people who really want a chance to invest some money in the oil business with conservative oil operators in several fine addresses that should produce oil.
We are successful oil operators but right now we are doing all our money by private leases that need offset drilling.
We use this ad so that we may know those who desire such an opportunity and will waste no time in organizing our proposition to those who are really not interested. Please do not answer unless you would invest if we show you what we are in true.
In some of our investments in the past a few hundred dollars has made fortunes.
WE OFFER A ONE THIRTY-SECOND INTEREST IN AN 80-ACRE LEASE AND A WELL COMPLETE FOR $125 FOR EACH THIRTY-SECOND AND WILL NOT SELL OVER SIXTEEN INTERESTS IN EACH WELL.
One of Tulsa's largest oil operators interested in this small way.
Address F. O. Box 68.
