Plenty Doing at Beggs

The Beggs district is seen in the limelight with time now as the oil fever is on and every the discussion of the wildcat well north, these were quite good. One particularly striking and also a curious is located in the town itself on the property of Mr. Ed Gibson. It is being drilled with the tool of Mr. Ed. Gibson, the present indications of oil make it quite a wildcat good.

The Cosden Oil & Gas Co. No. 1 in the southwest of the southwest of 12-14-11, which was the 30th of the month of 2,341 feet for her 8½ inches and 2,342 feet and 8½ inches and found for 1,000 barrels which makes it the best well in the lot a good one then has made 300 barrels in 10 No. 2 one location south of No. 1 and looks like it will be another good one.

E. B. Hook and wife No. 1 in the southwest corner of the northeast of 12-24-11 is a wildcat well, but it is drilled and is making about 1,200 barrels daily. This well originally came in good for 400 barrels in the top of the sand. It has made about 600 barrels daily since it first came in and is holding up wonderfully well.

Wade Phillips well in the northwest of the southeast of 12-14-11 which is got top of the sand at 2,410 feet and at 2,450 is making 1,200 barrels. It has not been deepened and may increase production considerable with a little larger drilling.

Lake Park Refining company No. 1 E. Carlton in the southwest of southeast of 17-12-11 has rig on the ground.

The Tolasco Oil company No. 1 F. Drew in the southwest of the southeast of northeast of 19-15-11 is spudding.

The Carter Oil company No. 1 Bearhead in the southeast of the southwest of southeast of 19-15-11 has rig on the ground.

Unknown No. 2 Williams in the northwest of northeast of southeast of 20-15-11 has rig up.

Green and others No. 1 A. Hill in the northeast of the southwest of southeast of 22-15-11 got sand 2,175 to 2,12 feet and well is good for 50 barrels.

C. B. Shaffer No. 1 S. Hill in the northeast corner of northwest of 26-15-11 is dry and abandoned at 2,080 feet.

W. G. Skelley No. 1 Thompson in the northwest of the southeast of 30-15-11 got top of the sand at 2,575 to 2,605 feet and has a showing for about 100 barrels. May shoot within a few days.

The Texas company No. 4 Coleman in the southeast of the northeast of southeast of southeast of 34-15-11 is drilling at 400 feet.

The Sapulpa Refining company No. 2 Marshall in the southwest of the southeast of southeast of 35-15-11 got sand 2,339 to 2,351 and drilled to 2,127 feet and well is good for 50 barrels. No. 3 in the center of west line of the southwest of the southeast has rig up.

The Producers and Refiners corporation No. 2 Tobler in the northwest of southeast of northwest of 2-14-11 is dry and abandoned at 2,197 feet.

The same company No. 2 Walker in the center of the east line of northeast of northeast of 4-14-11 has abandoned location.

The Okmulgee Oil operators No. 4 Birney in the center of south line of northeast of southeast of 16-14-11 has abandoned location.

The Cosmos Oil company No. 4 Harjo in the southwest of northeast of northeast of 6-14-12 got sand 2,190 to 2,221 feet and is making 200 barrels. It is drilling at 2,226 feet. No. 7 rig on the ground.

C. B. Shaffer No. 2 Tiger in the northeast of southwest of northeast of 8-14-12 got sand 2,238 to 2,248 feet and is showing for 100 barrels.

Why Not Call It Simon Pool

There has been considerable discussion of what to call the new pool in 17-14-11, opened up by George Simon and E. B. Black, and this paper has decided that it should be named after George Simon, as he spent considerable money in opening up this new pool and it will be known from now on as the Simon pool.

Water Shortage in the Oil Fields

There is a number of wells shut down on account of water shortage in the various fields and if it don't

OIL AND GAS

Leases, Supplies, Production, Etc.

FOR SALE—48 barrels settled production, two separate tracts, 48 barrels on one, 12 barrels on other, sell separate or together, also 80 acres in 27-14-12. Deep tests now being drilled on three sides. Bahnor & Beesley, 325 Mayo Bldg., phone 2626. Adv.

A GREAT OPPORTUNITY

Here is a chance to become an oil operator by investing a small amount of money.

We want the address of a number of people who really want a chance to invest some money in the oil business with responsible oil operators to secure live offerings that should pay dividends.

We are successful oil operators, but right now we are using all our money to operate leases that need offset work.

We can, and do, say that we may know those who desire such an opportunity and will gladly be free in explaining our proposition to those who are really but interested. Please do not answer unless you would, in case it looks good, what we say is true.

To some of our investments in the past a few hundred dollars has made fortunes.

WE OFFER A ONE THIRTY-SECOND INTEREST IN AN 80-ACRE LEASE AND A WELL COMPLETE FOR $125 FOR EACH THIRTY-SECOND AND WILL NOT SELL OVER SIXTEEN INTERESTS IN EACH WELL.

Some of Tulsa's largest oil operators started in the same way.
