CHILDERS HEIGHTS IS AFTER PAVED STREET

Complete System of Asphalt Avenues Sought by Recent Addition; Ask for Oil to Settle the Dust

SANITARY SEWERS SOUGHT

Plans Discussed by City Commissioners for General Extension of System in Several Districts

Childers Heights broke into the limelight with petitions for paving its west district without a thought of sewers at the meeting of mayor and city commission Tuesday morning of last week and for sewer petitions for paving were presented.

First, coming from the north 40 acres of the north line of Fifteenth street. Thirteenth street from the west line of Elwood avenue to the east line of Quincy avenue. Quincy avenue from the south line of Fifteenth street to the south line of Thirteenth street.

Fifteenth street from the west line of Elwood avenue to the east line of Quincy avenue. Walnut street from Elwood to Galveston. Galveston avenue from the north line of Childers Heights to the south line of Fifteenth street.

Childers avenue from the north line of Thirteenth street to the north line of the boulevard in Childers Heights, are included in the road district to be first asked of paving. The petitions were referred to City Engineer H. H. Wyse for investigation and report.

Shadeview, Sheridan and Peters additions to the city ask that their streets be paved with asphalt, 30 feet in width from the north line of the Frisco right-of-way to the south line of Hackett street. Names of about 40 property owners were appended to the petition, which will have to have City Engineer Wyse's recommendation before bids for contracts are advertised for.

Sewer Extensions Discussed.

Sewers for several districts that have not as yet been improved came up for discussion at commissioners' meeting, the plans, profiles, specifications and approximate estimates of cost of a complete system of sanitary sewers in district No. 159 (Quincy View addition, were presented by the city engineer and approved by the board of commissioners. The cost of the proposed district will be $5,110.23.

Revised plans of sanitary sewer district No. 157, Rosedale avenue, were also submitted by the city engineer and approved by the commission. The revision consisted in moving the line on Rosedale avenue from the east parkage to the center of the street, in order to make it possible for the use of machines. There was no change made in the estimates of cost, and upon commendation of the city attorney, the contracts for this work will be re-advertised for.

Complain of the Dust.

Complaints of an unusual amount of dust, arising from the excessive traffic past the end of the paving on Eleventh street, caused twelve property owners living in that neighborhood to petition the commissioners to have the street oiled from the east line of Eighth avenue two blocks to the east.

Street Superintendent Pete Joyce was appointed to investigate the conditions and make recommendations.

Urging that the petition of property owners asking for sanitary sewers in block 4, South Olympia street, Mitchell Crosbie addition, be temporarily withheld until a survey and appraisal of the cost of the work can be estimated, City Engineer Wyse stated that the block in question has never been included in any sanitary sewer district, and is so located that a single district will have to be created.

Because of its peculiar location, an unusually long outlet line will have to be made to connect with the main sewer system, and this will be most expensive to the individual lots. The petition was withheld and City Engineer Wyse was given instructions to investigate, make cost computations and report at next meeting.

Sixth street between Rockford and Tecoma in Factory addition is in dire need of paving, according to a petition of property owners in that vicinity. The petition was referred to the city engineer for report. The alley running north and south through block 12, Broadmoore addition and the alley between Fifteenth and Sixteenth streets, and between South Denver and Elwood avenues will be paved with brick, upon recommendation of the city engineer at the next commissioners' meeting.

NEGRO DID NOT STEAL THREE AUTOMOBILE TIRES

John McAfee, a negro charged with the theft of three auto tires valued at $60, from the American Express office at the Midland Valley depot on July 11, was discharged at the close of his preliminary hearing Tuesday morning before Justice H. L. Gray, the court holding that the defendant was not responsible for the theft.

McAfee, who is employed at the express office at the Frisco depot, was seen in company with other negroes suspected of the crime but the state failed to supply sufficient testimony to enable the court to hold the defendant for trial by the district court.

Picture for Commerce Walls.

To adorn the walls of the great municipal auditorium in the fourth floor of the City hall, the chamber of commerce has secured 24 splendid pictures covering more than 100 interesting photographs of scenes of interest in and around Tulsa. On fifteen infinite scenes, industrial scenes, pictures of the beautiful residences, the great commercial buildings, including the city's banks, street scenes, etc., are artistically arranged in groups against gray backgrounds and framed resulting in uniformly attractive pictures of civic interest.

Tuesday's Divorce Record.

Petitions for divorce were filed in district court Tuesday afternoon by the following plaintiffs: Inetha Graham against Byron Graham, W. A. Hefner against Lizzie Hefner, Retronia Pankey against Matchia Pankey, Lilah Phillips against John T. Phillips, Rose A. Leacock against S. S. Leacock. Decree of divorce was granted to Lillie A. Flippin against B. R. Flippin.

Memory of War Martyr Honored by British in Bringing Body Back

Body of Captain Fryatt Arriving in England.

England paid the homage due to Captain Fryatt, British sea captain when his body was brought back from Belgium. Special services were held over the body at St. Paul's cathedral. Captain Fryatt was shot by the Germans because his merchant ship rammed a submarine about to attack it.

ASSESSOR'S RECORD WILL BE SENT TO THE CAPITAL

No date for the hearing and revision of the annual statement of the Tulsa county assessor's office by the state board of equalization has yet been set, according to information received Tuesday morning by W. S. Hooker, Tulsa county assessor, the letter from the state auditor's office notifying Hooker to send the statement to the state office at once.

Hooker said that this is the only time within his knowledge that the county assessors and other interested in county valuations have not been asked to bring the records of the county to the state office, in order that an equitable adjustment of property values may be made in each county. Hooker is at a loss to understand what the state board intends to do in this matter for the fiscal year.

Say He Destroyed Property.

Richard Jargo, charged with malicious destruction of property as the outcome of a general peace disturbance on West First street Tuesday morning, is held in the county jail awaiting arraignment on the charge before the county court. Jargo is accused of breaking a plate glass window in the building at 125 West First street, owned by E. L. Berry and occupied by F. M. Miles. The police made the arrest after Jargo succeeded in smashing the glass.

Oil Men Sued for $7,920.

Damages of $7,920 were asked in a suit filed in district court Tuesday by S. C. Crawford against Charles Page, C. W. Kingsberry, C. F. Tingley and the Escrow Oil company, alleging after the plaintiff had transferred to them 1,400 acres of oil and gas property, the defendants refused to pay him the amount agreed upon in the contract for the transfer.

Stock Market opens for business Wednesday morning, July 30th. —Adv.

FEDERAL OFFICERS HOLD FOUR ALLEGED IMPORTERS

Four alleged bootleggers were brought to Tulsa last night by United States Deputy Marshals Henry Lowry and H. R. Blake from Bartlesville, two charged with introducing liquor into the state and two with having in their possession intoxicating liquors.

Sam Hart and E. E. Hampton, alleged whisky runners, were arrested in Nowata county driving to Bartlesville in Fords. Hampton had 13 cases of whisky in his car, while Hart had 19 cases, officers say.

Delitha Ewing, a negro woman, was arrested on July 25 in Bartlesville charged with the possession of liquor. She is alleged to have been running a blind tiger in that city.

H. J. Murphy was arrested Monday evening charged with the possession of intoxicating liquors.

Hart and Hampton were both released on $1,000 bond, while the other two were unable to furnish bond and were committed to jail.

Roadhouse Raid Ends in Arrests.

R. E. Goff and Jess Ripley, alleged owners of the roadhouse and dancing hall on the road to Sapulpa near the Tulsa Creek counties lines, which was raided Monday night by federal officers, appeared in the United States commissioner court yesterday afternoon, pleading not guilty to a charge of possessing intoxicating liquors in Indian country. They were released on $1,000 bond. Goff and Ripley were absent from the place when the raid was made, but answered a summons issued yesterday by Judge James H. Wilkins. James Goff, Marvin Bell and A. J. Wellman, who were in the house were arrested Monday night. Goff and Wellman were released on bond, but Bell was held when he was unable to furnish it.

CITY CLUBS BEHIND MOVE TO GET WILSON

Civic Organizations Send Invitation to President Asking Him to Stop Here While on Tour

Although there is no final assurance to the effect that President Wilson will speak in Tulsa on his league campaign when he makes a tour of the west in behalf of the peace pact, citizens and representatives of the various civic clubs are bringing pressure to bear through Oklahoma representatives in congress for bringing about this arrangement and are receiving favorable indications from those in close touch with the president's plans.

The city clubs are now bidding for President Wilson's appearance, in case he stops off in Tulsa. Both the City and Automobile clubs are urging the visit, but it is probable that both will be willing to concede the honor of entertaining the president should the date of his arrival conflict with club plans.

Jack Slaughter, secretary of the Tulsa Automobile club, is in receipt of the following letter from Congressman E. B. Howard relative to the proposed visit of the president to Tulsa:

"My Dear Sir:

"I have yours of recent date relative to motion adopted by the Tulsa Automobile club to extend an invitation to President Wilson to visit Tulsa on his trip in behalf of the league of nations, and in reply to same beg to advise that under date of July 14 I addressed a letter to Mr. Tumulty, secretary to the president, urging that President Wilson stop in Tulsa when he starts on his trip to speak for the league of nations. You may rest assured that I am going to bring every pressure to bear to see if this cannot be arranged.

"With kindest personal regards and assuring you of my hearty cooperation in this matter, I beg to remain,

"Very truly yours,
"E. B. HOWARD."

OLD TRADER

A VOICE CRIED in the WILDERNESS: "REPENT YE of your CUSSEDNESS".

But while MOSES was away the children of ISRAEL had Preacher AARON make them a GOLDEN CALF to WORSHIP. The SOCIETY CHURCHES of today are worshipping FINE CHURCH BUILDINGS and MAHOGANY FURNITURE and are DEMANDING of their preachers that they give them something ENTERTAINING, something UP-TO-DATE. Now, to read some of their sermons beats going to a PICTURE SHOW or to a VAUDEVILLE and they come well up to our RED LIGHT BALL ROOMS, where HUGGING and SQUEEZING and KISSING and SLOBBERING over the GIRLS is the most ENTERTAINING FEATURE. Who would want to marry a girl if he knew that she had no RESPECT for HER PERSON, but allowed every young man she met to SQUEEZE her and SLOBBER over her? "All that glitters is not gold." Neither are all SOCIETY preachers SAINTS.

PREACHER RICHARDSON SEDUCED the FLOWER of his FLOCK, a BEAUTIFUL, INNOCENT GIRL that had been TRUSTED to his care in his church. He was a MORAL DEGENERATE, but still he preached morality in his sermons.

OLD DAD TRADER never offered to KISS MOTHER TRADER until the preacher said the CEREMONY. They now have DAUGHTERS and also a little angel granddaughter, and their hearts bleed for the young girls of our land, and now MORE ESPECIALLY so, since our churches and preachers have CEASED to teach the WAYS of our SAVIOUR, but have gone to the WAYS of the RED LIGHT BALL ROOMS; for THEIR EXAMPLES and TEACHINGS of the YOUNG PEOPLE of how far they may go TOWARD HELL and still be a good society church member. No stroller (mothers) that DOCTOR RIEDER is CALLING for HELP!

Wire GORE and HOWARD today to SWAT the PACKERS with the KENYON-KENDRICKS bill, and let your BABIES eat SWEET, JUICY meat instead of as now, CHEWING on OLD BULL, OLD STAG and OLD THIN COW, TOUGH BEEF, that the longer you chew it the TOUGHER and LARGER it gets. Such beef is only fit for pups. MOTHER TRADER and GERTRUDE are still at 109 East First street, selling all Leather Star Brand shoes and dry goods and men's work clothing. OLD DAD TRADER is now in West Tulsa, opening up his ARKANSAW STORE. In ARKANSAW you get your money's worth, but not much service. They do not keep FINE HAIRED, SILK STOCKING CLERKS HANGING AROUND FOR SHOW, but EVERY CLERK MUST HIT the BALL HARD or GET OUT. Therefore, their EXPENSES are LESS and THEY CAN and THEY DO SELL BETTER for LESS. Now, PLEASE WATCH OLD TRADER'S ARKANSAW STORE in West Tulsa. His stock is not complete. His meat fixtures have not arrived yet. But, bring your baskets and if you find what you want, help yourself, and if not satisfied, your money back. We have no paper bags nor wrapping paper, so please do not forget your baskets.
