A GREAT OPPORTUNITY

Here is a chance to become an oil operator by investing a small amount of money.

We want the address of a number of people who really want a chance to invest some money in the oil business with conservative oil operators in Kansas. Use ancillaries that should produce oil.

We are successful oil operators but right now we are using all our money in separate leases that need offset drilling.

We run this ad so that we may know those who desire such an opportunity and will waste no time in explaining our proposition to those who are really not interested. Please do not answer unless you would be interested if we show you what we say is true.

In some of our investments in the past a few hundred dollars has made fortunes.

WE OFFER A ONE THIRTY-SECOND INTEREST IN AN 80-ACRE LEASE AND A WELL COMPLETE FOR $125 FOR EACH THIRTY-SECOND AND WILL NOT SELL OVER SIXTEEN INTERESTS IN EACH WELL.

Some of Tulsa's largest oil operators started in this small way.

Address P. O. Box [illegible]
