OKLAHOMA SOLDIERS' MEMORIAL PLANNED

Paul Wayland Bartlett Selected to Design the Tribute to War Heroes.

THREE SUGGESTIONS MADE

Monument, Victory Arch and Memorial Building Are Being Considered by Committee.

OKLAHOMA CITY, Aug. 1.—As a [illegible] between Paul Wayland Bartlett of Washington, D. C., [illegible] of world reputation, [illegible] Oklahoma Soldiers' Memorial. Mr. Bartlett will [illegible] commission several [illegible] for the proposed [illegible] Oklahoma's world war [illegible] commission comprises [illegible] ex officio chairman, [illegible] M. Green, Oklahoma City; [illegible] George S. [illegible] secretary and Gen. [illegible] Charles Evans, [illegible] City.

Three suggestions have been made [illegible] time is the construction of a monument illustrating [illegible] in the army, navy [illegible] a second is a [illegible] along Lincoln boulevard, [illegible] of which the building [illegible] the proper join [illegible] a memorial building [illegible] relics of Oklahoma [illegible] in the world [illegible] relics of her settlers [illegible] can be placed. [illegible] suggested that this [illegible] the home of the [illegible] society, which [illegible] of historical relics [illegible] and stored in cramped [illegible] the housement of the [illegible] the elaboration of the [illegible] building idea includes the [illegible] bronze tablets containing the names and addresses of [illegible] Oklahoma soldiers, sailors and marines.

The seventh legislature, at its session, [illegible] a resolution [illegible] the intention of the [illegible] suitable memorial to [illegible] war heroes. An appropriation [illegible] was made to pay the expense of securing plans and the [illegible] of memorials constructed by other states. The bill fixed the proposed appropriation for the memorial [illegible] not to exceed one million dollars. The [illegible] of the commission serve without pay.

COTTON CROP ESTIMATED AT 67 NORMAL JULY 25

WASHINGTON, Aug. 1.—The crop reporting board of the bureau of crop estimates of the United States department of agriculture estimates from the reports of the correspondents and agents of the bureau, that the condition of the cotton crop on July 25 was 67.1 per cent of a normal, as compared with 70.9 on June 25, 1919, 73.4 on July 25, 1918, 70.3 on July 25, 1917, and 76.1 the average on July 25 of the past 10 years.

A condition of 67.1 on July 25 forecasts a final per acre of about 104 pounds and a total production of about 11,318,000 bales. That is, the final out turn will probably be larger or smaller than this amount according as conditions hereafter are better or worse than average conditions. Last year the production was 11,534,337 bales, two years ago, 11,302,775 bales, three years ago, 11,449,000, four years ago, 11,191,820 and five years ago, 16,134,970 bales.

HITS HUBBY WITH PLATE JUST TO SAVE HIS LIFE

HAMMOND, Ind., Aug. 1.—Believing she had killed him, still, Agatha Sinks hit her husband in the face with a plate.

"I did it to save his life," she told the court.

"What do you mean, save his life," demanded the judge.

"Well, Judge," she explained, "He accused me of not loving him and I said I put rat poison in his food. Then when he went to sleep I got out free and hit him with a pair to knock the fork out of his mouth."

They kissed in court and made up.

GULF COAST STATES ASK FOR PLACE ON SHIP BOARD

WASHINGTON, Aug. 1.—Demands from Gulf coast and adjacent states for representation on the shipping board were presented today before a senate commerce subcommittee by Senators Colt, Rhode Island, and Fernald of Florida, and Kirby, Arkansas, democrats. The democrats opposed confirmation of Thomas Ryan of Connecticut, a republican, on the ground that the shipping interests representation on the board is out of proportion and in violation of the act creating the board.

Action on the nominations of the subcommittee will be reported tomorrow by the full senate commerce committee.

SANTA FE WRECK IN ARIZONA

Engineer Fred Fuller Dead and Five Others Severely Injured.

BLAKELY, Ariz., Aug. 1.—Engineer Fred Fuller is known to be dead and Fireman J. A. Allen and four members of the crew of Santa Fe freight No. [illegible] are suffering from severe injuries today as the result of the wreck of their train in a washout near here from this city last night.

Two engines which were hauling the train and eight cars were derailed, the engine driving the second engine. The body has not been recovered from the wreckage. The washout was due to a severe storm.

The main line track of the Santa Fe was torn up for 100 feet, overland passenger trains are being detoured.

Rates Unreasonable.

WASHINGTON, Aug. 1.—Hearings on behalf of interstate cattle and meat rates from points in Colorado, Wyoming, Montana and other western states were held today before the interstate commerce commission. The rates are alleged to be unreasonable and unduly prejudicial in the case brought by the Texas [illegible] and others against carriers. Testimony was given by a number of witnesses. Briefs were ordered, not exceeding [illegible] pages, to be filed within five days. Rates on the same from points in the Fort Worth-Dallas group.

Armed Soldiers Put End to Race War in Washington After Many Serious Combats of Whites and Blacks

Negro rioter being taken into police headquarters in Washington. Soldiers, armed with rifles, revolvers and riot clubs, protecting building. Below, armed marines in auto truck ready to answer riot call.

Race riots in Washington recently assumed such serious proportions that United States troops were called in to handle the situation. Cavalry was rushed in from Fort Myer, Va., marines and soldiers were armed with small arms and night sticks. Armored tanks were employed. A total of 2,000 troops was ready on an instant to answer riot calls and deal with the rioters. Many of the calls were near the capitol.

OKLAHOMA CHARTERS ARE GRANTED BY SEC. OF STATE

OKLAHOMA CITY, Aug. 1.—Joe S. Morris, secretary of state, has issued the following charters:

Oklahoma City Retail Furniture Dealers and House Furnishers association; J. T. Harbour, C. Sid Tucker and J. T. Spivey, all of Oklahoma City, incorporators; capital, none.

The Tepee Queen Copper company of Delaware; J. L. Walden, Paoli, Okla.; F. P. Cary, Jett, Okla., and R. G. Neville, Arlington, Texas, incorporators; capital, $10,000.

Fairvalley Farmers' Co-Operative association, Fairvalley, Okla.; E. E. Buckland, C. L. Dowhes and E. D. Wheat, all of Fairvalley, incorporators; capital, $10,000.

GAME WARDEN GETS HELP.

Ten New Deputies are Appointed to Assist In Locating Law Violators

Special to The World.

OKLAHOMA CITY, Aug. 1.—A drive against violators of the state game and fish laws was declared yesterday by Ben Watt, state game and fish warden, in connection with the announcement of the appointment of ten deputy game wardens who are to assist in the enforcement of the game laws.

The new assistants appointed in pursuance of an act of the last legislature, are:

Henry Banks, Smithville; James D. Quinn, Tahlequah; L. D. Paden, Fairland; H. A. Sellers, Bernice; J. F. McClatchy, Ardmore; W. L. Hazell, Fox; A. L. Looney, Davis; Samuel Mathews, McCurtain; F. E. Peck, Stroud; Joe T. Marshall, Hooker.

Governor Parodes Highwayman.

Special to The World.

OKLAHOMA CITY, Aug. 1.—Governor Robertson has paroled Winston C. Johnson, Garfield county boy, who pleaded guilty to a charge of manslaughter in the first degree and was given 20 years in the penitentiary. The boy was sent to the penitentiary last February. He with two other boys were connected with a holdup which was unsuccessful. While the boys were being pursued by officers Johnson shot toward them, hitting one in the head. The man died later.

FIGURES COST OF GUARD CAMP.

Adjutant General Barrett Estimates $88,000 Will Pay for Stay at Ft. Sill

Special to The World.

OKLAHOMA CITY, Aug. 1.—Acting upon the request of the militia bureau at Washington, Adjutant General Barrett yesterday telegraphed the approximate cost of a fifteen day encampment of the Oklahoma national guard at Fort Sill, Oklahoma.

The entire cost of transportation, maintenance and incidentals for the two regiments and extra battalion will be $88,000, according to General Barrett's estimate. This will care for the expenses of 2,250 men and officers.

"To hold the encampment at any other site would mean a considerable addition to this figure," the General said, "and would entail many inconveniences. Fort Sill has good railroad switching facilities, a rifle range and an adequate water supply. However, this site will not be officially confirmed until the militia bureau has approved the expense figures I am sending today."

FARMERS MAY HOLD GRAIN.

FARMERS MAY HOLD GRAIN. ing Higher Quotations.

PONCA CITY, Okla., Aug. 1.—The farmers of Kay county, and particularly those of the Ponca City community, are showing considerable inclination to store their 1919 wheat crop, believing that conditions existing in other wheat producing states point to even a higher price for wheat than is being paid under federal direction at the present time.

The average price in this county, from what can be learned, is $2 per bushel. The farmers are well able financially to hold their crops, if they care to do so, and with wheat conditions in Iowa, the Dakotas, Minnesota and several other northwestern states not so encouraging at the present time, the farmers figure a better price ahead.

FOR INDOOR WORKERS.

Horsford's Acid Phosphate

added to drinking water steadies the nerves, overcomes exhaustion and supplies valuable tonic properties.—Advt.

OKMULGEE WISHES RELIC OF CREEK INDIANS SAVED

OKLAHOMA CITY, Aug. 1.—A telegram received yesterday, signed by a number of citizens of Okmulgee protested to the governor against the tearing away of the stone wall which surrounds the famous old Creek Indian tribal house and asked the governor to intervene. The telegram protested that the wall should remain intact for historical reasons. The governor wired in reply that it was not a matter over which he held any jurisdiction.

MISSOURI, OKLAHOMA & GULF REORGANIZES

Plan of Adjustment Made by U. S. Circuit Judge Hook Is to Be Carried Out

OKLAHOMA CITY, Aug. 1.—As [illegible] by a draft for $[illegible] in payment of [illegible] the bondholders [illegible] Oklahoma & Gulf Railway company [illegible] reorganization of the Missouri, Oklahoma & Gulf Oil roads [illegible] to Joe S. Morris, secretary of state, yesterday for a certificate of incorporation. The directors, who are also the incorporators, are: [illegible] Miller, M. H. Wright and M. [illegible] all of Kansas City, Mo., and [illegible] S. Cook and [illegible] Hennessy both of Muskogee.

The application for incorporation recites that it is made for the purpose of carrying into the plan of adjustment of the Missouri, Oklahoma & Gulf Co., as prepared on Dec. 31, 1918, by William C. Hook, United States circuit judge.

The new company is incorporated to acquire and operate the lines of railroad operated by the former company between the cities of Joplin, Mo., and Denison, Texas.

DUPLICATES MEAL BOOKS OF M. O. AND G. RAILROAD

Special to The World.

MUSKOGEE, Aug. 1.—J. L. Barnett, a pool hall proprietor, who was arrested yesterday in connection with the selling of duplicated meal books of the M. O. & G. railroad, was charged with forgery in the city court this morning.

The meal books alleged to have been duplicated are those issued by the M. O. & G. railroad to its employes. It is alleged that facsimile plates were made of these books at Kansas City where also the forged books were printed. Barnett is alleged to have sold them here.

It is believed by railroad officials and police officers that 15 or 20 books have been sold to date, and that if the practice continued, the loss to the railroad company would have approximated $500 within a few weeks.

SUMMER TERM CLOSES AT ADA.

School Gives Exceptional Work in Stock Judging and Agriculture

Special to The World.

ADA, Okla., Aug. 1.—The summer term of the East Central Normal, which has just closed, witnessed the best work in agriculture yet seen in the school, according to the authorities of the school as well as the students. Prof. J. A. Pratt, professor of agriculture, had a class of more than 300, most of whom were rural school teachers and will go back to their schools and impart the information gained here.

The features of the work were the trips to well known stock and agricultural farms in this part of the state. Dairy instruction was given at some of the famous dairies around Ada.

Lessons in stock judging were given at the homes of the dairy and beef cattle breeders in this county.

An electrically heated tray that can be connected to any lighting fixture is a new sickroom convenience.

HALF A MILLION DOLLARS FOR ADA'S WATER SYSTEM

Special to The World.

ADA, Okla., Aug. 1.—The city commissioners of Ada will call an election at an early date, for the purpose of voting on approximately a half million dollar bond issue which will be used to enlarge and improve the water system for the city. The present source is not large enough to supply the demands of the fast growing city.

Ada's water supply is said to be the most desirable in the southwest. It comes from Hardy Mill springs, 15 miles south. For the last 10 years the great body of water issuing from the springs has been forced through a pipeline to the city's reservoir. The pipeline, however, is so let that water can be gravity to within two miles of Ada and then pump the water into the city tanks from that distance. The springs are always as much elevated as the city itself.

LARGE SUMS COLLECTED IN INCORPORATION FEES

OKLAHOMA CITY, Aug. 1.—Fees paid to the secretary of state for charters of Oklahoma corporations during July amounted to $15,800. In June the total collected was $12,[illegible].

Since Secretary of State Joe S. Morris went into office on January 14 the department has collected $219,727 in charter fees. For the last fiscal year collections were $241,000. Charles J. Kendall, assistant secretary of state, estimates that the total collections for the calendar year will be $[illegible]. The entire expense of the department is estimated at $1,250 a month.

Soldiers Save Truck.

Special to The World.

CHICKASHA, Okla., Aug. 1.—Seven soldiers today completed the job of removing a large army truck from the bottom of a creek bed three miles east of here. The truck, which weighs more than 8,000 pounds, carried the bridge with it when it fell 25 feet into the creek Monday, and the soldiers have been working to get it out ever since. No one was injured in the fall.

ASK MILLION FOR ROADS.

Creek County Citizens Petition for Bond Election to Inspire Roads.

OLIVER, Aug. 1.—The good roads question has taken definite shape in Creek county and if the voters so express their opinion in favor of this all important matter it will not be long before we will have a system of hard surfaced roads throughout the county.

Petitions have been drawn up and are being circulated in all sections asking the county commissioners to call a special election for the purpose of voting bonds in the amount of $1,000,000 to be expended for hard surfacing the main arteries of travel both north and south and east and west in Creek county.

At the present time many of the main thoroughfares are graded and ready for the surfacing and in some places in the county the local communities have put stretches of road already surfaced.

Latest graded main roads so that under the proposed scheme there would not be any section of Creek county but what would get great benefit.

Some portion of the roads, as stated above, are now ready for the finishing touches and there would be only a very few places where there would have to be any great amount of preparatory work done. The bonds would be issued in such manner that what is expended at the present time for poll tax would take care of them as they mature.

COST OF LIVING ALSO IS BOTHERING CANADA

OTTAWA, Ont., Aug. 1.—Despite government efforts to reduce prices, the cost of living in Canada continues to soar. The high prices were cited as the cause of unrest in every district according to investigators of the recent strikes throughout the dominion.

Government officials stated that the high cost of necessities was responsible for the dissatisfaction of thousands of conservative workingmen. They also asserted this subject gave radicals an excuse for trying out more ambitious schemes.

The average cost of 29 staple foods in sixty cities in June was $13.72, as compared with $13.53 in May, official statistics show. In June, 1914, the average was $7.88.

AMERICAN FILMS MORE POPULAR IN MEXICO

MEXICO CITY, Mex., Aug. 1.—American moving films are increasing in popularity here. Until 18 months ago European pictures were favored by the public which had acquired a taste for French and Italian productions. Of late, however, American manufacturers have put their products to the fore in the republic and their films are to be found in virtually all picture houses, many of them displacing also those of the European films.

Evidence that the United States manufacturers intend to expand their field here is the fact that within the past few weeks three of the leading companies have established offices in Mexico City and three in turn have started branches in Vera Cruz, Guadalajara, San Luis Potosi and Monterrey. Representatives of these films assert that in a short time Mexico will receive film releases almost simultaneously with the United States. This will be an innovation for heretofore managers have been content to receive films many months old and of a poor quality.

LOSS TO WORKINGMEN BY STRIKE, $7,000,000

WINNIPEG, Man., Aug. 1.—Canadian workmen lost $7,000,000 in wages in June and slightly more than that amount in the preceding month, according to estimates.

The Winnipeg strike alone cost the workingmen several million dollars. Board of trade officials believe the economic loss to merchants, manufacturers and the public was at least 100 per cent more than the labor loss.

In June, the eighty strikes in Canada involved 87,217 men, women and children. The official estimate shows a loss of about 1,445,621 working days. The average wage involved in the Winnipeg strike was about $5 a day.

In May there were 84 strikes involving 17,698 workers who lost 893,816 working days.

An English inventor has brought out an automatic electric recording target for indoor rifleshooting.
