JOIN GUARD COMPANY AND HOLD YOUR JOB

Men Who Would Soldier Afraid They Will Lose Their Positions, Says Capt. C. W. Daley.

FEDERAL LAW PROTECTS

Any Employer Who Discharges Man Because He Serves With Troops Is Due for Punishment.

C. W. Daley, commanding company B of the Oklahoma national guards, stated Thursday that the drive launching for new recruits to this service is meeting with slow success because of fear among the prospective recruits that they may lose their jobs through attending the annual state encampment at Fort Sill.

"There is no basis for this fear," said Daley. "A federal law insures guard men that they will not lose employment through absence while in service. A report to the federal authorities of a case where an employer releases a guardsman because of absence while in service subjects the employer to severe punishment."

Daley stated that men adept with the rifle have a chance of qualifying for the state team while at Fort Sill. The team later competes at the annual meet at Camp Perry, Ohio.

Ex-service men are accepted into the guard for a period of one year. Six recruits will be accepted for drill units. All are subject to examination and qualification tests under army regulations.

There are many non-com vacancies in the local guard, according to Daley, who says promotion is rapid, especially in the Tulsa units, for well qualified men. Pay is the same as for regular troops, ranging from $30 as a base for privates to $48 for a sergeant. Full pay is received only while in actual service, but otherwise one-fourth pay is forthcoming at the end of each month. All able bodied men between the ages of 18 and 45 are accepted.

APPEAL TO STRIKING SHOPMEN

Little Rock Board of Commerce Urges Men to await Mediation.

LITTLE ROCK, Ark., Aug. 8.—Members of the Little Rock board of commerce today drew up and sent to the Texas local striking shopmen of the Missouri Pacific railroad a letter urging them to return to work until their demands had been passed upon by the government. The letter declares that the shopmen's strike was ill-timed and unjust to the public because no notice was given.

EVERY WOMAN WANTS A CLEAR, SMOOTH COMPLEXION

A Skin With the Tint of Youth—Free From Pimples, Freckles or Other Blemishes

Happy is the woman with a beautiful skin. There is no joy like that which comes from knowing that you look your best. What the men people, the first thing they do is look at your face. First impressions are lasting. If you have a smooth, velvety skin, free from blemishes and pimples you need never fear the impression you may make on all who meet you. For a woman with a pretty complexion always appears charming.

Most women are endowed by nature with a clear, smooth skin; others, not so fortunate, must resort to the use of the popular Black and White Beauty Treatment, which consists of Ointment and Soap.

Those who suffer the embarrassment of a dark sallow or muddy complexion, pimples, blackheads, freckles or other skin blemishes can improve the skin with warm water and Black and White Soap, at bedtime apply Black and White Ointment according to directions given in each package. The following morning wash the skin with Black and White Soap, and repeat the treatment for five nights or until the desired results have been secured. It is safe, simple and economical to use as other cosmetics.

Both Black and White Ointment and Soap are sold from any good drug store or sent in the package by the manufacturers upon receipt of price. Free sample and literature on request. Address Black and White, Dept. 22, Memphis, Tenn.

KANSAS CITY ASKS FOR EXHIBITS OF CRUDE OIL

Exhibits of oil and its by-products have been asked of Tulsa by the directors of the International Farm congress to be held at Kansas City, Mo., September 24. Request that Tulsa prepare such an exhibit was received at the chamber of commerce Thursday.

The matter will be taken in hand by C. B. Douglass secretary of the chamber, and he hopes to prepare an instructive exhibit with the assistance of local oil and refining interests.

The state board of agriculture probably will prepare a state exhibit, Douglass said, and Tulsa county farmers will have a chance to participate in this Oklahoma showing.

Agreement to the prevailing rate of pay by the company ended the walkout. Previous to the strike the company had been paying the old rate of pay which was increased August 1. The strikers were members of the new oil field and refinery workers' union.

HARDLY ABLE TO TAKE STEP

Troubles Disappear After Taking Tanlac and She Gains 16 Pounds.

"When I finished my seventh bottle of Tanlac all my suffering was gone and I found I had actually gained sixteen pounds," said Mrs. John W. Sorrows of 5210 Santa Fe avenue, Dallas, Texas, recently.

"Until about eight years ago," continued Mrs. Sorrows, "I always enjoyed fairly good health, then my appetite got to be very poor. I began suffering from nervous indigestion and commenced to go down hill. Everything I ate caused me a pain in the pit of my stomach and seemed to harm me instead of doing me good. Then rheumatism got hold of me and settled in my left hand and foot. My hand pained me so I could hardly bear to raise it and my foot hurt so I could scarcely take a step. My neck swelled all up for some reason and I almost became frantic with headaches. I lost weight and became very weak. I was so nervous I could hardly sleep and felt almost too bad to live.

"I never believed much in medicines but when I read the wonderful endorsements for Tanlac I bought a bottle, and it's the truth, I began feeling better right away. My appetite picked up and I commenced to eat heartily and gain in weight. It wasn't long until the swelling left my neck, my rheumatism vanished and I felt like a new person. I gained four pounds in the first month and after that I gained twelve more, making sixteen pounds. I can eat anything now, I sleep like a child every night and feel fine all the time."

Tanlac is sold in Tulsa by Quaker Drug company, Puritan Drug company and by the leading druggists in practically every city, town and village in America.—Adv.

TULSALE CLUB WILL RAP H. C. L. TONIGHT

Wholesalers, Retailers and Realty Dealers Will be Given Chance to Say "Who is To Blame."

To definitely place the blame for the present super-high prices will be the chief aim of the Tulsa club at its meeting tonight in the Ketchum hotel. Wholesalers, retailers and realty dealers have been invited to attend the meeting. J. H. Mitchell of the Goodwin-Mitchell Produce house, T. G. Parks of the Peoples Exchange grocery, Phillip Cates, at one time chairman of the fair price committee, and M. J. Glass, real estate dealer, have been invited to speak.

Following the banquet an open meeting will be conducted and an invitation to attend is issued all who are interested. In the event the wholesaler, retailer and realty dealer are unable to place the blame for the high cost of living the members of the club will draw their own conclusions. It is planned to pass resolutions condemning the unscrupulous profiteer and take definite steps to reduce prices.

The club believes that it is not improbable that a special session of the state legislature will be asked for. It is pointed out that there is now no law to deal with the profiteer. That such legislation should be enacted is the sentiment of the Tulsans.

SINGERS MAKING HIT AT THEATER

Sash Racovitch Proves Big Feature at Majestic All This Week.

Probably no high class singing attraction that ever appeared at a local theater has made the universal hit of Sash Racovitch at the Majestic this week.

Mr. Racovitch is a Russian tenor of international reputation, who has sung with the Omar, Aborn and San Carlo grand opera companies and has made many concert tours, in addition to being soloist at the Presbyterian church in Washington that President Wilson attends.

He came to Tulsa on a visit and was so struck by the musical development of the city that he decided to remain here and open a studio at 15 West Fifteenth street on September 2. This made it possible for the Majestic to obtain his services.

Today and tomorrow will conclude his engagement at the theater. He has had requests daily to sing various selections and out of them has chosen Tosti's "Goodbye," for these remaining two days.

He has a full, rich tenor of remarkable range, and while he likes to sing ballads, yet he has found by experience this week that the audience prefers operatic selections.

TRANSFER COMPANY IS SUED FOR AUTO WRECK

Mrs. Effie Weston filed suit against E. D. Shaw and Hester Shaw doing business as the Shaw Transfer company at 123½ East First street, in the district court Thursday afternoon asking for $2,000 damages for injuries which she alleges her daughter Faye Weston sustained on December 18, 1917, when injured in an automobile accident.

Mrs. Weston charges that one of the company's cars driven by Claude Hamilton collided with a car in which her daughter was riding at Tenth street and the Broken Arrow road, permanently injuring the girl. The car driven by Hamilton had no lights and was running on the wrong side of the road, the petition says.

ROYAL TODAY AND SATURDAY

MAE MURRAY IN "THE BIG LITTLE PERSON"

Everybody assumed that Arthur Endicott would marry Arathea Manning. He had wealth and a name that carried with it all the pseudo prestige of a snug aristocracy.

Dear old Dad, the "Curley Woof Woof" of her childhood, was found dead one day with a revolver clutched in his lifeless hand and there was no more money in the family purse. Arathea Manning instinctively turned to the schoolroom where she could hear the laughter of children. An epidemic of scarlet fever had left her without the power to hear even her lover's voice. Then Arthur Endicott's real nature asserted itself and then he cruelly neglected the little school teacher.

His visits grew shorter and more infrequent and the time spent with her was spent in contriving an excuse to get away to Daisy Perkins. Finally came his transcending act of brutality, that almost robbed her of her reason, but brought back her hearing.
