Excitement Running High at Beggs.

Never in the history of the oil game has the excitement run as high as it is now running in the deep sand pool in the Beggs district, which holds fair to take a great many of the jewels away from the Texas fields and with the extending of the pool over into 7-14-12, and also the wells in the north part of 12-14-11 growing better, it is hard to tell just what this new pool is going to do. In fact it looks so good that one hardly dares to predict just what it will do, but with the production of the deep sand in this district approaching the 14,000 barrel fack, with only seven wells on top of the sand, it looks as not entirely drilled in and several wells a prop of the sand, it looks as though before the end of the week this new pool would easily reach the 15,000 barrel mark.

The Producers and Refiners corporation No. 2 McIntosh in 12-14-11 will be drilled in today and looks like it would be a big well.

The well of Cook and Graham in 7-14-12 is just a few feet in the sand and is making around 500 barrels and looks like it would do considerable better with deeper drilling.

The shallow sand is also creating a great deal of excitement as well as furnishing some mighty fine wells, however, it has not proven to be of very wide extent.

C. B. Shaffer No. 5 in the northwest of southeast of 8-14-12 has been drilled eight feet in the sand to a total depth of 2,300 feet and is making 2,000 barrels. This is indeed mighty good news and compares favorably with the big wells in the Texas fields.

Southern Oil Holds Get-Together Meeting.

Sunday the Southern Oil corporation had a get together meeting for the benefit of the employes at the local refinery at Yale and the employes at the general office in Kansas City.

In the afternoon there was a ball game between a team from the general office and a team from the local refinery. The result was 8 to 3 in favor of the refinery team.

After an inspection of the refinery the visitors were taken in autos to Drumright by way of Oilton where they were entertained at a banquet in the leading hotel there, after which they drove back to Yale by way of Cushing.

The idea of the meeting was an endeavor to strengthen the bonds of good fellowship between the employes of the general office force and the local refinery, and no doubt the idea was a success inasmuch as plans are being made for future occasions of a like kind.

R. S. Ayers, president of the corporation, accompanied the boys from Kansas City, seemed to enjoy himself immensely and expressed himself as well pleased with the spirit shown by the local boys and of the the management of the entertainment by Leonard G. Heflin, manager of the local refinery. The visitors returned to Kansas City on the early morning Katy.

Fort Worth to Have New Bank.

Word has just been received from Fort Worth that they are to have a new bank, with a capital and surplus of $1,500,000 and that the National Bank of Commerce of Fort Worth will open for business on Monday, August 25. The officers of the new bank will be as follows: C. J. Benson, president; C. H. Pattison, A. E. Thomas, George A. Lock, vice presidents; J. E. Willis, vice president and cashier; C. F. Mason and C. T. Gilliam, assistant cashiers.

One of the officers of Texas is well known in many Tulsa people and that is C. F. Mason. Orville was formerly in the Exchange National bank of Tulsa and his many friends among the fraternity will wish him the best of success in his new venture.

The new bank will occupy the ground floor and basement in the new 26 story Waggoner building. This will give the oil men a real banking concern to do business with and one that will meet the needs of the oil men in the Texas fields.

Elbing Pool Furnishes Another Good Well.

The National Refining company has completed another big well on the Firestone lease in 3-23-4, Butler county, Kansas, being No. 4, which got the sand at 2,455 to 2,472 feet and well is making 1,000 barrels. It is located in the southeast of southwest of northeast of southwest. Their No. 2 made 2,000 barrels and it would seem to indicate that these people have one of the most likely looking leases in this field.

Producers and Refiners Get Big Well in Wyoming.

The Producers and Refiners corporation reports that it has just completed a 500-barrel well on the Ferris dome in Carbon county, Wyoming. And that it has three other wells drilling on a block of 10,000 acres. The oil is of very high gravity and registers 44 7-10 degrees. The Mid-West Refining company is laying a pipe line to the well and will handle the oil. It was completed last Saturday.

Late News From Texas.

The Mary and Elizabeth Oil company on the Hendrickson farm in Eastland county, Texas, got top of the sand at 2,889 to 2,875 feet and well is making 700 barrels.

The Sinclair-Gulf on the M. C. McLothlin farm in Eastland county, Texas, got sand from 3,428 to 3,440 feet and well is good for 200 barrels.

Marland Refinery Company Operations.

Willie Cry No. 13 in the southwest of 8-25-2e, 8-inch is pulling pipe. Depth 1,825 feet.

Emily Primeaux No. 8 in the northwest of 8-25-2e, 15½-inch—drilling at 300 feet.

M. C. Primeaux No. 3 in the southwest of 5-25-2e, 6-inch—flowing.

Mollie Miller No. 10 in the northwest of 9-25-2e, 15½-inch—drilling at 1,335 feet.

Flossie R. A. Arrow No. 9 in the northwest of 17-25-2e, 8-inch—plugging hole at 2,504 feet.

Flossie R. A. Arrow No. 10 in the northwest of 17-25-2e—spudding at 80 feet.

George Calls Him No. 1 in the northeast of 19-25-2e, 15½-inch—hole cleaned. Getting ready to drill ahead of 15½-inch pipe. 583 feet.

Vanscious No. 1 in the northeast of 27-25-1e, 6-inch—depth 4,332 feet. Drilling up bailer.

J. D. Hart No. 6 in the northeast of 8-25-2e—timbers on location.

Running After Arrow No. 1, No. 4 in the northeast of 17-25-2e—building a rig.

Carrie S. O. Hill No. 11 in the southeast of 8-25-2e—timbers on location.

C. E. Hall and others No. in the northeast of 18-25-2e—timbers on location.

Running After Arrow No. 2, No. 4 in the southwest of 9-25-2e—drilling at 250 feet.

Cemetery well No. 1 in the southwest of 17-25-3e, 10-inch—cleaning out.

Murdock No. 1½ in the southwest of 2-27-3e, 8-inch—drilling at 3,241 feet.

Murdock No. 2½ in the southwest of 2-27-3e, 20-inch—drilling at 150 feet.

Brown No. 1 in the southeast of 1-26-2e, 6-inch—depth 3,642 feet, drilling by tools.

School land No. 8, No. 1 in the southwest of 16-29-3e, 15½-inch—running 12½-inch casing bowl for tools.

Brooks No. 1 in the southwest of 27-28-3e, 10-inch—depth 1,245 feet. Drilling iron.

J. A. Coleman No. 1 in the northwest of 35-28-3e, 10-inch—depth 1,280 feet. Repairing bull wheels.

A. R. Moelius No. 1 in the northwest of 33-29-3e, 12½-inch—100 feet. Cleaning out.

J. A. Jayson No. 1 in the southeast of 14-28-3e, 15-inch. Shut down at 515 feet.

A. J. Weber No. 1 in the northwest of 20-28-3e, 8¼-inch—reaming 10-inch. 8¼-inch pipe.

J. A. Buster No. 1 in the northwest of 16-27-1e—digging slush pond.

Margaret Denoya No. 1 in the northwest of 6-26-6e—building rig.

McMichael No. 1 in the northwest of 17-28-3e—location. 1,320 feet south of north line, 600 feet west of east line.

Albert Four Eyes No. 9 in the southwest of 4-25-2e—location. 300 feet north of south line, 300 feet west of east line.

Mollie Miller No. 11 in the northwest of 9-25-2e—location. 500 feet south of north line, 980 feet east of west line.

Mollie Miller No. 12 in the northwest of 9-25-2e—location. 900 feet south of north line, 1,660 feet east of west line.

McLennan County, Texas.

According to a report in the Waco Times-Herald of August 16, the well of the Waco Oil & Refining Co. has struck a strong gas flow, despite pressure of 2750 feet of water and that the gas continues to bubble up sometimes shooting sprays of water eight inches above level.

Messrs. Hornbeck and Sherwood of Tulsa are drilling a well at 1,300 feet near the Harrington well and the above is opinion says the newspaper good to them. These wells are located about 12 miles north of Waco.

Wise County, Texas.

The Union Oil association No. 1 Sowers is shut down at 895 feet.

The Bridgeport Oil company No. 4 Dobbs is shut down at 955 feet.

The Lubbock Bridgeport Development company No. 1 Remington is shut down at 1,500 feet.

The Dread-n Oil company No. 1 Sullivan and Wise Colmare be Hawk oil company No. 1 McMillan are rigs.

The Alvord Oil & Gas Co. No. 1 Tarrish is a rig.

With the Oil Men

Bill Dougherty of the accounting department of the Prairie Oil & Gas Co. left Monday for his home in Parsons, Kan. Bill has been on the sick list for several days and will remain home until fully recovered. The Democrat wish him a speedy recovery.

Ray Herod of the pipe line department of the Sinclair Gulf oil company in Texas has been in the city for a few days on business, but left last night for Fort Worth.

George A. Sherrock, prominent oil producer of Wichita, Kan., is in the city for a few days on business.

John Langston, formerly with the Wrightsman interests, has resigned and accepted a position as chief clerk of the scouting department of the Sun company, with headquarters in Dallas. Mr. Langston left a few days ago to assume his new duties.

TULSA BOY STARTS ON HIS FOURTH ARMY ENLISTMENT

LITTLE ROCK, Ark., Aug. 19.—With three complete enlistment periods in the United States army to his credit, First Lieut. Bert F. Mooney, brother of Mrs. F. Palmer and Mrs. George Hayes, of West Fifth street, Tulsa, Okla., has been discharged from the commissioned personnel of the army, and has again re-enlisted, according to information obtained from the Camp Pike recruiting office here today.

Mooney enlisted for the first time in August, 1909, in the Eleventh infantry, at Fort D. A. Russell, Wyo. His second enlistment dates from August 16, 1912, and that time he enlisted in the Ninth infantry, stationed at Fort Sill, Okla. He enlisted the third time at Fort McIntosh, Texas, in the Ninth infantry, and was appointed first sergeant. Mooney was commissioned a second lieutenant in May, 1918, and promoted to a first lieutenant October 31, 1918, at Manila, Philippine Islands. Mooney went to the Philippine Islands February 5, 1916, returning to the United States August 1, 1919, and was discharged from the commission service August 13, 1919.

Mooney received his Victory button for service during the world war and also a 30-day furlough, with full pay, which will enable him to visit his family and friends.

Heads Editorial Body.

VICTORIA, B. C., Aug. 19.—Edward Albright of Gallatin, Tenn., was elected president of the National Editorial association here today. The association decided to hold its 1920 meeting in Boston, Mass.

New Mexico Oil Land

Citizens of U. S. have a right to file placer and locations for oil and gas in New Mexico, $10 to file on 20 acres. For full information apply at Peoples Investment Co., 114½ East Third street; 8-10 Holland Bldg.

SCHOOL STATUTES OF STATE DISTRIBUTED

Superintendent Wilson Furnishes All Teachers and School Districts Copy of Statutes.

Special to The World.

OKLAHOMA CITY, Aug. 19.—The state department of education has just received from the printer "The School Laws of Oklahoma," a volume of about 110 pages, which includes, in compact form, the Oklahoma laws relating to the public schools. Articles 1 to 17, inclusive, contain the school code enacted by the Fourth legislature, being Articles 1 to 17 of Chapter 219, Session Laws of 1913, as amended by the 1916, sixth and seventh legislatures. The other articles are copied from the Revised Laws of Oklahoma, 1910, and the laws of the Fifth, Sixth and Seventh legislatures.

R. H. Wilson, state superintendent of public instruction, said that it is the purpose of the department to furnish a copy of this volume to the clerk of each school district, as well as a copy to each teacher. Board members are cautioned to preserve their copy of the laws and turn them over to their successors together with other records of the district.

In a letter of endorsement and instruction included in the book is the following statement by the state superintendent:

"We know that each one familiar are himself with the provisions of the school laws and not rely upon former impressions of what the law is. In cases where the meaning of the law is not clear to you the matter should be referred to your county superintendent, who will consult with the county attorney. If the two county officials cannot determine upon the construction or meaning of the law they should submit the question to this department, stating clearly the issue involved. Upon receipt of the request, made by the county attorney or the county superintendent, the matter will be submitted to the attorney general for his opinion, which will be furnished immediately. In no case should teachers or school officers write to this department on propositions of law without first consulting the county superintendent and the county attorney. Letters asking for a construction of the school law must be written to this department and not to the attorney general."

THIRD DIVISION MEN LAND

First Section Arrives on the Ship Agamemnon—Others at Brest.

NEW YORK, Aug. 19.—Bearing citations from both American and French generals, the first section of the 3d, or Marne division of regulars, landed here today from the transport Agamemnon. The first section includes the 9th machine gun battalion, complete, 19 officers and 652 men; 15th field artillery, supply company, batteries A, B, C, D, E, 32 officers and 954 men, and the 28th infantry supply and machine gun companies, five officers and 332 men. The other units of this division are either at sea or ready to embark at Brest.

Of French invention is a perfumery atomizer small enough to be carried in a pocketbook.

RAILROAD SHOPMEN WORKING.

Railway Director Formally Notified by Federation of Labor.

WASHINGTON, Aug. 19.—All of the railroad shopmen who have been on strike since August 1, resulting in railroad service being seriously retarded, have returned to work, Railway Director Walker D. Hines was formerly notified this afternoon by F. M. Jewell, acting president of the railroad division of the American Federation of Labor.

CONVICTED SPY IS RELEASED.

Former Member of Haywood's Gang Out on Bond Pending Appeal.

LEAVENWORTH, Kan., Aug. 19.—Walter F. Nehff, former member of "Big Bill" Haywood's "gang," who was sentenced to federal prison for 20 years on the charge of violating the espionage act, was released from prison today on bonds amounting to $10,000 pending appeal of his case. Nehff departed for Chicago.
