BANDITS GET $75,000 OFF CANADIAN TRAIN

Express Train Held Up Early in Morning and Gang Gets Away With Loot.

FIVE MEMBERS ARE IN BAND

Mail Car Door Burst Open and Robbers Held Up Clerks—Follow Shipment From Montreal.

QUEBEC, Que., Sept. 18.—Masked bandits held up the mail clerks on an express train on the Canadian Government railway near Harlaka early today and escaped with $75,000.

The robbers escaped from the train at St. Thomas with their booty. Posses are in pursuit by the officers are believed to have fled into the United States.

The money had been shipped from Montreal last night and was consigned to Halifax. Near Farlaka the bandits, who had evidently been riding as a passenger coach, stealthily made their way to the mail car.

It was not until the train reached St. Thomas some distance from Farlaka, that the robbery was discovered. The clerks were then released and gave descriptions of the bandits. Search was immediately started along the line, but no trace of the men was found. They are believed to have followed the money shipment from Montreal.

The express was the Ocean Limited, one of the crack trains of the Canadian Government railway.

According to the clerks, the train had just left Harlaka when the door of the mail car burst in with a crash and five men, all armed and masked, entered. The leader shouted:

"Hands up."

The clerks lost no time in obeying. Then while some of the men collected the money sacks others, bound and covered the clerks.

MORGENTHAU SEES HOPE FOR EUROPE IN LEAGUE

PARIS, Sept. 18.—(Havas)—Henry Morgenthau, who headed the United States investigation commission which has been at work in Poland since late in July, gives a startling description of the distress which is ravaging in Poland and the small nations of central Europe. He says hundreds of thousands of persons are suffering from hunger and are half clad and expresses the fear they will die by thousands during the coming winter if not given immediate assistance.

"The only remedy I can see is the league of nations," he said. "The league must operate immediately to decide disputes, determine frontiers and restore order in central Europe which is threatened with anarchy. Only the league of nations can restore the confidence of new nations and inspire respect from Germany. It will allow Czecho-Slovak, Ruthenian, Greece and Jugo-Slavia to live and prosper and bar Germany's road to the east as well as to the west."

ROOSEVELT BOOTHS AT FAIRS

Memorial Association Arranges for Representatives for Fund.

PONCA CITY, Sept. 18.—Plans have been completed to have booths at the Oklahoma state fair at Oklahoma City and at the new state fair at Muskogee for the Roosevelt Memorial association. Some person will be in charge at each place with authority to accept subscriptions to the fund for a suitable memorial in the late Colonel Roosevelt, but no persons will be solicited to subscribe. The intention is simply to give persons visiting the booths an opportunity to subscribe.

The plans for the fair booths are being worked out from the Roosevelt memorial state headquarters at Oklahoma City, with Dick Carbart, the chairman for Oklahoma county, and Attorney Wysong, the chairman for Muskogee county. Official receipts will be kept at the booths so that subscriptions may be immediately acknowledged.

Chemistry Popular at University.

NORMAN, Sept. 18.—About 500 students are now studying chemistry in the University of Oklahoma, enrollment records show. Several new courses have been added this year in metallurgy, petroleum and gas analysis and sanitary chemistry. Metallurgy courses lead to the degree of bachelor of science in chemical engineering.
