WITH THE OIL MEN

C. A. Fleetwood is leaving for Chicago today and will be gone until the first of next week.

J. H. Cook of the Union Petroleum company is back in Tulsa after a brief trip to Ardmore.

C. D. Lyers of the Charles D. Lyers company of Chicago is in the city looking for a supply of fuel oil.

G. C. Toumanians of the Toumanians Oil company is back in Tulsa with his family and will make this his future home.

C. C. Simmons, vice president of the Frick-Reid Supply company, returned yesterday from Chicago, where he has been on business.

Guy Adair, chief clerk of the scouting department of the Gypsy Oil company, has been spending a few days in Pawhuska on business, but is expected to return home today.

G. J. Vanderlyn, vice president of the Biers Oil company, who has been visiting the headquarters here for the past two weeks, was called Sunday night to his home at Frankfort, Pa., by the illness of his infant son.

Ed De Armond, superintendent of the Comanche Home Oil company of Comanche, Texas, is in the city endeavoring to purchase tools and other material. The Comanche Home Oil company is confining its development to the Deadmons district.

Arch Grider has incorporated the Arch D. Grider company and will begin doing business as a marketer with headquarters in Tulsa. He has a large circle of friends who will be glad to know that he is to be located here. There is no question as to his success.

J. W. Tiplon has organized the Oil Well Specialty company and has for a partner T. L. Moore, son of M. E. Moore, general manager of the Kewanee Boiler company, Kewanee, Ill. They have taken rooms in South Cincinnati and will share office space with the Shaffer Specialty company.

Dave Crawford, president of the Parkersburg Rig & Reel Co., is in the city, and says that his son Harold, who by the way, enlisted on July 14, 1912, was sent to France before the month was over, and has his way to a lieutenancy by good hard work, is back at home and is looking over the fields and the Tulsa new plants of the company.

"Bobby" Sharp, who is the popular representative of the General American Tank Car company, arrived in Tulsa yesterday, and is optimistic over the outlook for fall business. Mr. Sharp approves of the idea of publishing a fall trade section of The World, but will show something of the activities under way in the southwest. "It ought to be a fine thing, and certainly will lead to a better feeling all around," said Mr. Sharp.

Edward Craigen of the Crude Oil Marketing company and well known in Tulsa in refining circles, has a one-fourth interest in a well reported by Fort Worth papers as being good for 4,000 barrels. It is known as the Nelson Bundage No. 1 in lot 11, block 98 of the Tidwell subdivision. Mr. Craigen has his pipe line which is six inches in diameter from the Burkburnett to Walter, nearly completed. He will have a 65-barrel storage tank at each end and a large loading rack at Walter.

G. A. Wells of the Oil Well Supply company is entertaining his father, F. L. Wells, one of the best known traveling men in the country. Mr. Wells, sr., is the father-in-law of a sister of Miss Margaret Murphy, formerly of the oil staff of The World and it appears from letters received from our former oil writer, that the food supplies sent by the United States have not reached the starving people for whom it was intended, but is in the hands of the officials who are diverting it among themselves. Miss Murphy is now Mrs. McCollum and with her husband is in Rumania and having a hard time to find enough to eat for the family.

STOCKS ARE CAUTIOUS BUT RETAIN STRENGTH

Effect of Strike on Dealings on Exchange Is Not So Serious As At First Feared Among Traders.

NEW YORK, Sept. 22.—Trading in the stock market today was cautious, but the beginning of the long heralded strike in the steel industry did not exert so great an influence on prices as had been feared. The same was true of last week's unfavorable bank statement.

Steels, steel equipments and the shares of various other industries whose operations hinge largely on the outcome of the tense labor situation were supported, the new exceptions being limited to utilities and minor speculatives issues.

U. S. Steel common ranged between 100⅝ and 100¾, closing at the top with a gain of 1⅜ points. Bethlehem and Lackawanna were firm and Crucible which again steered an independent course, gained 4½ points.

Equipments, motors, shippings and rails reflected moderate buying, but tobaccos, oils and food shares were especially objects of dull pools, outstanding features including American Tobacco retail stores, Mexican Petroleum, Texas company and American Sugar. Sales amounted to 800,000 shares.

Call loans opened at 5½ per cent, but stiffened to 7½ in the final hour, the banks showing less disposition to lend because of last week's heavy deficit in reserves.

Liberty bonds were firm, but the general list was uncertain, some reactions and other utilities reflecting pressure. Total sales, par value, aggregated $12,250,000.

Monkey Is Ad Club Delegate.

Special to The World.

OKLAHOMA CITY, Sept. 22.—"Doc," a monkey belonging to Tony Moss, was one of the accredited delegates to the annual convention of the Associated Advertising Clubs of the World from Oklahoma City, which convened in New Orleans Sunday. "Doc" is not new in the advertising world, his picture having been used in a full page ad of the Saturday Evening Post that is said to have cost $5,000. The Oklahoma City delegation left for the convention this morning.

NOVO RELIABLE POWER

Where Novo Service Begins

The first question we ask of every oil man is not "Can we sell you a Novo Engine?"

We prefer to let that question answer itself. Our first question is "What is your power problem?"

When we know that, we will tell you just what Novo Power will do for you. That is where Novo Service begins.

Novo Engines, 1½ to 15 H. P. Furnished to operate on gasoline, kerosene, distillate, natural or artificial gas. Outfits for Pumping, Hoisting, Air Compressing, Sawing. Apply for full information.

SOLDIERS STUDYING FRENCH.

State University Has Well Known Instructor in Spanish.

Special to The World.

NORMAN, Okla., Sept. 22.—Three hundred and fifty students in the University of Oklahoma are studying French or Spanish, Prof. Roy House, head of the department of modern languages, announced.

Returning soldiers swelled the French classes. Most of those studying Spanish expect to enter the commercial and export field.

A new instructor in Spanish, is J. M. Hernandez, formerly of the University of Michigan, who is editor of El Estudiante Latino-American, a magazine published in Spanish.

Hurricane at McAlester.

MCALESTER, Sept. 22.—Accompanied by the coldest September weather in seven years, and a small hurricane that uprooted trees and crippled the telephone service, this city was visited this morning by an inch and a half of rain.
