HEAVIEST ELEVEN TO REPRESENT SOONERS

Machine Which Opposes Kendall Saturday to Average 185 Pounds —Plan to Tire Kendall.

TEAM IS READY FOR CLASH

Gridiron Warriors Are Being Put Through Hard Workouts in Preparation for Saturday's Game.

Special to The World.

NORMAN, Okla., Oct. 8.—The heaviest team which ever trotted onto a football field wearing Sooner jerseys probably will represent the University of Oklahoma when the referee's whistle starts the game with Kendall college here Saturday.

Deputers who have followed scrimmages believe Coaches Ben Owen and Ed Meacham plan to wear down the Tulsans with beef and brawn in the first half of the game and then use a lighter, speedier combination to put over any touchdowns necessary to win the game in the second half.

Count on Reserves.

This belief is predicated in part on the belief here that Kendall has a few first-class substitutes. Everyone admits that after regular team over there is a bear, but it also is believed that if Oklahoma can tire out those regulars it will then be possible to put over a couple of more touchdowns.

If this theory proves correct the opening Sooner lineup would average 202 pounds from tackle to tackle, 193 pounds from end to end, 171 in the backfield, and 185 as a whole.

This would include Ralph Myers or Myron Tyler at left end, each of whom weighs 176 pounds, Paul Johnston's 184 pounds at left tackle, Claude Tyler with 225 pounds at left guard, Hamm, weighing 192 pounds at center, Beason, 205, at right guard, Smoot, 204, at right tackle, and Marsh, 170, at right end.

Heavy and Fast Backs.

The backfield would be composed of Phil White, 165, quarter, Harry Hill, 165, left half, Albert Briscoe, 185 at right half, and Earl Bechtold, 189 at fullback.

Swartz and Davis, fullbacks, Mc-Dermott and Lesler, halfbacks, and Hardy, quarter, would be the lighter men saved for later use. It is certain that Haskell will not be in condition to play Saturday and that Owen will also keep Ross Johnston out of the game saving both of these ends for Texas or Nebraska.

Sooners were surprised but delighted this week when Frank McCain, star end and halfback of 1916, enrolled in school and joined the football squad. McCain, whose home is at Ada, has just been discharged from the army. He will be eligible for all games and as he is a wonderful open field runner and defensive player, it is believed he will strengthen the team considerably. He probably will not be used before the Nebraska game, two weeks away, and no one knows whether he will be used at half or end.

For interurban railways a standard size passenger car has been designed that is steam driven, using petroleum for fuel under a tube boiler.

SUFFERED 3 YEARS WITH CATARRH, RHEUMATISM, STOMACH TROUBLE; SINCE TAKING NO. 40 FEELS FINE

GARY, Ind., April 25, 1918. "I suffered for over three years with chronic rheumatism, catarrh, constipation, stomach trouble, bad blood, nervous spells, aching limbs so I could not sleep. Saw an advertisement in the daily paper about Mendenhall's Sunday 40 For The Blood. Thought I would give it a trial. At first I was discouraged, as I had doctored with a number of physicians and tried numerous medicines without receiving any benefit. I have taken but two bottles of Number 40. Can eat anything I want without fear and am not near so nervous and am feeling fine. I am now starting on my third bottle. Mrs. Christine Hainey, 2138 Jefferson St." 40 is demanded for poisoning, gassy conditions, malnutrition, auto-intoxication, constipation, liver and stomach trouble. Improved to remove and prevent gall stones, appendicitis. Successfully used in eczema and skin diseases. Used with phenomenal success in chronic rheumatism, catarrh, lumbago, myalgia, pain in the muscles, muscular rheumatism or neuralgia. Physician said it has sciatica, mercurial and lead poisoning, abscesses, sores, ulcers, boils and carbuncles. Sold by druggists generally.—Advt.

MOST BEAUTIFUL GIRL TO GET WRIST WATCH

Here's Your Chance to Make Your Good Looks an Asset.

The World-Film Thomas Edison Clothes photographic contest has resulted in the discovery of scores of beautiful young women hitherto unknown in Tulsa. The contest is the result of special arrangements made between the Tulsa Daily World and the Jewelry Figure contest. A period of about ... weeks is to be given the winners in honor of the two photo contest. Each personally autographed photographs will be exhibited in the window and a letter written by the prize winners for the representative of each who wishes to appear in motion pictures.

The rules of the contest are very simple, merely send in the photo you have handy with a brief description. All unsuccessful will be returned, but the photographs and name of the winning contestant will be published.

If you do not have a satisfactory photo you can go to Mr. Francis of the Times studio and he will make you a very special one for the contest. Send photo to the Contest Editor of The World. Send the photo in some manner of your appearance, as attractive. Write photograph, give her name and address, the only requirement is that she must be a resident of Tulsa or some possible subject will be not in the case of one of more.

The wrist watch is on display at the Wasserman Jewelry store, and Miss Tillotson is offering the winner of the week at the Palace Theater her latest photo exhibit, "The Spring Girl Issue." Mr. Lasky has offered Miss Tillotson in "The Perfect Lover."—Advt.

PRESENTING eveteran lineups, Kendall college and Oklahoma university football coaches send their machines together at Norman this Saturday in the first game for the state gridiron championship. Followers of Kendall are taking keen interest in the prospects of the Presbyterians to repeat their victory of 1916 and speculation is rife regarding Kendall's chances.

One thing about Saturday's game, there won't be a dope pot to be upset. Both Kendall and Oklahoma have won their first two games with ease and as each have numerous letter men, they should enter the game about even. However, it is a safe bet that open football will predominate. That is the style of play coached by Benny Owen and Sam McBirney and Francis Schmidt in the past and this year is no exception. Open play of Kendall and Sooner teams, with remarkable success with the forward pass, has been one of the features of their play this season.

Owen has 24 letter men, Schmidt, with the return of Allen, has 11. But although Oklahoma has the edge on quantity, Kendall has the advantage in quality. And right there is where the battle will be decided. A majority of Oklahoma letter men won their monograms in the past two years. Football in 1917 and 1918, the latter year in particular, has not been up to standard. Nine of Kendall letter men won places on that all-victorious southwestern championship eleven of 1916. Taken man for man, the two eleven, as they start the first kickoff, should see Kendall the stronger. But Owen, using open football, may send in his available reserves, all of whom are experienced men and thus hope to wear down Kendall players. However, the entire regular Kendall squad is composed of men of about even class and unless the numerous Oklahoma reserves show greater class than anticipated, Kendall substitutes will hold their own.

Judging by play of both machines to date their style of game will be very similar. Owen has a heavier line than usual but even then has depended more upon open football. Against Kendall he will encounter masters of the open game, and it is very likely that should Kendall stop the passing and open play of the Sooners, Benny will resort to straight football, depending on his heavier line to win.

NATION'S CORN CROP ESCAPES UNHARMED

Department of Agriculture Reports It Runs Gauntlet Safely During Month of September.

WASHINGTON, Oct. 8.—The country's enormous corn crop has "escaped unharmed the gauntlet of dangers that faced it during the doubtful days and nights of September and late into the lap of mellow October 2,600,000 bushels more of ripened ears than it could promise at the beginning of that month," the department of agriculture commented today in issuing the October crop report forecasting a yield of 2,900,000,000 bushels. Practically all of the crop has, or will mature without frost damage, assuring high feeding value. Husking and cribbing has begun.

Blight, scab and black rust, together with minor ills brought the good early prospects for spring wheat in the north central producing section down until the reckoning now shows almost 5,000,000 bushels less than forecasts month ago. The total crop being placed at 203,170,000 bushels.

Oats showed an increase of more than 3,000,000 bushels, while potatoes an increase of 17,000,000 bushels, buckwheat, 802,000 bushels, apples, 2,473,000 bushels, and beans, 1,277,000 bushels.

Reduced forecasts were given for rice with a yield lessened by 1,294,000 bushels, sweet potatoes with a decrease of 904,000 bushels, and tobacco with 20,000,000 pounds.

To Purify and Enrich the Blood

Take GROVE'S TASTELESS chill TONIC which is simply IRON and QUININE suspended in Syrup. Pleasant Even Children take it. You can soon feel its strengthening invigorating Effect. Price 60c.—Advt.

CHURCH CAGING LEAGUE SCHEDULE COMPLETED

Announcement was made Tuesday by C. M. Insley of the physical department of the Y. M. C. A. that organization of the church basketball league had been completed. The schedule will start on the evening of October 17.

Teams from the following churches have entered: First Christian, Boston Avenue M. E., First Baptist, First Presbyterian, Kendall Presbyterian, First M. M., Grace M. E. and Central Methodist M. E. The contest will be for a trophy and a series of 28 games will be played.

GREATEST THRILLER EVER FILMED!

$1,000 REWARD

The above sum will be paid by Houdini to any person who can prove that the hair-raising airplane chase, collission and crash to earth, as shown in "The Grim Game," did not actually occur.

The stirring climax shows the hero racing through the sky in pursuit of another plane which has kidnaped a girl he intends to rescue.

He overtakes his foe, rises above him, leaps into space, and, dangling from a rope, attempts to board the enemy machine.

But as he nears the cockpit there is an accident. The airplanes clash—lock together—plunge with their occupants 3,000 feet to earth.

And the camera man, in another plane, caught it all!

A real accident, reported by The Associated Press. A breath-snatching thrill that will never be duplicated. Yet only one of the amazing scenes of dare-devil adventure in "The Grim Game."

Not a Serial Picture
