AUTO CLUB BANKING WAR AGAINST THIEF

Unqualified Indorsement of Efforts of Allied Committee Given at Meeting.

FINANCIAL SUPPORT READY

Speakers Discuss Entire Situation and Remedy—County Attorney Gives Views.

Unqualified indorsement of the efforts of the allied civic committee in coping with the automobile thief situation in Tulsa, together with all moral and financial support that is necessary was unanimously voted at the meeting of the Tulsa Automobile club at their luncheon meeting at noon yesterday.

County Attorney Munroe, Judge Ralph C. Campbell, Patrick J. Hurley and E. S. Horn discussed the entire situation, the cause of present conditions and the proposed actions to remedy the evils.

W. C. Steger, chairman of the allied civic committee, was first called upon by George W. Reeves, who presided at the meeting. Mr. Steger told of the meeting of the committee to investigate the automobile stealing here and introduced E. S. Hord, of the vigilance committee of the Ad club, who was invited to attend the meeting of the allied civic committee.

Mr. Horn read the minutes of both meetings of the committee at which Charles Allen, chief of police, and Thomas Munroe, county prosecutor, has appeared. The findings of the committee resolved into three principal considerations. First, a large number of alleged auto thieves are at liberty on "straw" bonds. Second, that the work of the county attorney was so heavy that it made it impossible for him to conduct the necessary prosecutions and in order to remedy the emergency it would be necessary for the civic organizations of the city to hire a special attorney to assist the county attorney in the prosecution of auto thieves. Mr. Horn also stated that it was possible that owing to the congested conditions of the courts that an appeal would be made to the governor for the appointment of a special judge to hear the cases.

The third consideration on the part of the committee, although out of order, Mr. Horn said, was the revival of the Knights of Liberty to handle the auto thief situation as they handled the I. W. W. during the war.

At the request of allied civic committees through Mr. Horn, the motion was made, seconded and unanimously carried that the auto club indorse the action of the committee and assist in every way to wipe out the auto thieving business in Tulsa.

During the discussion of the motion Patrick J. Hurley declared that it was the duty of the state to provide a sufficient number of assistants in the office of the prosecuting attorney as well as a sufficient number of courts in which these cases can be prosecuted. The taxpayers are entitled to government he declared and urged that the civic organizations of the city demand that the state furnish that government.

Thomas Munroe, county attorney, who was invited to state his view of the situation, indorsed the words of Mr. Hurley, but doubted that if the state would grant the demands and make possible the handling of the present emergency. "All of the assistance in the world would be of no avail if the citizens of the county do not offer any more co-operation in the future than they have in the past," he said. "The degree of law enforcement in any community is measured exactly by the degree to which the citizens of the community co-operate with and assist those charged with the enforcement of the law."

Declaring that he was absolutely responsible for the prosecution of the cases and that he had no excuses for his record as prosecutor to offer, Mr. Munroe declared that nothing could be done to secure special prosecution of the auto thieves unless a special attorney was hired to assist and work under his direction in these cases. He expressed his gratification at the action of the citizens of the city in taking up this matter and said that his record and the records of his office were open to their inspection at any time.

Discussing the seriousness of the auto thief problem in Tulsa, Ralph C. Campbell, who had been secured as the principal speaker of the program, declared that Tulsa had received a black eye as the result of the condition and that its eye would continue to get blacker if a remedy were not applied.

"The auto thief problem is simply the evolution of the old bootlegger problem," he declared, saying that similar methods must be used to meet the problem. "Combined public sentiment is what it will take," he continued. "We must organize public sentiment strongly against the auto thief." Judge Campbell declared that a movement should be started to demand special legislation on the matter.

"Establish an adequate punishment for the crime. Give the thief 25 years, if necessary, and in extreme cases hang him," he said, having a special prosecutor to assure the conviction of the guilty thieves. The situation has reached the point, according to Campbell, when the city must take action to rescue its reputation.

All of the speakers urged the development of a strong organization of motor car owners as a potent factor in the handling of such matters. Chairman Reeves, who is secretary pro tem, announced that during the first week of the membership campaign there had been more than 50 new members secured and 13 renewals of membership.

Carl C. Magee secured the passage of a motion authorizing the appointment of a special vigilance committee to furnish information and otherwise assist in the arrest of automobile thieves. It was also moved that the club petition that the president, Theodore Cox, be made a member of the allied civic committee as a representative of the auto club.

Jack Carpenter Dead.

Jack Carpenter, 18 years old, a resident of West Tulsa, died of typhoid in a local hospital at 1:30 o'clock yesterday forenoon. The body was taken to the Stanley McCune undertaking parlor and will be shipped to Holdenville, Okla., his former home for thurial. A mother, sister and brother survive.

The first person cremated in America was Col. Henry Laurens of Charleston, S. C., in 1792.

OFFICIALS SHIRKING DUTY, THINKS C. OF C.

Fight on Automobile Thief Is Discussed at Noonday Luncheon of Directors

CIVIC COMMITTEES BACKED

Movement to Hire Special Attorney to Assist in Prosecution Gets Support

That certain officials responsible for the suppression of automobile stealing in Tulsa and Tulsa county are not living up to the provisions of their oath of office and are shirking duty to a certain extent was the opinion of several speakers and officials at the noonday luncheon and meeting of directors of the chamber of commerce held yesterday.

After commenting upon the situation as it exists here and after expressions were heard from several directors the meeting decided the best plan for concerted action against the automobile thief is to coincide in action of the allied civic committee and Tulsa Automobile club in donating toward the expense of a special prosecutor to handle automobile cases. The directors voted that the campaign planned be carried out in hands of members of the allied civic committee with which body the auto club will have one or more representatives.

Harry H. Rogers, president, spoke at length and stated that for some reason there is not enough anxiety on behalf of officials to see that sentences be pronounced upon the guilty. The president was informed that Tom I. Munroe, county attorney, had stated to I. G. Rosser, member of the allied civic committee, that the immense amount of business of his office did not permit efficient handling of all business. Rosser stated the county attorney had said he needed more assistance to prosecute the auto thieves.

A. L. Farmer, another director, stated he believes lack of interest on behalf of car owners is responsible to a great extent for the laxity of prosecutions and that "shyster" lawyers who will take a criminal case as a minimum fee and fight for the defendant are also clogging the machinery of law. "After my car was stolen," said Farmer, "I was told I was the first car owner to give co-operation in prosecution."

"If we stick more of these fellows and give others the impression that they will go to the penitentiary the next day after they steal a car, we will have less car stealing," stated Rogers.

Records of the police department reveal the fact that 32 cars have been stolen in Tulsa this month, October 1 to 15, inclusive, an average of two daily. Of this number the records show five recovered. Chief Allen of the police department, however, explains that other cars have been recovered, not shown on the records and that owners of the recovered machines are at fault for this condition because they rest content with recovery of their autos and do not report same to the police. The chief stated that he was greatly hampered by lack of co-operation from citizens and that for that reason the recovery records of the department are incomplete.

Mayor C. H. Hubbard, questioned about the matter, stated that the city is doing all in its power to cope with the auto thieves, that the city is attempting to work with the county but that no co-operation is rendered from the county.

At the meeting of directors C. B. Douglas, secretary, stated he had telegraphed Congressman Howard at Washington and asked that an attempt be made to induce Secretary of State Lansing to route the king and queen of Belgium through Tulsa. Director R. M. McFarlin stated $28,000 of the amount necessary for the building of the armory here has been raised and that progress is now delayed by inability to obtain the location desired.

POSTOFFICE ADDITION TO BE BID ON OCT. 22

Bids for Improvements Will Be Received October 22 Says Assistant McCline.

R. E. McCline, assistant superintendent of mails here, said yesterday that improvements to the postoffice here are expected to be completed before the holiday season. Bids for the work will be received October 22. An appropriation of $35,000 has been allowed the postoffice here for improvements to the building which will greatly facilitate handling mail here.

The parcel post department for Tulsa is to be moved into the basement of the federal building. It is expected that this will be effected by December 1. Seven new business windows are to be added to the accommodations and these windows will handle the stamp, registry and money order applications. It is also planned to enlarge the office of the assistant postmaster.

Other work is to be done consisting mostly in changing the arrangement of partitions so that all available space can be utilized to more advantage. "Our main trouble was in getting around red tape," said McCline. "We hope to have completed the improvements before the holidays but otherwise they will have to wait until 1920."

PEERLESS AUTOMOBILE OF B. L. BROOKINS IS STOLEN

One of the latest reports of auto theft in Tulsa was made Thursday by B. L. Brookins, local oil man, who lost a Peerless car Wednesday night. Mrs. Brookins had driven the car to Convention hall, where it was parked and locked. When she returned it had disappeared.

The car is described as singular in lines and body and is painted red. The rear end is equipped with two new tires and there is not another car like his in the country, says Brookins. Another local man had a new Buick car stolen early this week but later found it several blocks distant from where he left it, apparently deserted by the thieves because of an engine trouble caused by their ignorance of operation methods.

Boy Recuperating

Loran Smith, messenger boy for The World, who was run over by an automobile on Monday, and seriously injured, is slowly recuperating at his home, 231½ East Burnett street. Friends of the boy have sent out a number of remembrances to the youngster, who finds it very irksome lying in bed.

MUSICIANS TO ENTERTAIN AT Y SOCIAL HOUR SUNDAY

The social hour to be held at the Y. M. C. A. Sunday afternoon will be of unusual interest, according to N. A. Thompson, social secretary. A special program has been arranged which consists of readings by Miss Lahman, songs with ukelele accompaniment by Cecil Wheeler, and bass solos and popular songs by Fred Graves. The entertainment will be held in the lobby at 4 p. m. All young people of the city are cordially invited. The refreshments to be served will consist of "baked beans, brown buns, butter, and a boiling beverage."

Case Continued

Continuance was taken yesterday in the case of the state of Oklahoma against Carl Templin charged with burglarizing the Magnolia filling station, Easton street and Denver avenue, on the morning of September 26. Justice S. C. Maxey before whom the preliminary hearing was set yesterday allowed the defendant until next Monday afternoon to prepare the case for trial.

Climbing plants developed their climbing habits through propagation in dense forests.

ALL PLUGGED UP!

Constipated; bilious; dizzy; headaches; nervous; irritable; feeling bad all over. Whole system congested. "All plugged up."

DR. THACHER'S LIVER AND BLOOD SYRUP

is what you need. It's a purely vegetable tonic and blood purifier. Mildly laxative or thoroughly cathartic according to the dose. It wakes up a lazy LIVER and keeps it "on the job". It induces healthy action of the KIDNEYS. It puts the BOWELS in good condition and keeps them that way. YOU need something of this kind—and every member of the family, from the children up, does too. Get it at your drug store.

"For ten years I suffered with some kind of stomach trouble and indigestion. I tried several remedies, but could get no relief until I tried your bill, THACHER'S LIVER AND BLOOD SYRUP. Ten bottles cured me. I have no trouble with my stomach now, can eat anything I desire without fear."—Miss Fannie Johnson—Tenn.
