TULSA DELEGATES GO TO LEGION MEETING

Horace Hagan Scheduled to be New Commander of Soldiers Organization in State

HARLOW'S TO CAUSE FIGHT

Condon Plans to Start Action in Convention to Outlaw Political Publication for Soldiers' Use.

Headed by their president, Horace Hagan, who is the practically unchallenged candidate for the position of state commander of the American legion of Oklahoma, a strong delegation of members of Joe Carson post, Tulsa's chapter of the legion, left yesterday and early this morning for Oklahoma City, where they will attend the first annual caucus of states delegates.

Although it was impossible to ascertain the exact number of ex-soldiers who went to Oklahoma City from here Hagan estimates that the eagle city will be represented by at about 25 men who will carry a solid delegation of 52. The Tulsa vote at the state caucus is said to be the strongest of any post in the state and represents 1,500 members.

Although high officials of the legion predict a harmonious convention these dreams are quite shattered, led by an aroused Tulsa contingent headed by Glenn Condon, a bitter fight is scheduled with the purpose of having remanded action of the state executive committee which designated Harlow's Weekly a publication, as official organ of the American Legion of Oklahoma.

Condon has abundant support for his fight not only from Tulsa but from other cities in the state and feels confident that the honor can be taken away from Harlow's.

On other matters the caucus is expected to progress with placidity the dominating feature. A truce has been declared between capital city legionaries and the Tulsa representatives by the terms of which Oklahoma City's support is pledged to Hagan for state commander in return for Tulsa's support of the capital for permanent headquarters.

Sessions of the caucus will be held at the Overholtzer theater. Among the speakers will be Governor Brough of Arkansas and Governor Jackson of Oklahoma. The Tulsa delegation reserved a suite of rooms in the second floor of the Lee-Huckins hotel as headquarters during the convention.

COMMISSION DUE HIM HE SAYS

Courtney Asks Payment of $5,000 From Kochring Machine Co.

Unpaid commission of $5,000 was asked in district court yesterday by R. F. Courtney against the Kochring Machine company, the plaintiff asserting that sum to be due him as agent of the defendant company which position he has held for the past several years.

Courtney claims that under his contract with the machine company, he was to receive 15 per cent of all sales of machinery through the counties of northwestern Oklahoma. He says there is now a commission of $5,000 due him which the defendants refuse to pay.

DON'T BURN AND BLISTER YOUR SKIN WITH LINIMENTS AND PLASTERS

Trying to Cure Your Rheumatic Aches and Pains

Whenever you suffer from an attack of rheumatism, your muscles and joints ache and hurt. It is natural to try to stop the pain. Such relief, however, is only temporary and sooner or later the aches and agony return, even worse than before because the poisons are all the time accumulating in the blood.

The necessary treatment is to remove the real cause of the aches and purify and enrich the blood so that the poisonous elements which multiply in the joints and muscles will be no longer formed.

Do this before another attack, before your kidneys swell and you lose the use of the parts affected, by taking a bottle of the well known Prescription C-2223 Tablets or a package of C-2223 Tablet Pills. Take one pill or tablet, the equivalent of one teaspoonful of Prescription C-2223 Tablets, three times a day in a glass of water. When available, a third size, the equivalent of a teaspoonful or more of the liquid, may be used. Prescription C-2223 Tablets have an excellent reputation in the treatment of Rheumatism, Lumbago, and Sciatica, and are sold by the manufacturers of Prescription C-2223 Tablets.

The best druggists have an excellent reputation in Prescription C-2223 Tablets, and they will find that the price of two $1.00 packages is very reasonable, and this relief is worth much more than the price asked.

Your money back if not satisfied. Ask your druggist for Prescription C-2223 Tablets, or Pills, or Liquid. Take no substitute. Send for free pamphlet. Address on request of price, one dollar and this for sample to Prescription C-2223 Tablets, Lakeside Building, Chicago, Illinois.

PRELIMINARY HEARING OF TEMPLIN IS POSTPONED

Preliminary hearing of Roy Templin, charged with burglarizing the Magnolia filling station at Eufaula and Denver on September 23, was again postponed in the court of Justice S. C. Moore yesterday to next Saturday morning. A charge of carrying concealed weapons was also filed against Templin yesterday. Three youths assisting the defendant, A. E. Fitzsimmons, held stick up and robbed men of two revolvers and $1.85 in money north of town Saturday night.

Templin, a Sand Springs driver, was arrested on the latter charge Sunday and Monday morning with the assistance of Will Green, who claimed to escape from the city jail. The two had shared accommodations there prior to their escape, officers declared. Both were recaptured by the county and Tuesday evening by the officers.

STATE OFFICIALS MAY ATTEND LEWIS MEET

Invitation to Governor, Supreme Court Members and Other Officials Extended By Daniel.

A hanger-on tied to the doors will greet former United States Senator Hoke Lewis of Bilmore when he addresses the people of Tulsa and vicinity in convention hall at 8 o'clock tonight upon the fundamental principles of the league of nations. Senator Lewis is not a stranger in Tulsa, having delivered a campaign speech here during the presidential race of three years ago. He was formerly known as the "whip of the senate."

Lee Daniel left for Oklahoma City Monday night and while there extended to Governor Boyden and the judges of the supreme court an invitation to come to Tulsa as honored guests of the Lewis meeting.

The former senator has been making a tour of the middle west for the purpose of speaking on the president's fight for ratification of the peace treaty and in answering attacks made on the proposed league and Senator Reed and other opponents.

DAIRYMEN WILL BUY FEED COLLECTIVELY IN FUTURE

A "collective bargaining" will be given a trial by members of the Tulsa Dairy association in an effort to reduce the high cost of feeding dairy stock. At a meeting held in the office of the county farm bureau last afternoon, all companies were represented for a free buying association.

Henceforth, the directors of the dairy body, formerly their 500 half-million dollar plant, will be called upon the assembled of the organization will be competently and the cost increase the profits of their producers. Hay $65.

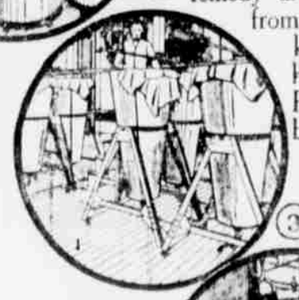
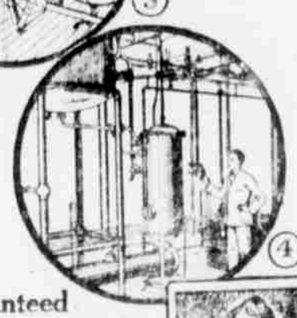
Making a purely vegetable Medicine

1875—1919

In 1875, Lydia E. Pinkham of Lynn, Mass., gathered and dried the roots and herbs which she used in the now famous Lydia E. Pinkham's Vegetable Compound, from the fields and forests,—then steeped them on her kitchen stove and filled a few bottles at a time, to alleviate the suffering of her women friends, neighbors and acquaintances, and the success of this medicine was unparalleled.





After 44 Years

These illustrations show the present method by which vast quantities of this well-known remedy are produced and from exactly the same kind of roots and herbs used by Mrs. Pinkham in the beginning.

First—The various herbs used are of the finest quality, and gathered at the time their medicinal strength is the highest.

Second—After the herbs are properly ground and mixed, the medicinal properties are extracted by soaking in large stone jars, covered.

Third—Then the extract is drained through percolators, acting somewhat like a coffee percolator.

Fourth—To insure a thoroughly pure medicine, it is carefully pasteurized by heat in special apparatus, and bottled hot.

Throughout the entire process, from the crude herb to the finished medicine in bottle, cleanliness and exactness are the watch-words.

The Reliability of Testimonials Guaranteed

The testimonials published by the Lydia E. Pinkham Medicine Company come to them unsolicited. Never knowingly have they published an untruthful letter, never is a letter published without the written consent of the writer. The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness. It is easy to realize how these poor, suffering women feel when restored to health; and their keen desire to help other women who are suffering as they did.
