ROOSEVELT FUND TO LAST ANOTHER WEEK

Inclement Weather Causes National Commission to Order Extension of Drive Until November 1.

TULSA IS HALF WAY OVER

Despite Adverse Conditions Monday Subscriptions Poured Into Local Headquarters of Movement.

In spite of the inclement weather Monday contributions to the Roosevelt memorial fund poured in all day long to the banks and the office of Chairman P. E. Magee with the result that the local fund was increased until announcement was made Monday night that the county has subscribed about half its quota of $15,000.

The campaign will continue the rest of the week according to a message received Monday afternoon by Chairman Magee from the national committee. The committee is anxious to afford every man, woman and child in the country the opportunity to become a member of the Roosevelt Memorial association.

With the clearing of the weather team captains and workers will put a renewed energy into the campaign in the final effort to have the people of Tulsa county subscribe the full quota.

Bought Auto With Bogus Check, Claim of Dealers

Charged with obtaining money under false pretenses, G. W. Hubbs, alias G. W. Renfro, is being returned to this city from Houston, Texas, by J. P. Burnett, local deputy sheriff, for arraignment before Justice H. J. Gray.

Officials of the Forest Davis Motor company of this city alleged that on September 22 the defendant made an agreement to purchase an automobile stating that he had a ranch in Eldorado, Kan., a deposit of $2,100. Before the deal was consummated a man claiming to be an officer of a local bank in this city called the motor company and stated that the deposit in the name of Renfro in Eldorado had been transferred to the local bank. Acting on this information, the car was sold to the defendant and the check for $2,100 honored, the defendant receiving the car and $240 in cash. Later, it is claimed by the motor company, they learned no account had been transferred to Renfro from the Kansas bank and that no person connected with the local bank had so notified the motor company.

Renfro is being returned to this state on requisition papers obtained by Thomas L. Munroe, county attorney, in Oklahoma City yesterday.

CUBA HOLDS ENOUGH SUGAR FOR SUPPLY

Cablegram Is Received From President Telling of Storage—Willing to Protect Against Shortage.

PERSHING IS AGAIN RAPPED

Debate Turns on His Knowledge of Sugar Supply to Army and Probe Critics Is Severely.

WASHINGTON, Oct. 27.—Nearly 400,000 tons of sugar, enough to meet American demands until the next crop is produced, is held in Cuban warehouses, said a cablegram today from President Alejandro Casanova, of the Cuban Sugar Manufacturers & Planters association to Chairman M. Navy of the senate sugar investigating committee.

"Cuba is willing on reasonable returns to protect further consumption," said the cablegram, "and the home is not with Cuba, which should not be penalized."

Action of the war department in selling to the French government 22,000,000 pounds of sugar overseas for the American expeditionary force was criticized in the house today by Representative Bland, republican, Indiana, a member of a house committee which recently investigated war department expenditures abroad.

Mr. Bland said that since the sugar was sold the department had called on the sugar equalization board for 12,000,000 pounds of sugar for the army for the present quarter.

"Wouldn't General Pershing know something about the disposition of American sugar in France?" asked Representative Mays, Republican, Utah.

"If General Pershing didn't know more about disposition of sugar than he did about the front" Bland replied, "it would useless to ask him."

"I found him 200 miles from the front on July 19, 1918, when the battle of Chateau Thierry was at its height."
