Gasoline Export Market to Improve.

There is no improvement in the gasoline export situation, according to the report of the committee, it being stated that for the week ending November 1 there were only 2,000,000 gallons of gasoline exported, as against 3,000,000 gallons last week and the best showing of any week.

The cut in the price of oil is expected to result in a decided increase in consumption and should be felt just now, it is stated, in the trading part, where needs are at a very low point.

Important Wells At Jennings.

[illegible] The Gurley No. 1 Mary Long, in the [illegible] was completed this week for 1,000,000 cubic feet of gas and 1,000 barrels of oil. The sand is going to attract much attention. There are some striking developments in this vicinity and some facts are also being disclosed, eventually the Cushing field and the Pawhuska county oil field will be connected.

Rice & Jones are pulling the tools preparatory to drilling in the Hall well offsetting the above well to the south.

John H. Markham, Jr., has spudding for a test in the northwest corner of lot 3, section 2-19-7.

The Sperry Oil & Gas Co. is drilling due with a well which will offset the Martin test on the west.

C. E. Crawley Has New Assistant.

George H. Taber, who has been connected with the Sinclair organization for about two years and who has had charge of construction for the casinghead plants for the Sinclair people, which, by the way, are models of perfection, has been made assistant to C. E. Crawley, who is at the head of the Sinclair organization in Tulsa and is unusually well fitted for the position. Besides having a thorough technical training Mr. Taber is blessed with a perfect disposition and fits in well with the place. He will add greatly to the organization.

A Leak Discovered At Agency.

Special to The World.

WASHINGTON, Oct. 28.—Upon complaint of Congressman McKeown of Oklahoma that lists of Indians upon whom restrictions have been removed have been covertly sold at Muskogee, Commissioner Sells today issued a new order on the situation. Under the terms of the new order any person who will write, wire or call at the agency at Muskogee can learn whether restrictions have been removed on any particular Indian or piece of property, but no lists can be furnished.

Marland Gets New Assistant.

Karl Oliver, formerly superintendent of the land department of the Havana Petroleum company, has been appointed assistant to President E. W. Marland of the Marland Refining company and Kay County Gas company at Ponca City. J. D. Price, head of the company's scouting department, has also been added to the president's staff.

Gypsy Deepening Well. Another Well

The Gypsy Oil company has decided to deepen its test in the northeast corner of the northeast of 26-28-4 Garber fields, where they had a showing of oil at 1,498 feet.

The White Oil Corporation.

The prospectus of the White Oil corporation, which is the name of the new P. J. White company, has been received in Tulsa and it is interesting as showing the extent of the new company's plans which include the building of a pipe line from the north Louisiana fields to Houston where the company has a refinery which has been known as the Crown Oil & Refining Co. The new line will also reach over into Texas and tap the most likely looking pools in that state.

The White Oil corporation has a capital stock of 1,000,000 shares authorized with 630,000 shares outstanding of no par value.

The stock that was appropriated for the market started at $15 per share and is reported to have sold yesterday as high as $40. This is accounted for by the fact that the well reported in yesterday's World as making around 20,000 barrels was brought in on the company's holdings at Homer, La. There is said to be a great deal of stock allotment this week that Mr. White has owned for some time and put in the new corporation.

The holdings of the new corporation include a refinery at Houston, Texas, and a refinery at Warren, Pa.

MOTOR TRUCKS FOR 2 REGIMENTS HERE

War Department to Aid Oklahoma Guard in Motorizing Auxiliary Units

Special to The World.

OKLAHOMA CITY, Oct. 28.—The military department has received a call from the points for [illegible] Department that it has [illegible] motor trucks, [illegible] 12 [illegible] with which to motorize [illegible] machine gun [illegible] the auxiliary detachments in the two regiments of the guard [illegible] the support [illegible].

[illegible] will be allotted to Oklahoma [illegible] to [illegible] of the [illegible] data [illegible] trucks will be [illegible] each, to each of the [illegible] of the First [illegible] and [illegible] and [illegible] be [illegible] as a [illegible] group [illegible] will be allotted to the [illegible] [illegible] Fifty [illegible] will be assigned [illegible] the First and Second regiments.

The movement of the battalion of artillery according to this advice, will be [illegible] field guns.

The department has in addition in the First and Second regiments of infantry, located in Oklahoma's authorized quota, a field artillery battalion of artillery, one engineer company, one signal troop, one company and one field hospital company.

DUCKS ARE FLYING; SO HUNTERS SEEK LICENSES

Special to The World.

BARTLESVILLE, Oct. 28.—More hunting licenses have been sold here during the last week than ever before in its history. The demand was so great last week that one local hardware store reported the sale of 75 hunting licenses and the turning down of applicants for no more on account of running short of shanks. All night long Sunday the ducks and geese could be heard flying over the city and the hunters were kept pulling sleepiness in their eyes while planning to go out the next and take advantage of the opportunity to get some game for the Sunday dinner table. The rains have filled all of the ponds with water and the ducks are alighting in large swarms all around the city.

"Buddy duck" promises to be the chief edible in many Bartlesville households during the next week or two.

BURGLARS ROB POSTOFFICE

Blow Safe at Tioga, Pa., and Get Away With $2,200.

TIOGA, Pa., Oct. 28.—Burglars dynamited the safe of the local post office early today and escaped with $2,200 in money and stamps.

They also blew the vault of the Tioga National bank in the same building, but were discovered by a watchman and escaped in an automobile without any of the bank's funds.

U. S. Steel Allows Only Usual Dividend At Quarterly Meeting

NEW YORK, Oct. 28.—The United States Steel corporation at its quarterly meeting today failed to declare an extra dividend on its common stock. The last extra dividend, 1 per cent, was declared three months ago. The regular dividends of 1¾ per cent on common and 1¾ per cent on preferred stock were authorized.

Total earnings of the quarter ending September 30 were $13,[illegible] as compared with $14,[illegible] in the previous three months. The total net income was $29,[illegible] as compared with $27,[illegible] 1918. The surplus totaled $11,[illegible] as compared with $2,[illegible] at the close of the previous quarter.
