Pipe Not the Only Short Commodity.

The special oil section of this paper that should have gone to press this morning is held up on account of a shortage of print paper and will be issued sometime within the coming week. It is of special interest to the oil men and has been patronized by the supply people, producers, marketers and refiners very liberally. The subject of this edition will be to show the stand that is being taken in the oil country and the unprecedented activities and opportunities that are here.

Famous School House Lot Is Sold.

The Pleasant Hill schoolhouse lot on the eastern edge of the Cushing pool that produced a lot of oil since the day the first well came in, has been sold and thus passes to new owners, while leaving the original owners much better off than they were when they invested in this little parcel of ground. It was owned by J. R. Hadley. L. L. Marcel, now president of the White Eagle Refining company, a $20,000,000 corporation, and A. A. Moody, general manager of the Jarecki Manufacturing company with headquarters in St. Louis. It has been sold to the Tidal Oil company.

It is located in 2-17-7 and is on the center of the south line of the section. It has frequently been referred to as a piece of property that would be much more valuable to its owner than an interest in a large lease. Mr. Hadley, who was a lawyer at Cushing when this lease was taken from the school directors, is now a wealthy man and has other interests in the Beggs pool and the Osage. He has made a good clean-up on his schoolhouse property and has set an example that others might follow with profit in getting a start in the oil game.

Refinery Is Reorganized.

The Duluth Refining company has been reorganized under the name of the Big Six Producing & Refining Co., and has started operation under the new name. The plant will be greatly enlarged and the company will, in the near future, start drilling operations on several leases in the Beggs district. It will also operate a small pipe line, already laid, which connects several leases north of Sapulpa and will also run on Burkburnett crude. The new officers of the company are John F. Cogswell, formerly of the Covington Refining company, Covington, Okla., president; J. L. Hughey, secretary and treasurer, and Lee Kaufman, general manager.

Late News From Ardmore.

Special to The World.

ARDMORE, Okla., Nov. 5.—The Hewitt field in Carter county, which was discovered last June by the Texas company, now has six producing wells and the field is making about 3,000 barrels. Sands have been found all the way from 1,370 feet to 2,300 and the field gives promise of being an important oil area. Twenty-four wells are drilling and 10 rigs are up.

The field will have as many as 20 rotary machines by the first of the year as it has been demonstrated that they do better work in this field. Prices are high as $4,000 have been paid for acreage. The Texas company is running the production of the new field and the Empire has surveyed a line into the field.

The Healdton field is producing a little above 35,000 barrels now, but production is declining on account of water having broken into some of the wells.

The Moulder people are paralleling its six-inch line from Healdton to Dromright with an eight-inch line and the work is making rapid progress.

At Hewitt.

Carter No. 2 in 29-2-2 is drilling at 2,719 feet in sandy shale. Sand found at 2,692 feet would not make oil or gas well.

Westheimer & Daniel No. 1 Dillard in 22-4-2 is flowing 500 barrels daily from 1,877 to 1,897 and 1,920 to 2,000 foot sands. They are going to drill the well deeper.

At Cushing.

The Marsh Oil company's well in 29-18-5 has increased its flow to 360 barrels and is still only a foot or two in the sand. A later report is looked for with great interest.

New Locations.

The Security Oil Development company of Tulsa, Okla., has incorporated with a capital stock of $100,000 and has secured a block of leases in Lincoln county, Okla., and is moving in rig for first location for test of 3,500 feet on this 6,000-acre block in center of northwest of 17-15-3e. H. L. Levy is president.

DANGER SIGNALS OF BAD BLOOD

Pimples on the face, bunches in the neck, sallow and swarthy complexion, sores, ulcers, scaly skin affections, constipation, inactive liver, dyspepsia and stomach troubles are common symptoms of blood troubles. There is no remedy offered today to the public that has so successfully cured these diseases as "Number 40 For The Blood." An old doctor's prescription containing the most reliable alteratives known to medical science.

Germs of INFLUENZA Threaten You

Pepsinol, the Builder of Blood, Brain and Tissue, is Your Protection

Do you drag around, all tired out, run-down, despondent, suffering from stomach pains, headaches, nervousness, sleeplessness? Then you know, if you have read the warnings issued by leading medical authorities, that you must act quickly. They declare another Influenza epidemic is imminent. Even now the dread scourge may be ready to attack you. Strength and vitality are what you need.

Build up your strength with Pepsinol quickly. Build up your nerves. Build up your blood. Pepsinol, the Reconstructive, Strength-Building Tonic and General Conditioner, will equip you for any struggle with disease. It's a protection to your whole constitution.

How quickly Pepsinol makes your organs strong and healthy, how surely and yet how gently it renews the vitality necessary for glorious, rosy health! Now is the time for you to get Pepsinol, not only for yourself, but for your whole family. Protect them, too, against Influenza. Go to the authorized agent in your community today for genuine Pepsinol, made only by The Peplax Medicine Company, Memphis, Tenn. You may be the first stricken in the second epidemic.

Get Pepsinol from:

Quaker Drug company, Third and Main Sts.; Shackle Drug company, on Main at Tenth St.; Garten Drug company, 1402 Hodge St.; Red Wing Drug Store, 202 N. Greenwood St.; S. A. Stradel, Sand Springs, Okla.; Bass Drug company, West Tulsa, Okla.; Red Fork Drug company, Red Fork, Okla.

With the Oil Men

Al Talbot of the Western Petroleum company is in the city on business and is meeting with a warm reception from his many friends.

I. P. Hinck, accompanied by the noted whale hunter, Captain Cook, and Captain Burck of Providencetown, R. I., is in the city and says that the easterners are well pleased with the luck we are having in the lower field.

W. D. Owens is back from Shreveport and says that the roads are impassable in the Bull Bayou district and also equally as bad around Homer. He says that acreage is still climbing. Mr. Owen will leave for his home at Caney today.

Harry McIntyre has joined the Forn Oil company staff in Tulsa, having come from Franklin, Pa., to accept his new position. He will be warmly welcomed here where he will be associated with M. Weist, who is western manager for the big marketing concern.

John Crawford of Parkersburg, W. Va., and H. S. Jenkins of Baltimore have returned east after spending two weeks inspecting the properties of the Oklahoma Producing & Refining corporation in Oklahoma, Texas and Louisiana as guests of T. O. Libystrand and James K. Crawford. They expressed themselves as delighted with the progress being made in all these fields by the company.

Captain Parish and G. N. Wright are back from New Mexico, where they have been hunting in the country back of Magdalena. He says that the game was plentiful and the party had killed eight deer when Messrs. Parish and Wright started for home. He left Dr. Grosbart, Lon Stansbery and Oscar Howard and Charlie Armstrong still at the camp.

A. A. Moody, who is the general manager of the Jarecki Manufacturing company with headquarters in St. Louis, attended the reception to the king of Belgium the other night and had a front seat and was much interested in the proceedings as Brand Whitlock, who was at the king's right hand, is an old friend and was the mayor of Toledo until he accepted his position as minister to Belgium, after which Mr. Moody filled his unexpired term as mayor. He says that Mr. Whitlock showed his class by his manner and his way of carrying himself, not to mention his clothes, which were in the height of style. There was no chance for a conversation as all of the visitors were kept back by secret service men.

The king was a fine looking man, but would be taken for a Scandinavian, being a blonde and while he twisted his verbs some, his command of English was very good," said Mr. Moody.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

"Relieved Rheumatism and Stomach Trouble With Internal Baths"

Mr. Ira E. Shambaugh of 732 Julian Ave., Dubuque, Iowa, writes the Tyrrell Hygienic Institute:

"I have used the 'J. B. L. Cascade' for two years and have no more trouble with rheumatism or my stomach. I feel like a new man though I am 58 years old."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

Roy Getman, 118 South Main, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrrell, of New York, a noted specialist on Internal Bathing for 25 years in that City. Clip this out as a reminder to ask for the booklet at your first opportunity.—Advt.

DON'T BURN AND BLISTER YOUR SKIN WITH LINIMENTS AND PLASTERS

Trying to Cure Your Rheumatic Aches and Pains

Whenever you suffer from an attack of rheumatism, your muscles and joints ache and hurt, it's but natural to try to stop the pain. Such relief, however, is only temporary and sooner or later the aches and agony return, even worse than before because the poisons are all the time accumulating in the blood.

The necessary treatment is to remove the real cause of the aches and pains—cleanse the blood of those impurities which multiply unless the proper treatment is applied.

Do this before another attack, before your joints swell and you lose the use of the parts affected. Get yourself a bottle of the well-known Plough's Prescription C-2223 and a package of 2223 Liver Pills. Take one pill at bedtime, the following morning begin the Liquid Plough's Prescription C-2223 treatment, taking teaspoonful doses three times a day in half glass of water. Wear suitable clothing, do not expose yourself in damp weather and abstain from the use of red meats and pastry.

Many medical authorities agree that there are very few drugs which have any value in the treatment of Chronic Rheumatism, and those named are used in the preparation of Plough's Prescription C-2223.

The manufacturers have so much faith in the merit of Plough's Prescription C-2223 that they will refund the price of two $1.50 bottles if you do not get the relief which you expected.

Your nearest druggist can supply you with Plough's Prescription C-2223 at $1.50 a bottle, or the 2223 Laboratory, Memphis, Tenn., will send to you prepaid, on receipt of price. Clip and mail this for sample of 2223 Liver Pills and leaflet which tells you all about this real rheumatic treatment.
