BENEFIT GENERAL IN 'PAY UP' WEEK

Everyone Is In Better Fix When Old Bills Are Settled.

TO BE OBSERVED HERE

January 5 to 10 Has Been Set Aside For Tulsa to Settle Accounts.

If you haven't lived up to your promises just as you should have done this past year, the retail merchants and business men of Tulsa expect you to step forward like a man or woman, as the case may be, during the week from January 5 to 10. This week has been set aside for "Pay Up Week" in Tulsa.

The purpose of the "Pay Up Week" is to invite every person who owes a bill which is past due to pay it or make arrangements to pay it, and to thank the credit users of the city who have been customers of the various merchants, banks and professional men during the year of 1919, for their aid in creating a better retail credit condition in Tulsa.

"Pay Up Week" is not now nor did it originate with the Tulsa credit grantors. It has been observed for several years by cities of all sizes in different parts of the country, is the past due bills in a community which have been dragging on the hands of the merchants and professional men are paid up, or if even 50 per cent of them are paid up during "Pay Up Week" the merchant is enabled to improve his store and his stocks, the professional man can add new equipment to his business, and thereby both give better service to the buying public.

Benefits Are General.

The banks are benefited for if the business man has borrowed money from them to run his business, or overcome a shortage in his cash assets due to his having slow accounts on his book, he can by collecting in all or even part of these accounts pay his indebtedness to the bank, and probably have enough left to make some much needed improvement in his own business.

That is what "Pay Up Week" does for the merchant, banker and professional man. Now how about the consumer—the man who buys on credit? Sure it benefits him! He doesn't want to be rated "slow pay" or "no good" by the merchants with whom he has done business. He doesn't want to have to go around to every store in town trying to get credit. He wants to have every merchant in town solicit his credit business. He wants to be able to hold his head up with his neighbors, and know that he can get credit at any store in this town, or in any other where he may move in the future. But most of all he receives that feeling of having done his duty, which is commonly called "peace of mind."

DRY CLEAN ALL FAMILY CLOTHES FOR A FEW CENTS

Any woman can clean and renew waists, dresses, suits, coats, gloves, ribbons, furs, slippers, shawls, belts ties, veils, men's clothes, lace curtains, woolens, rugs, draperies—everything that would be ruined by soap and water.

Place a gallon or more of gasoline in a dishpan or wash boiler, put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new.

Nothing fades, shrinks or wrinkles. No pressing needed. Do not attempt to dry clean without Solvite Soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning costs little at any drug, grocery or department store. Dry clean outdoors or away from flame.—Advt.

Spirits Protected Little Girl Lost in Cherokee Woods

Special to The World.

TAHLEQUAH, Nov. 29.—The finding of the body of a small child who wandered away from home, near Tiana, east of here, recalls the strange story concerning the disappearance of a little fourblood Indian girl some years ago. The girl was the child of a then well known citizen name of Greene. The afternoon of a winter day the child wandered off into the thick underbrush due north of where the town of Welling stands. Although diligent and noddilligent search by friends of the girl was made and finally the searchers gave up the task, they reported that they had felt the spirits of the woods came in the belief that a special providence interposed in the child's behalf. As far as herself she only knew that she was not afraid and did not suffer from the cold. The man she said "long and kind of like."

GUIDES PLANES THROUGH FOGS

Radio Loop on Landing Fields Illuminative Way to Mail Carriers.

WASHINGTON, Nov. 29.—John Fonger, acting assistant postmaster general announced yesterday that the landing fields for the air mail at College park, Newark and Bellefonte, Pa., will be equipped with the new device known as "loop radio," by which an airplane is guided to the field through fog, darkness or storm. The device will eventually find its way to all postal fields and planes.

A new non-magnetic and non-gyroscopic compass has also been developed which will be adapted to the air mail service.

"JAZZ" WATER WHEELS SCARY.

Tinkling Bells Serve To Frighten Beavers That Destroy Property.

DENVER, Nov. 29.—The use of "jazz water wheels" is being urged by State Game and Fish Commissioner R. G. Parvin in replying to requests of ranchers who are seeking permission to shoot beavers that are causing much damage to farm property in various sections of the state.

Parvin declares that water wheels with tinkling bells do excellent service as "scarecrows" and will keep the beavers away.

The skins of the amphibious rodents are very valuable at this season of the year, and Parvin thinks the desire to kill the animals is attributable to this fact.
