Stocks Are Weak.

NEW YORK, Nov. 29.—The stock market was heavy, verging upon weakness in the first half of today's short session, mainly as a result of the materially lower range of prices established by several of the high priced industrial leaders.

Early losses of 5 to 15 points in Crucible Steel and American Tobacco and 1 to 5 point reactions elsewhere were not conducive to bullish enthusiasm. Pressure was plainly of professional character, however, some stocks being marked down at the first signs of weakness, others made partial recoveries.

Steels were among the first to reflect their improvement being accompanied by the publication of numerous statements of earnings for October. These showed a decline in the chain as to net results, several of the important units including the Pennsylvania, reporting material increases.

Aside from a sentimental effect another break in sterling exchange exerted little influence on the stock exchange regarded to some extent as a continuation rather than a reaction of the small offerings.

The clearing house statement disclosed a slight reduction of actual loans—only $8,000,000—but excess reserves were increased by $34,000,000, lifting total surplus reserves to $71,333,000.

There was further likely trading in Liberty and other bonds at lower levels, but rallies marked the close in those issues as well as the stock list.

Total sales for the day aggregated $13,000,000 shares. Bonds were unchanged on call during the week.

A VERY PRODUCTIVE LOT

Small Tract of Land Produced 60 Kinds of Fruit This Year.

SEATTLE, Wash., Nov. 29. — In these days of high cost of living, the marvelous work of Mrs. Henry D. Weeks of this city, comes as a beacon light to the "poor city boiler."

She has supported a family of four from the fruits of a 40-foot city lot; she has kept this family in fresh vegetables and wholesome foods during a period of three years; she has made the lot pay for itself and also has bought $1,000 worth of war savings stamps. All from a 40-foot city lot. She attributes her success to the raising of a variety of vegetables. Many kinds were planted, only a few of each. She had 60 varieties of fruit which she exhibited recently here at a Playfoot Fair and her exhibit was clearly the best of the fair. The 40-foot lot has a space reserved for chickens. Eggs are served each morning.

New System of Fat Reduction

Here's a new way for all fat people to laugh together at that old bugaboo—Obesity. The saying that "there is nothing new under the sun" does not now apply to fat people any more. Here is something new for them—a new sensation, a new pleasure, a new and graceful figure, easily found by anyone who is passing beyond the limits of slenderness. Exercise has fared of the Marmola Prescription. What harmless combination of fat-defying elements. Discovered by one of our foremost physicians. Now, from the same high authority, there comes another idea—the idea of combining these same pure, harmless ingredients into a minute little tablet. Taken after eating and at bedtime, they help the stomach to dispose of all the fatty foods, converting them into compact, solid flesh, muscle and energy, without dieting or exercise. Marmola Prescription Tablets regulate the entire system—do for you what bodily exercise and self denial can not do, and the fat once routed, is gone for good. You can prove all this at a trifling cost. Marmola Prescription Tablets are sold by all druggists or sent prepaid by the Marmola Co., 864 Woodward Ave., Detroit, Mich. A large case sufficient to bring lasting results is but $1.—Adv.

FARMHANDS SET OWN PRICES.

Offer of $5 a Day and Board Fail to Lure the Recruit, Laborer.

JACKSON, Mich., Nov. 29.—The farm labor situation in this district has reached such a stage that the farmers are offering $5 a day and board. But there is no labor to be had. The situation is classed as one of the most critical in the history of the country. Much of the farm produce is rotting because of the lack of farmhands. It is said that the rise of high wages in the city has made it impossible for many of the young men leaving the farming district.
