JITNEY LINES TO INCREASE FARES

High Cost of Running Automobiles Given as the Reason.

TO BE TEN CENTS NOW

Admiral Boulevard Jitneys Will Not Raise Price for the Present.

Patrons of the jitney lines operating on South Denver and South Boston avenues were notified Friday morning that the cost of fares will be advanced Saturday from five to 10 cents. These are the only two jitney routes in the city that are not in direct competition with existing street railway lines.

Operators on the Admiral routes would not state definitely Friday what action they contemplate taking. Overtures concerning a raise in fares were made to the Tulsa Street Railway company about a month ago by the Jitney Operators association, according to Superintendent M. McGrath, but were not accepted because the company is making no attempt to increase fares at this time, and because it does not consider jitney competition so formidable.

Owing to the fact that the street railway line on Hodge street is only one block from Admiral boulevard jitney patrons on that thoroughfare will probably ride for five cents a while longer.

To Have Complexion That Men Admire

"A man may admit, with great sophistication, that powder and rouge are necessary aids to beauty," says a well-known writer, "yet deep in his heart he dreams of the woman whose loveliness needs no artificial touching up. Women who appreciate this, who give consideration to the masculine viewpoint, avoid using anything that might indicate their beauty is not all their own.

"Such women in increasing number are acquiring the nonsoiled wax habit. By applying the wax at night as they would cold cream, washing it off in the morning, they secure and maintain entirely natural complexions. Their faces exhibit no evidence of having been 'touched.' Nothing is added to the old complexion—the latter, instead, is discarded. Mercolized wax, procurable at any drug store, an ounce is sufficient, absorbs the devitalized outer skin, gradually, almost imperceptibly. The fresh, clear, satiny under skin which appears, bears a healthy, youthful bloom not comparable with the fixed artificial color."

FINANCIER WOULD BUY FINE BULLS

Registered Animals to Be Placed on County Farm.

The investment of $100,000 of Tulsa money in registered bulls for distribution among the farmers in the immediate vicinity of Tulsa is a matter in which T. J. Hartman, president of the Producers State bank, is now interesting himself, according to an announcement made at the meeting of the board of directors of the chamber of commerce Friday noon.

The object is to encourage the raising of pure bred cattle upon the farms of Tulsa county and thus increase the aggregate wealth.

Indorsement was given by the board to the state calf club which is now being organized by L. R. Kershaw, a Muskogee breeder. Mr. Kershaw proposed the raising of a fund of $75,000 or $100,000 which is to be loaned to the boys of the state for the purchase of pure bred calves, the boys to give their notes for the amount of the loan.

Stomach Trouble and Constipation Ended

Suffered So He Could Not Work for Year, but Mr. McCormick Was Cured Promptly.

"I had stomach trouble and constipation for five years. One year of this time I was unable to work, suffering untold agony. I doctored with some of the best physicians, also took many proprietary medicines, but could not find permanent relief. Finally a friend recommended Miles Emulsion. The first few doses relieved me greatly, and three bottles of it effected a permanent cure."—C. A. McCormick, Anderson, Ind.

Mr. McCormick is only one of many hundreds who have endured torture for years and then found that Miles Emulsion gives blessed relief and real, lasting benefit. It costs nothing to try.

Miles Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly sets the digestive organs in shape to assimilate food. As a builder of flesh and strength, Miles Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Miles Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price, one and $1.75 per bottle. The Miles Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Advt.
