# TURKEY IS DENIED CONTROL OF SEAS

## International Commission Is Given Wide Authority.

## ZONE IS ESTABLISHED

### Provisional Terms of Treaty Fix Latitude—Dardanelles Open to All Vessels.

WASHINGTON, June 16.—Limited internationalization of the port of Constantinople and its inclusion within the "zone of the straits" is provided for in the provisional terms of the Turkish treaty. This is disclosed by an official summary received here today of the jurisdiction provided for the interallied commission of control.

Granted its own flag, budget and separate organization, the commission, for the lines of the boundaries fixed for the "zone of the straits" will have authority over a territory considerably greater than some of the smaller nations of Europe. Made almost sovereign in itself, the commission is to be practically independent of the league of nations as stipulation is expressly made that should it find its liberty of passage of the straits interfered with, it shall take such measures as may be deemed necessary to preserve the freedom of the straits.

The zone includes not only the Bosphorus, Sea of Marmora and Dardanelles, but also three miles off shore from the mouth of the Dardanelles and the Bosphorus and the Aegean islands of Samothrace, Imbros, Limnos and Tenedos. A land zone also is provided, extending from 16 to 17 miles northwest the Sea of Marmora and 8.28 miles southeast of it. Its northwestern limit is partly common with the new Greek frontier, 5½ miles west of the Bosphorus on the Black sea, its eastern line limit is 40 miles east of the mouth of the Bosphorus and its southwestern limit is partly common with the District of Smyrna, 55 miles southeast of the entrance to the Dardanelles. The zone also includes an area on the western side of the Gillipoli peninsula which Turkey cedes to England, France and Italy for war memorials and cemeteries.

Regulations laid down for the enforcement by the interallied commission provide that:

No belligerent warship may remain within ports of the zone longer than 24 hours or take on food, stores or recruits.

The Dardanelles, Sea of Marmora and the Bosphorus are to be open in peace and war to every vessel of commerce and war.

The straits are not subject to blockade.

No belligerent right to be exercised and no act of hostility committed within the zone except upon special authorization of the league of nations.

All military works and fortifications to be demolished and no roads or railroads to be constructed within the zone for movement of mobile batteries.

Greece and Turkey are prohibited from constructing any new wireless stations within the zone; all present ones to be taken over by the allied powers.

These regulations are to be enforced chiefly with naval forces and a force of special police recruited within the zone and commanded by foreign officers, as well as such military and naval air forces and guard ships of their own as Great Britain, France and Italy may deem necessary.

In addition to the general laws pertaining to the administration of the straits the commission is further charged with expectation of any works considered necessary for the improvement of the channels and the approaches to harbors, the lighting and buoying of channels, control of pilotage, towage, anchorage and all matters relating to wrecks, salvage and lighterage.

Maintenance of the ports of Constantinople and Haida pass as ports of international concern, where the citizens, goods and flags of all countries belonging to the league of nations shall enjoy complete freedom, is also placed within the control of the commission which shall provide at the two ports free zones for the erection and use of warehouses.

## HARDING SUITS GERMANY

### Paper in Berlin Says Country Has Nothing to Fear From Nominee

BERLIN, June 16.—Germany has nothing to fear from the nomination of Warren G. Harding as the republican candidate for the presidency of the United States, says the Boersen Zeitung.

"Nothing hitherto," the newspaper declares, "warrants apprehension that relations with Germany which have been initiated by American commercial and financial interests will be hampered, and on the contrary, it is probable they will be furthered."

**Governor Driven Out.**

EL PASO, Texas, June 16.—The provisional governor of the state of Colima, Jose Chavira, named by Provisional President de la Huerta, has been driven from his post by defections among the Mexican troops in that state, according to a report published by La Republica, a Mexican newspaper, here today.

HANDSOME HAIR

Everybody admires handsome hair. You can improve your hair wonderfully by using

Nelson's Hair Dressing

Particular colored people throughout the United States have used Nelson's for almost 25 years. Nelson's is fine for the scalp—removes dandruff and makes the hair grow long and glossy.

Ora Lee Walker, a colored girl of Augusta Ga., uses Nelson's.

## *Wedding Is Stopped Until Bride Changes to "Modest" Clothing*

NEW ORLEANS, June 16.—A wedding ceremony in St. Louis cathedral was postponed several hours today because the officiating priest, Father Antoine of the Order of Oblate Fathers of Mary Immaculate, declared the bride was immodestly attired and violated a recent order of Archbishop Shaw of the diocese of New Orleans, relative to wearing apparel.

The priest declared the bride appeared to him "shocking that he had the sexton put out the lights so that she might retire and properly clothe herself.

Although he declined to divulge the name of the bride, he declared "she wanted to fly in society style at her wedding much to her disgrace."

"Everything had been prepared for the wedding and the bridegroom was in the edifice. The altars were ablaze with candles and the electric lights in every part of the ancient cathedral were lighted. The bride started up the main aisle, but had not gone far before the priest viewed the gown, ordered the lights out and sent her home to assume other garments. The marriage ceremony then was performed.

## TREACHERY IS CHARGED

### Johnson Leader in Nebraska Says Delegates Not True to Trust.

LINCOLN, Neb. June 16.—Frank A. Harrison of Lincoln, who managed the Nebraska presidential preference primary campaign for Senator Hiram Johnson, issued a statement here today charging that "the treachery and desertion of the delegates from instructed states broke the heart of the Johnson movement."

Mr. Harrison declared that just two men on the Nebraska delegation at all times tried to obey the instructions of Nebraska when the roll was called. He also asserted that "if Hiram Johnson and the men and women of Nebraska who voted for him ever forgot or forgive the performance of the Nebraska delegation at Chicago it will be after the accursed convention system is wiped out and forgotten."

## RETURNS MONEY TO LOWDEN

### Bob Moore of St. Lous Says Fund Is Given Back to "Intermediary."

ST. LOUIS, June 16.—Robert E. Moore, who was a delegate to the republican national convention from the 12th (St. Louis) district, in a statement today asserted he had returned the $2,500 of Lowden funds he received. Refund was made through an "intermediary" in Chicago last Thursday, Moore said. He refused to name the intermediary.

Nat Goldstein, delegate from the 11th district, last night asserted the $2,500 of Lowden money given him, had been returned.

**Liquor Explodes.**

NEW ORLEANS, June 16.—Liquor valued at $50,000 seized by government officials in raids and stored in a room in the old customs house quarter, became overheated today and was destroyed in a series of explosions.

The Boss Sez:

Why Wait For a Drop

in prices? You may lose money by waiting, especially if prices should advance instead of decline.

We have information that leads us to believe that we will receive a PRICE ADVANCE on G. F. Allsteel equipment within the next few days.

We can protect you on present prices if orders are placed at once.

Why Wait For a Fire

to buy a G. F. ALLSTEEL fireproof safe.

If you are going to use shelving buy G. F. ALLSTEEL shelving, it is cheaper than wood and can be easily moved.

If you are going to put in a filing system by all means buy G. F. ALLSTEEL files, they last longest and have a greater resale value.

We urge you to act promptly. We do not pretend to know when Allsteel prices will be any lower.

Business is good with us and we look for it to continue for some time to come.

# DRYS TO CARRY FIGHT TO FRISCO

## Plan to Besiege Democrats—Will Oppose Governor Cox.

WASHINGTON, June 16.—Prohibition advocates will ask the democratic national convention at San Francisco to support a plank declaring for rigid enforcement of the 18th amendment and the enforcement act and will "present a solid front against Governor Cox of Ohio," Wayne B. Wheeler, general counsel for the antisaloon league, declared today in a formal statement.

"The resolutions committee at Chicago," said Mr. Wheeler, adopted a law-enforcement plank and lost it between the committee room and the convention hall. Mr. Bryan will act as a bodyguard for it if it is adopted by the resolutions committee at San Francisco.

Mr. Wheeler said Governor Cox was "the last hope of the wets in their program for nullification," and that his "record makes him an impossibility if national prohibition is to be effectively sustained and enforced.

**Fire Loss Heavy.**

ROCKLAND, Maine, June 16.—Fire today destroyed 14 buildings with a loss estimated at $500,000. Four families and 11 business firms were made homeless.

Have you heard:

Work, worry and failure are unknown to Excelo Cake Flour users?

Just Add Water

## MAKE PAPER FROM COTTON

### Experiments Prove Successful West Virginia Concern Announces.

PETERSBURG, W. Va., June 16. After experiments lasting over a period of three months the Stamscott company of Hopewell announced today that a process of making paper pulp from cotton fiber has been developed and steps toward production would begin immediately. The company was organized by the American Cotton company, East St. Louis Cotton Oil company and the Southern Cotton Oil company. The concern will take over 101 acres of ground and will erect 45 buildings to carry on the work of manufacturing pulp. Three large buildings formerly occupied by the Du Pont company already have been taken over.

A SUMMER TONIC-DRINK

Horsford's Acid Phosphate.

Healthful, and agreeable to the taste. Refreshes and invigorates. Use it in place of lemons.—Advt.

At the bottom of the handle of one vacuum cleaner is mounted an electric lamp to light up dark corners.

## TOLEDO JUMPS AHEAD

### Surpasses Columbus in Ohio Population—Capital Outstrips Louisville and St. Paul in Rank.

WASHINGTON, June 16.—Columbus has lost to Toledo its place as third largest city in Ohio but it has outstripped Louisville and St. Paul in rank among the large cities of the country.

The population of Columbus was announced today by the census bureau as 237,031 an increase of 55,526 or 30.6 per cent. Toledo, which was fourth largest Ohio city 10 years ago with about 3,000 people less than Columbus, showed an increase of 74,612, or 44.3 per cent during the last decade and now has a population of 243,109.

Columbus ranked as the twenty-ninth most populous of the country in 1910 and its growth has exceeded that of Louisville, twenty-fourth city 10 years ago, and St. Paul, twenty-sixth city, both of which now have some 2,000 less population than the Ohio capital.

Made of stiffly crimped material, a ribbless umbrella has been invented by a resident of New York state.

**Five Are Arrested.**

EL PASO, Texas, June 16.—Two soldiers and three civilians were arrested here today by officers of the department of justice on charges of stealing and conspiring to sell United States army pistols and other munitions which it was said they attempted to sell to Mexico. Purchase of the stolen supplies was refused by the Mexican government, it was said.

$35 Buys a Fine Silk Suit Here

¶With the very cheapest of summer clothing selling up to $25 you can't dress better nor
