CHANGE APPROVED IN CITY CHARTER

Amendment Passed In Initial Form After Second Reading

COMMITTEE REGULATED

Four Members Will Receive $1 a Year and All Necessary Current Expenses

First steps toward bringing Spavinaw water to Tulsa were taken by the mayor and city commissioners Tuesday morning when they read for the second time and approved the charter amendment providing that Tulsa may go "within or without" the city to obtain water. Two auxiliary amendments provide for the election of a non-partisan water commission, and for the policing of any land that may be acquired or used by the city in obtaining water.

Discussion Warm.

The amendments were approved only after a spirited discussion of the non-partisan water commission. Fire and Police Commissioner J. M. Adkison contended that members of this commission should be limited in their expense accounts to a stated sum, preferably $1,000 a year. Other commissioners and the mayor were in favor of allowing "all expense incurred in the discharge of their duties as members of this commission."

The debate spread to the spectators, with whom the commission room was filled. S. R. Lewis declared there should be some limit, such as is customary with all large corporations in allowing expenses for their salesmen. John Haver, Murray Russell, C. H. Meshew and others urged that if a limit were set on expenses, the commission might not be able to carry on its work efficiently and obtain results that Tulsa citizens demand.

This was practically the only change in the original draft that was debated. In the end the amendment was passed in its first form, which provides that there shall be four water committeemen elected, two for two years and two for four years, and that they shall be entitled to compensation of $1 a year and expenses. The argument was advanced by several spectators that men who would be willing to serve on the board for $1 a year would be the kind of men that would not take advantage of any opportunity to "pad" their expense accounts.

Expenses are further safeguarded, according to amendment, which provides that they must be approved by a majority of the entire board, of which the city water commissioner is ex-officio chairman.

According to law, a copy of the amendment must be published for 21 consecutive days, following publication of the resolution. Then a resolution by the mayor and city commissioners calling a special election must be published ten consecutive days, making a total of 31 days required for publication alone. City officials estimated Tuesday that it would be some time during the first of November that the election will be held.

A suggestion by City Attorney Duncan that members of the commission be paid $10 for each meeting they attend met with strenuous objection from Finance Commissioner H. F. Newblock. Newblock said there was no limit upon the number of times they might meet each week, and that this clause might mean the addition of $25,000 a year to expenses, which would open a hole in the bond issue.

CLAIMS DEED FORGERY

Fanny Penny Sues For Fee Title to Tulsa County Land Alloted to Her by Dawes Commission.

Suit to clear title to the northeast quarter of 25-18-12, Tulsa county, was begun in district court Tuesday by Fannie Penny, nee Parks, against F. M. Allee and the unknown heirs of Shannon Douglas.

The petitioner alleges that a purported warranty deed to the property, made December 24, 1908, at the time she was 12 years of age, is a forgery and that an oil and gas lease made two days prior to that date, is also a forgery and not of force and effect as against her claims for fee title to the property.

Eugene Lorton Says Brown, Tulsa Banker, Missed His Calling

A telegram received Tuesday from Los Angeles, California, announcing the safe arrival in that fitless California city on Monday of Eugene Lorton and W. E. Brown, who, with their families, are making a motor trip from Tulsa to Portland, Oregon. The message of reassurance to their friends reads:

"Arrived here tonight. Actual running time eight days. Never got started before 9 or 10 o'clock any morning and never drove more than ten hours any day. W. E. Brown is supposed to be a banker at home but his real business is punching holes with a Packard car. We have all enjoyed the trip immensely and are feeling fine."

The party left Tulsa on September 19.

BRING FEDERAL FRAUD CHARGES

Olsan Brothers Accused of Mailing Bogus Acceptances

Charging Louis, Olsan, Joe Olsan and Bernard Olsan, former directors and officers of the defunct American National bank of this city with mailing fraudulent trades acceptances, an information was filed Tuesday by O. C. Pierce, local postoffice inspector, before C. L. Yancey, United States commissioner. Warrants for the arrest of the defendants have been issued and the brothers will be brought before the commissioner Wednesday for arraignment.

The charge is the result of alleged transactions of the Olsan brothers during the time they were in control of the bank. Last spring the Western Rope & Supply Co., by its president, B. M. Gessel, filed a criminal charge against the Olsans, alleging the latter cashed a trades acceptance check in favor of the rope company and appropriated the money, about $28,000, to their own use. The three men waived hearing before Justice H. J. Gray and were released under bond for trial by district court.

After filing this criminal information, Gessel conferred with the postal authorities with the result that inspector Pierce brought a federal charge of mailing fraudulent trades acceptance checks to total of $59,828 to the Mercantile Trust company of St. Louis, between the date of March 2 and March 10, 1920.

Grand Jury to Close Sessions and Report by End of This Week

Having completed a greater part of the work assigned to it, the Tulsa county grand jury will probably permanently adjourn the latter part of this week. Tuesday the jury considered many criminal cases which have been filed since its sessions began September 23, and today and tomorrow will further investigate the lynching of Roy Belton in this city August 28.

Assistant Attorney General King said yesterday the jury had received full information as to the action of Sheriff James Woolley, his deputies and members of the police force prior and immediately following the lynching of Belton. Report on the findings will be made the latter part of the week.

BLOOD-IRON PHOSPHATE HELPS THIN FOLKS PUT ON FLESH

If you are weak, thin and emaciated and can't put on flesh or get strong, no matter how much you eat, go to R. R. Clemens, or any other druggist, and get enough Blood-Iron Phosphate for three weeks' treatment—it costs only 56 cents a week—and take as directed. If at the end of three weeks you don't feel stronger and better than you have for months, if your eyes aren't brighter, and your nerves steadier; if you don't sleep better and your vim, vigor and vitality aren't more than doubled, or if you haven't put on several pounds of good stay-there flesh, you can have your money back for the asking and Blood-Iron Phosphate will cost you nothing.—Advt.

CITY STANDS PAT ON MACHINE SHOP

Refuses to Change Decision and Issue Permit for New Factory

Taking up the matter of a revoked building permit to A. B. Patterson for a machine shop at North Wheeling and the Frisco tracks, members of the real estate exchange appeared before the mayor and city commissioners at their meeting Tuesday morning to ask that the case be reopened and the decision reconsidered.

Real estate men agreed with the suggestion of Street Commissioner O. A. Steiner that an industrial zone be declared along the Frisco and Katy railroad tracks. However, city officials were not inclined to change their decision regarding Patterson's permit.

It was stated at Tuesday's meeting that unless favorable action is taken by the commission, Patterson may locate his plant at Muskogee. City officials contend that the rights of home owners in the affected district are as sacred and important as that of an industrial plant. The city ordinance provides that no objection shall be made by the commission if a petition is presented bearing signatures of a majority of property owners in a newly-established industrial district and removing objections to a plant's location there. Patterson did not secure such a petition, they said.

"Y" INSTRUCTION OFFERED

Students Enrolling Rapidly for Work in Various School Classes

Preparations for the opening of the fall classes of the Y. M. C. A. schools are completed, instructors engaged and students are enrolling daily, according to A. C. Doering, educational secretary. Several of the classes will start within the next week, the first being public speaking which will meet first Saturday evening.

educational secretary. Several of offered by the "Y" this year is one in petroleum engineering, under the direction of J. J. Doyle of the Cosden company. It will provide training for men who wish to enter any branch of the oil business and help them avoid some of the pitfalls.

HOW TO GET RID OF CATARRH

A Simple, Safe, Inexpensive Method That Clears Out the Head, Nose and Throat.

There is no disease more offensive or disagreeable or no disease that will lead to as much serious trouble as catarrh. You can get rid of it by a simple, safe, pleasant home remedy discovered by Dr. Blosser, a catarrh specialist.

Dr. Blosser's Remedy is composed of medicinal herbs, flowers and berries, which you smoke in a dainty pipe or cigarette. This smoke-vapor is inhaled into all the air passages of the head, nose, throat and lungs. It contains no cubebs or tobacco and may be used by women and children as well as men.

This medicated smoke carries medicine where sprays, douches and ointments cannot possibly reach. Its effect is soothing and healing and is entirely harmless.

If you are suffering from catarrh, asthma, catarrhal deafness or subject to frequent colds, you should try this Remedy without delay. Send ten cents (coin or stamps) to The Blosser Co., 412 MD, Atlanta Ga., and you will receive, by return mail, a trial package containing some of this Remedy made into cigarettes, also some of the powder and a neat little pipe.—Advt.

Divorce Judgment In McGuire Suit Goes to State Supreme Court

Overruling the motion of counsel for Mrs. Ruby Ridgeway McGuire for a new trail of the divorce suit against Bird S. McGuire, former congressman, Judge Owen Owen in district court Tuesday fixed the appeal bond at $20,000 and allowed counsel 30 days in which to make the appeal from the decision of the court. Mrs. McGuire was granted a divorce and alimony of $20,000, but she claims this is not an equitable share of her former husband's properties.

The case, which continued in district court for more than a week, resulted in the award to McGuire of the McGuire home in the country club district, valued at $50,000 and allowed the defendant to retain his interest in farms in Pawnee and Osage counties.

FOR HARDING-COOLIDGE

Citizens Desiring Membership in New Club to Boost Candidates Can Get Membership at Headquarters.

Are you a member of the Harding and Coolidge club?

If not, then it will require but a few minutes of your time to join and become affiliated with a club that has for its object the furtherance of true principles of Americanism.

Just call at republican headquarters, Fourth street and Boston avenue, first floor of the Kennedy building, and obtain your membership. Workers there will gladly explain the objects and principles of the club in detail.

Anyone may become a member of the club, regardless of party affiliations.

Many Hurt in Belfast Rioting.

BELFAST, Sept. 28.—Several persons were wounded in a fresh outbreak of rioting in this city today. Soldiers charged the mob with fixed bayonets and cleared the streets.

MEETING CALLED OF G. O. P. WOMEN

Precinct Committeewomen to Gather Saturday for Rportes

A meeting of republican precinct committee women of Tulsa county has been called for Saturday afternoon in the republican headquarters in the Kennedy building by Mrs. C. E. Lahman, chairwoman of the Tulsa county republican committee. Each committee woman will report on the organization in her precinct and the number of women registered. The republican candidates have been invited to be present. The meeting will begin at 2:30 o'clock.

Mrs. Lahman will be one of the members of a party of republican candidates which will drive to Jenks this morning for a meeting and to Bixby for a second meeting at 2:30 o'clock this afternoon. The Bixby meeting has been arranged by Mrs. Cora Moss, precinct committee woman.
