WORLD MARKET PAGE

BANKS OFFER NO HOPE FOR STOCKS

Continued Reaction Seen as Outcome of Long Credit Strain.

FINAL HOUR HEAVIEST.

Prices Tumbled Fast With New Low Records for Leading Issues.

NEW YORK, Nov. 9.—The stock market was again very feverish and unsettled Tuesday with many additions to the already impressive list of low records for the year, while U. S. Steel, long a recognized leader, fell to $3 1-4, its minimum quotation since 1917.

Liquidation was at its heights in the final hour, transactions for the period aggregating almost 400,000 shares. Selling was the most urgent in oils, steels, equipments and rails. Mexican Petroleum making a net loss of 10 points. Crucible, Vanadium, American Smelting, Baldwin Locomotive, Reading, Northern Pacific, Southern Pacific, U. S. Rubber, American Sugar, Tobacco Products and Retail Stores embraced the other weak issues, losing 1 1-2 to 5 1-2 points.

Banking interests, so far as they discussed the stock market at all, regarded the continued reaction as a logical corollary of existing financial, commercial and industrial conditions, but were hopeful of early relaxation of the long prevailing strain.

Independent Oil Stocks.

The closing bid and asked prices of independent oil stocks Tuesday on the New York curb, as reported by Houston, Fible & Co., were as follows:

	Bid	Asked
Atlantic Petroleum	3½	3¾

HEAVY SLUMP HITS COTTON

Market Unsettled During Greater Part of Day on Poor News.

NEW ORLEANS, Nov. 9. — The range of prices on the cotton market Tuesday was more than a cent a pound. The market broke wide open in the late trading, feeling much liquidation with the slumps in the stock and grain markets. On the close prices showed net losses on the day of 57 to 76 points.

Breaks of about a quarter of a cent a pound attended the early trading coming as the result of poor cables, pessimism over the low foreign exchange and further unfavorable accounts from the cotton goods markets of the country. On talk of a freeze for portions of the western belt heavy buying for long account appeared.

In the late trading selling suddenly came from all parts of the ring and prices crumbled.

GRAIN REACHES LOWEST PRICES

Bankers Discuss Curtailment to Force Grain on the Market.

CHICAGO, Nov. 9.—Wheat, corn and oats all sold Tuesday at the lowest figures in four years. Support was lacking and there was talk current that Kansas bankers were discussing a credit curtailment which would force much grain on the market. Wheat closed heavy, 6 1-4 to 7 1-2c net lower. Corn lost 2 7-8 to 3 1-2c, oats 1 1-8 to 2 3-8c.

At first the wheat market showed an upward tendency in response to rallies in foreign exchange.

Corn and oats were swayed by the action of wheat. Automatic stop loss selling orders did a good deal to accelerate the downward plunge of all cereals.

Chicago Futures.

Nichols Sells the Record.

Special to The World.

OILTON, Nov. 9.—It is reported here that Eli L. Admire, representative-elect of Creek county, and former owner of the Gusher, has purchased the Bristow Record from Lea M. Nichols, the consideration not being mentioned. The record is one of the best equipped plants in the county and if Mr. Admire assumes the ownership of the Record its politics will be strictly republican. It was not stated what time Mr. Admire would assume the editorial management of the paper and until he does Mr. Nichols will continue to run the paper.

Change Plans of Church.

Special to The World.

OILTON, Nov. 9.—The plans of the new Baptist church in this city have been changed, and the building which was to have been a brick, will be put up in stucco. The frame work of the structure is now about ready for the stucco work to be put on and Rev. L. L. Scott, better known as "Scottie," now believes that he will have his church building ready before winter weather gets here in real earnest. When completed this church will be much larger than either of the other church houses in this city.

Tank Cars

Studebaker

SPECIAL-SIX SEDAN

The SPECIAL-SIX Sedan has the combination of utility and comfort developed to a rare degree. It is a car of dignity, yet a most practical car for all purposes. This car is noted for its lightness and perfect balance which mean economy in gasoline and tires.

50-H. P. detachable-head motor; 119-inch wheelbase, giving maximum comfort for five passengers.

All Studebaker Cars are equipped with Cord Tires—another Studebaker precedent.

Safety Device Robs Gasoline of Terrors

The new gasoline safety device used as a fill and vent fitting for automobile tanks, portable tanks and underground tanks, was successfully demonstrated in Chicago recently. After pouring ten gallons of the high-test gasoline into a 35-gallon welded steel tank, a huge fire was built around it. Instead of an explosion of the tank, the filler cap, which is the safety device, automatically relieved the growing pressure of the tank, and a harmless flame like that of a gas-jet issued from the filler cap and remained burning until the fire burned itself out. The photograph shows the filler cap, which is made of brass tubing, the opening of which is protected by a brass screen of fine mesh.

Municipal Ambition.

Special to The World.

OILTON, Nov. 9.—Talk is being revived this early in the day concerning the coming spring election in regard to making Oilton a city of the first class, and it is thought that this will be one of the main features of the campaign. Many of the prominent business men are now in favor of the movement and it is that that it will carry by a big majority. Two of the reasons for it is that it will allow the property owners to pave a number of the business streets and also to have sidewalks and street crossings built in the city so that Oilton can secure the free mail delivery now offered by the government.

A fifth wheel has been patented which can be mounted on the back of an automobile to enable it to serve as a tractor for a horse drawn vehicle.

IS GAS PLENTY HERE

Capital of the Osages Is Well Fixed on Fuel While Lack Worries Its Neighbors.

PAWHUSKA, Nov. 9.—While many towns in Oklahoma are apprehensive of the shortage of fuel this winter, Pawhuska revels in an abundant gas supply, both actual and prospective. During the severe blizzards last winter there was never a time when over a half dozen, or at the outside, a dozen families in remote areas complained of an insufficient flow of gas. An additional station, placed at Fifteenth and Bevard streets, and a threeinch pipe line running from Eighteenth street station to a point beyond the new high school will give sufficient pressure to comfortably supply that building and residents in the northwestern limits.

In the western section of Palmer Highlands addition the one and one-half inch pipe has been taken up and a two-inch pipe laid. An effort was made to locate a station at a central point to afford the highest pressure in that section, but the property was not available. Pawhuska's gas supply has been more that sufficient to meet demands for domestic and industrial purposes. The problem has not been so much one of volume as of pressure, and the latter has been solved. Domestic users are paying 25 cents for gas, while the industrial charge has been reduced to 18 cents. In order to command the required volume in seasons of emergency the Pawhuska Oil & Gas Co., has a great well in reserve, for which it pays 20 cents for gas at the well.

The city of Pawhuska supplies its industrial plants with its own gas, having a concession of 20,000 acres undeveloped and a well to which an aditional four-inch pipe line is being laid to supply the new waterworks. In addition to this each month brings the discovery of gas wells on oil leases, to which oil companies can claim no right, and which may be purchased by the gas company at any time on payment of the net cost of the well.

PAST DIGNITARIES HONORED

Eastern Stars Stage Annual Event of Pleasure and Beauty.

PAWHUSKA, Nov. 9.—The past matrons and patrons of the Eastern Star had charge of the chapter work this week. This is an annual event of the order here and Mrs. J. L. Duncan had made this observance one of special pleasure and beauty. Baskets of purple, white and yellow chrysanthemums were placed about the room and the mantels were banked with autumn leaves and flowers. Each past matron and patron was presented with a purple and yellow chrysanthemum.

The initiatory degree was conferred upon Mrs. Ella Stewart by the past matrons and patrons of the chapter. Mesdames J. L. Duncan, J. D. Atkins, J. R. Spence, W. C. McCombs, J. W. Ferguson, William Wade, Frank Malone and M. L. Holcombe served a two-course luncheon consisting of chicken sandwiches, salad, pickles, ice cream, cake and coffee.

The past matrons and patrons present were Laura Tucker, Elsie M. Bruce, Nancy Ware, Florence Tucker, Bessie A. Loomer, Rose Stephens, Minnie McLaughlin, Mary Fay Overfield, Ida M. Seely, Melvina Payne, Mary Ferguson, Roberta Ludwick, Ada Clark, Louis Burnette, Grace Foote, H. M. Loomer, T. H. McLaughlin, Clark Tucker, Earl Smith, A. C. Seeley and J. L. Duncan.

Much Cotton Comes To Town.

Special to The World.

OILTON, Nov. 9.—Last Saturday was perhaps one of the biggest cotton days ever had in this city, there being in the neighborhood of 150 loads of cotton here. The greater share of the farmers had their cotton custom-ginned and took the bales home with them intending to hold them for better prices. It is estimated that there will be about one third more cotton raised in this section of Creek county than ever over before.

The city of Tunis obtains its water supply from the same source that supplied the ancient city of Carthage and still is using some of its cisterns.

The PRINCIPLES of PROFITABLE INVESTMENT

This bound book of 64 pages will help any man or woman to choose investments more wisely. It explains the fundamentals of investing, yet it is not "heavy" or tiresome—on the contrary it is intensely interesting. It will give you a "close-up" view of the stock market and explain how to make a substantial profit on listed stocks and bonds without the hazard of margin trading. "The Principles of Profitable Investment" will be mailed to you upon request.

Armistice Day at Oilton.

Special to The World.

OILTON, Nov. 9.—Arrangements are being made by Steele-Turner post, American Legion, and the public schools to observe Armistice day in a most befitting manner here. As the day has been declared a legal holiday the banks, all business houses and the schools will be closed and a program rendered by the schools and Legionaires, jointly. A big parade will also be one of the features of the day, if the weather permits.

Oilton Congratulates Itself.

OILTON, Nov. 9.—Oilton claims the distinction of nominating three of the candidates at the republican preferential convention in Bristow last May and now claims the honor of electing these same men, as it was the big majorities for all three of them made in Tiger precincts one and two, Oilton, that carried them over, each of their majorities in these two precincts being over 500.
