CUT IS DEMANDED IN STATE BILLS

Tulsa Taxpayers League Send Resolutions to State Senators

Repudiating and disproving the acts of Senator Davidson and other state senators favoring the large appropriation bills now before the state legislature, the Taxpayers Protective league of Tulsa county, by its executive committee, passed resolutions Monday condemning the actions of Senator Davidson and calling upon him to reduce proposed appropriations to reasonable and legitimate sums.

The resolutions recite the fact that the state revenues from all sources for the fiscal year ending June 30, 1922, is $18,000,000 and that appropriations totaling $26,000,000 are proposed. In view of this showing the league calls upon Senator Davidson and his followers to use moderation in these bills. Following is the resolution, signed by the committee, by Merritt J. Brown, its secretary:

BE IT RESOLVED BY THE TAXPAYERS PROTECTIVE LEAGUE OF TULSA COUNTY, OKLAHOMA:

WHEREAS, the revenues of the state of Oklahoma from all sources for the fiscal year ending June 30, 1922, will not exceed the sum of Eighteen Million Dollars ($18,000,000); and whereas, certain State Senators, including Senator R. L. Davidson of Tulsa County, are now attempting to secure the passage of appropriation bills appropriating more than Twenty-six Million Dollars ($26,000,000) at this special session of the legislature, and whereas, now is the time for economy and retrenchment; and whereas said senators are misrepresenting their constituents in urging large and unreasonable appropriations that are harmful and injurious to the state of Oklahoma;

BE IT THEREFORE RESOLVED BY THIS LEAGUE: That we disapprove and repudiate the acts of Senator Davidson and other state senators in reference to large appropriations. And we hereby call upon Senator Davidson to take a stand for economy and retrenchment at this time and to cut down said proposed appropriations to reasonable and legitimate sums for actual and necessary expenses of the state government.

BE IT RESOLVED FURTHER: That we commend the acts of Senators Rutherford, Hill and Glasser, in their efforts to prevent large and unreasonable appropriations by this legislature.

BE IT RESOLVED FURTHER: That a copy of these resolutions be mailed to each of the senators herein named.

CLASS ON FOUR DAY TRIP

Geology Students of U. of T. Will Camp in Arbuckle Mountains.

With kodaks, khaki, fishing tackle and camping utensils, three automobiles filled with boys and girls of the geology class of the University of Tulsa hit the trail toward the Arbuckle mountains near Ardmore, 200 miles from Tulsa, early Tuesday morning. The students were chaperoned by Dr W. H. Foster, head of the department of geology at the university, and they will be gone four days, returning to Tulsa Saturday.

Professor Foster has taken his students on several field trips, but none have been for more than one day, and this year's class is the first to undertake a trip for any considerable length of time. Among the students who made the trip were Shine Martin, Joyce Handley, Edo Witty, Charles Keck, Leo Lahham, Arthur Snyder, Harold McMahon, Hawley Kerr, Joe Bernstein, Ruby May Jones and Telma Lee. The students will stay in a building constructed by the students of the Oklahoma university for camping purposes.

Degree Conferred Upon Tulsa School Head by U. of T. Tuesday.

Conferring of the degree of doctor of laws on E. E. Oberholtzer, superintendent of the city schools, in recognition of his achievement in leading Tulsa schools to their present high standing, was voted by the executive committee of the board of trustees of the University of Tulsa at their regular meeting Tuesday afternoon. The LL. D. degree will be formally granted at the commencement exercises May 31. Announcement of the step will come as a surprise to Mr. Oberholtzer as the action was unsolicited and Mr. Oberholtzer has had no intimation that it was contemplated by the trustees.

The same degree is to be conferred this commencement on Miss Alice Robertson, congresswoman from Oklahoma, who will make an effort to be here for the occasion, according to word sent Dr. J. M. Gordon of the university. The degrees will be the first of this kind ever granted by the local institution.

OIL TARIFF DEMANDED

Speakers Before Purchasing Agents Say Nation Must be Protected From Mexican Production.

America's oil industry should have protection in the form of a tariff from the stream of crude oil pouring practically unhampered into this country from old Mexico, was the gist of exhaustive talks on the need of a tariff on Mexican crude oil made at the regular meeting of the Purchasing Agents association of Oklahoma Tuesday night by John R. Hadley and C. J. Wrightsman.

Mr. Hadley, who recently entered argument and plea for this form of tariff before the ways and means committee of the house of representatives in Washington, after showing in actual figures the loss entailed to the state and national government through the oil importations from Mexico, declared that the oil men in Oklahoma, who pay excess profit and gross production taxes, should be protected on the ground of taxes alone from Mexican crude oil, paying nothing into the coffers of the country, and further that not only the actual producers of oil but all employes of the industry and all business men in the oil country indirectly are affected adversely by this condition.

A tariff on oil is but a stepping stone towards stabilizing the oil market of the whole world and incidentally keeping peace, Mr. Wrightsman said.
