STOCKS CONTINUE IN DULL TREND

Pronounced Railroad Gain for Some Carriers Is Only Encouragement

NEW YORK, May 31—Business on the stock exchange today was characterized by a continuance of last week's dullness and pronounced trend. Traders evidently was waiting to after close attitude of peace mission.

About the only encouraging feature was the publication of numerous railroad returns for April, some of which disclosed prominent gains in earnings.

Leaders of the group—oil, steel, equipment, copper, sugar, motor and chemical stocks—ran for fractional reactions of one to six points from points. Some of the best prominent issues of miscellaneous lines were lower to two to seven points, general heaviness ruling at the close. Sales amounted to 350,000 shares.

Banks were less liberal with loans of call money.

Most loans of that nature were made at 7 per cent, but the rate again rose to 7 1-2 per cent in the last few minutes of the session.

The feature of the irregular to heavy bond market was another new low record for Liberty 3 1-2's at $87.44. The foreign bond list was a little steadier than recently, Japanese and Mexicans making slight gains. Total sales, par value, $11,375,000.

AGREE ON A SLIDING SCALE

Farmers and Threshermen Have Arrived at Understanding

MIAMI, May 31.—According to A. P. Mahuring of the county farm bureau, the farmers in some parts of the county have agreed with the threshing machine men on a sliding scale of prices for threshing grain this summer.

It is stated that the Aurora farmers will pay a minimum price of six cents per bushel for threshing wheat, six and one-half cents for wheat at $1 and less than $1.50 per bushel, and seven cents for $1.50 wheat. They agreed on three cents per bushel for oats at present prices, three and one-half cents for 50-cent oats, and four cents for oats selling at 75 cents per bushel, or higher. Other communities are expected to fix similar prices.
